

flooding that occurred on July 27, 2001 and continued through August 22, 2001.

In addition, applications for economic injury loans from small businesses located in the following contiguous counties may be filed until the specified date at the previously designated location: Fayette and Tipton counties in Tennessee; Crittenden County in Arkansas; and DeSoto and Marshall counties in Mississippi. All other contiguous counties have been previously declared.

For economic injury the number is 9M4700 for Arkansas and 9M4800 for Mississippi.

All other information remains the same, i.e., the deadline for filing applications for physical damage is October 15, 2001, and for loans for economic injury the deadline is May 16, 2002.

(Catalog of Federal Domestic Assistance Program Nos. 59002 and 59008)

Dated: August 28, 2001.

Herbert L. Mitchell,

Associate Administrator for Disaster Assistance.

BILLING CODE 8025-01-P

DEPARTMENT OF STATE

[Public Notice 3740]

U.S. Advisory Commission on Public Diplomacy; Notice of Meeting

The U.S. Advisory Commission on Public Diplomacy will meet on Wednesday, September 19, 2001, in Room 600, 301 4th St., SW., Washington, DC from 3:30 p.m. to 5 p.m.

The Commission will discuss public diplomacy strategies as they relate to the Middle East peace process and U.S. policies toward Iraq.

Members of the general public may attend the meeting, although attendance of public members will be limited to the seating available. Access to the building is controlled, and individual building passes are required for all attendees. Persons who plan to attend should contact Bruce Gregory at (202) 619-4457.

Dated: August 27, 2001.

Bruce Gregory,

U.S. Advisory Commission on Public Diplomacy, U.S. Department of State.

BILLING CODE 4710-11-P

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

Reports, Forms and Recordkeeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: Office of the Secretary, DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended), this notice announces the Department of Transportation's (DOT) intention to request the extension of a previously approved collection.

DATES: Comments on this notice must be received by October 4, 2001 to: Attention DOT/OST Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Mr. James E. Ware, US Department of Transportation, (202) 366-2019, 400 Seventh Street, SW., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

Office of the Secretary

Title: Relocation Assistance and Real Property Acquisition Regulations For Federal and Federally Assisted Programs.

OMB Control Number: 2105-0508.

Affected Public: Federal Government State, Local or Tribal Government, individuals, business, farms and not-for-profit institutions.

Annual Estimated Burden: 29,043.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC on August 28, 2001.

Michael Robinson,

Information Resource Management, United States Department of Transportation.

BILLING CODE 4910-62-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Approval of Noise Compatibility Program; Colorado Springs Airport; Colorado Springs, CO

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its findings on the noise compatibility program submitted by the Director of Aviation for Colorado Springs Airport under the provisions of 49 U.S.C. 47504(b) and 14 CFR part 150. These findings are made in recognition of the description of Federal and non-Federal responsibilities in Senate Report No. 96-52 (1980). On February 8, 2001, the FAA determined that the noise exposure maps submitted by the Director of Aviation under part 150 were in compliance with applicable requirements. On August 7, 2001, the Associate Administrator for Airports approved the Colorado Springs Airport noise compatibility program. All of the program elements were approved.

EFFECTIVE DATE: The effective date of the FAA's approval of the Colorado Springs Airport noise compatibility program is August 7, 2001.

FOR FURTHER INFORMATION CONTACT: Dennis G. Ossenkop; Federal Aviation Administration; Northwest Mountain Region; Airports Division, ANM-611; 1601 Lind Avenue, SW., Renton, Washington, 98055-4056. Documents reflecting this FAA action may be reviewed at this same location.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA has given its overall approval to the noise compatibility program for Colorado Springs Airport, effective August 7, 2001. Under 49 U.S.C. 47504(a) an airport operator who has previously submitted a noise exposure map may submit to the FAA a noise compatibility program which sets forth the measures taken or proposed by the airport operator for the reduction of existing noncompatible land uses and prevention of additional noncompatible land uses within the area covered by the noise exposure maps. 49 U.S.C. 47503(a)(1) requires such a program to be developed in consultation with interested and affected parties including the state, local communities, government agencies, airport users, and FAA personnel.

Each airport noise compatibility program developed in accordance with Federal Aviation Regulation (FAR) part

150 is a local program, not a Federal program. The FAA does not substitute its judgment for that of the airport proprietor with respect to which measures should be recommended for action. The FAA's approval of disapproval of FAR part 150 program recommendations is measured according to the standards expressed in part 150 and the Act and is limited to the following determinations:

a. The noise compatibility program was developed in accordance with the provisions and procedures of FAR part 150.

b. Program measures are reasonably consistent with achieving the goals of reducing existing noncompatible land uses around the airport and preventing the introduction of additional noncompatible land uses;

c. Program measures would not create an undue burden on interstate or foreign commerce, unjustly discriminate against types or classes of aeronautical uses, violate the terms of airport grant agreements, or intrude into areas preempted by the Federal Government; and

d. Program measures relating to the use of flight procedures can be implemented within the period covered by the program without derogating safety, adversely affecting the efficient use and management of the navigable airspace and air traffic control systems, or adversely affecting other powers and responsibilities of the Administrator prescribed by law.

Specific limitations with respect to FAA's approval of an airport noise compatibility program are delineated in FAR part 150, section 150.5. Approval is not a determination concerning the acceptability of land uses under Federal, state, or local law. Approval does not by itself constitute a FAA implementing action. A request for Federal action or approval to implement specific noise compatibility measures may be required, and an FAA decision on the request may require an environmental assessment of the proposed action. Approval does not constitute a commitment by the FAA to financially assist in the implementation of the program nor a determination that all measures covered by the program are eligible for grant-in-aid funding from the FAA. Where Federal funding is sought, requests for project grants must be submitted to the FAA Airports District Office in Denver, Colorado.

The Director of Aviation for Colorado Springs Airport submitted to the FAA the noise exposure maps, descriptions, and other documentation produced during the noise compatibility planning study conducted at Colorado Springs

Airport. The Colorado Springs noise exposure maps were determined by FAA to be in compliance with applicable requirements of February 8, 2001. Notice of this determination was published in the **Federal Register** on February 20, 2001.

The Colorado Springs Airport noise compatibility program contains a proposed noise compatibility program comprised of actions designed for phased implementation by airport management and adjacent jurisdictions from the date of study completion to the year 2002. It was requested that the FAA evaluate and approve this material as a noise compatibility program as described in 49 U.S.C. 47504(a). The FAA began its review of the program on February 8, 2001, and was required by a provision of 49 U.S.C. 47504(b) to approve or disapprove the program within 180 days (other than the use of new flight procedures for noise control). Failure to approve or disapprove such program within the 180-day period shall be deemed to be an approval of such program.

The submitted program contained seven proposed actions for noise mitigation on and off the airport. The FAA completed its review and determined that the procedural and substantive requirements of 49 U.S.C. 47504(b) and FAR 150 have been satisfied. The overall program, therefore, was approved by the the Associated Administrator for Airports effective August 7, 2001. These determinations are set forth in detail in a Record of Approval endorsed by the Associate Administrator for Airports on August 7, 2001. The Record of Approval, as well as other evaluation materials and the documents comprising the submittal are available for review at the FAA office listed above and at the administrative offices of the Colorado Springs Airport.

Issued in Renton, Washington, on August 20, 2001.

Lowell H. Johnson,

Manager, Airports Division, Northwest Mountain Region.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** notice with a 60-day comment period was published on December 13, 2000 (65 FR 77958-77959).

DATES: Comments must be submitted on or before October 4, 2001.

FOR FURTHER INFORMATION CONTACT: Walter Culbreath at the National Highway Traffic Safety Administration, (NAD-40), 202-366-1566. 400 Seventh Street, SW., Room 6132, Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration

Title: National Survey of Drinking and Driving Attitudes & Behaviors—2001
OMB Number: 2127—New.

Type of Request: New information collection requirement.

Abstract: An agency goal is to reduce the number of alcohol related fatalities from 15,786, in 1999, to 11,000 by the year 2005. In support of this goal, NHTSA has conducted over past decade a series of bi-annual surveys of the driving-aged public (aged 16 or older) to identify patterns and trends in public attitudes and behaviors towards drinking and driving and public reaction to alcohol countermeasures aimed at reducing the occurrence of drinking and driving and alcohol related crashes. The proposed study, to be administered in the 3rd quarter of 2001, and the sixth in this series of biennial survey's will collect data on topics included in the first five studies (and several additional topics), including: frequency of drinking and driving and of riding with an impaired driver, ways to prevent drinking and driving, enforcement of drinking and driving laws including the use of sobriety checkpoints, understanding of BAC levels and legal limits, and crash and injury experience.

Affected Public: Randomly selected members of the general public aged sixteen and older in telephone households.

Estimated Total Annual Burden: 1,680.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of
