DEPARTMENT OF HEALTH AND HUMAN SERVICES**Office of the Secretary****Secretary's Advisory Committee on Regulatory Reform; Notice of Intent to Establish**

ACTION: Notice of intent to establish a Secretarial Advisory Committee on Regulatory Reform.

SUMMARY: This notice is published in accordance with Section 9(a)(2) of the Federal Advisory Committee Act. Notice is hereby given that the Secretary of the Department of Health and Human Services intends to establish an

Advisory Committee on Regulatory Reform.

FOR FURTHER INFORMATION CONTACT:

Christy Schmidt, Executive Coordinator, Secretary's Advisory Committee on Regulatory Reform, Office of the Assistant Secretary for Planning and Evaluation, 200 Independence Avenue, SW., Room 415F, Washington, DC, 20201, (202) 690-7858.

SUPPLEMENTARY INFORMATION: The Department of Health and Human Services (HHS) seeks to ensure that its programs and the activities they are designed to foster are effective and efficient, have broad impact on the intended clientele, and are readily accessible to them. To that end, HHS is examining its array of regulations with a view to identifying opportunities for reforms that will maintain or enhance program performance in selected mission areas and at the same time reduce burdens and costs on effected entities. The Secretary, therefore, is establishing an Advisory Committee on Regulatory Reform.

This Committee is governed by the provisions of the Federal Advisory Committee Act, Public Law 92-463, as amended (5 U.S.C. Appendix 2), which sets forth standards for the formation of advisory committees and implementing regulations (41 CFR part 102-3).

The Secretary's Advisory Committee on Regulatory Reform will provide findings and recommendations to the Secretary regarding potential regulatory changes. As part of their responsibilities, the Committee will hold regional public hearings and solicit public comments regarding HHS regulations that involve health care delivery, operations, health and biomedical research as well as the development of pharmaceuticals and other medical products. The Committee shall (a) review candidate regulatory changes identified through the regional hearings, through solicitations of written comments from the public, or through consultation with HHS staff and (b) advise whether, if effected, these candidate changes would have beneficial results. As appropriate, the Committee shall consider the potentially most beneficial regulatory reforms further and advise the Secretary regarding their priority for implementation.

The Committee shall consist of not more than 20 members including the Chairperson or Co-Chairpersons. Appointments shall be made by the Secretary from authorities knowledgeable in the fields of health care delivery, health systems operations, advocacy for patients' interests, health

insurance, development of pharmaceuticals and other medical products, and biomedical and health services research. Attention shall be given to equitable geographic distribution and to ethnic and gender representation.

The Committee shall meet three times unless, after consultation with the Chairperson or Co-Chairpersons, the Secretary determines that additional meetings are necessary to fulfill the purpose of the Committee. All meetings shall be at the call of the Chairperson or Co-Chairpersons. An official of the federal government shall be present at all meetings. Meetings shall be open to the public. Advance notice of all meetings shall be given to the public. Meetings shall be conducted and records of proceedings shall be kept in accordance with applicable laws and Departmental regulations.

Unless renewed by appropriate action prior to its expiration, the Secretary's Advisory Committee on Regulatory Reform shall terminate on [insert date one year from charter approval].

Dated: August 29, 2001.

Tommy G. Thompson,
Secretary.

Fees for Sanitation Inspections of Cruise Ships

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: This notice announces fees for vessel sanitation inspections for fiscal year 2002 (October 1, 2001, through September 30, 2002).

EFFECTIVE DATE: October 1, 2001.

FOR FURTHER INFORMATION CONTACT: David L. Forney, Chief, Vessel Sanitation Program, National Center for Environmental Health, Centers for Disease Control and Prevention (CDC), 4770 Buford Highway, NE, Mailstop F-16, Atlanta, Georgia 30341-3724, telephone (770) 488-7333, E-mail: Dforney@cdc.gov.

SUPPLEMENTARY INFORMATION:

Purpose and Background

The fee schedule for sanitation inspections of passenger cruise ships

currently inspected under the Vessel Sanitation Program (VSP) was first published in the **Federal Register** (52 FR 45019) on November 24, 1987, and CDC began collecting fees on March 1, 1988. Since then, CDC has published the fee schedule annually. This notice announces fees effective October 1, 2001.

The formula used to determine the fees is as follows:

Average cost per inspection = Total Cost of VSP divided by Weighted Number of Annual Inspections.

The average cost per inspection is multiplied by a size/cost factor to determine the fee for vessels in each size category. The size/cost factor was established in the proposed fee schedule published in the **Federal Register** (52 FR 27060) on July 17, 1987, and revised in a schedule published in the **Federal Register** (54 FR 48942) on November 28, 1989. The revised size/cost factor is presented in Appendix A.

Fee

The fee schedule is presented in Appendix A and will be effective October 1, 2001, through September 30, 2002. This fee schedule represents a 4.3% increase over the current fee schedule, which became effective October 1, 2000. The increase is primarily due to substantial increases in the cost of air transportation and personnel. If travel expenses continue to increase, it may be necessary to readjust the fees before September 30, 2002, since travel constitutes a sizable portion of the program's costs. If such a readjustment in the fee schedule is necessary, a notice will be published in the **Federal Register** 30 days before the effective date.

Applicability

The fees will be applicable to all passenger cruise vessels for which inspections are conducted as part of CDC's VSP.

Dated: August 27, 2001.

James D. Seligman,
Associate Director for Program Services,
Centers for Disease Control and Prevention (CDC).
