

the particular application to which the filing refers. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

p. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

David P. Boergers,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Notice of Application for Amendment of License and Soliciting Comments, Motions to Intervene, and Protests

August 29, 2001.

a. *Application Type:* Revised Exhibit G for Turners Falls Project.

b. *Project No.:* 2622-010.

c. *Date Filed:* August 16, 2001.

d. *Applicant:* International Paper Company.

e. *Name of Project:* Turners Falls Project.

f. *Location:* The project is located on the Turners Falls Canal off the Connecticut River in Franklin County, Massachusetts.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Michael Chapman, International Place II, 6400 Poplar Avenue, 6400 Poplar Avenue, TN 38197. Tel: (901) 763-5888.

i. *FERC Contact:* Any questions on this notice should be addressed to Mr. Vedula Sarma at (202) 219-3273 or by e-mail at vedula.sarma@ferc.fed.us.

j. *Deadline for filing comments and/or motions:* (September 30, 2001).

All documents (original and eight copies) should be filed with: David P. Boergers Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

Please include the project number (2622-010) on any comments or motions filed.

k. *Description of Filing:* The Commission in a July 2, 2001 order (International Paper Company and Turners Falls Hydro LLC, 96 FERC ¶ 61,007) ordered the licensee, International Paper Company, to file for approval a revised Exhibit G, showing the buildings or other facilities constituting licensed project structures, accompanied by an explanation of the basis for the licensee's determination.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, D.C. 20426, or by calling (202) 208-1371. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). A copy is also available for inspection and reproduction at the address in item h above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", OR "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be

obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

David P. Boergers,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Notice of Applications Ready for Environmental Analysis and Soliciting Comments, Recommendations, Terms and Conditions, and Prescriptions

August 29, 2001.

Take notice that the following hydroelectric applications have been filed with the Commission and are available for public inspection.

a. *Type of Application:* New Major License.

b. *Project No.:* 2031-046.

c. *Date Filed:* August 30, 2000.

d. *Applicant:* Springville City, Utah.

e. *Names of Project:* Bartholomew Hydroelectric Project.

f. *Location:* Northeast of Springville City, within Bartholomew Canyon and on Hobbie Creek, in Utah County, Utah. The project is partially situated on federal lands within the Uinta National Forest.

g. *Filed Pursuant to:* Federal Power Act, 16 USC §§ 791(a)-825(r).

h. *Applicant Contact:* Matthew Cassel at Psomas Consultants, 2825 East Cottonwood Parkway, #120, Salt Lake City, Utah 84121 Telephone (801) 270-5777.

i. *FERC Contact:* Jim Haimes, james.haimes@ferc.fed.us (202) 219-2780.

j. *Deadline for Filing Comments, Recommendations, Terms and Conditions, and Prescriptions:* 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission

to serve a copy of that document on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, the intervenor also must serve a copy of the document on that resource agency.

k. Status of Environmental Analysis: These applications have been accepted for filing and are ready for environmental analysis at this time.

l. Description of the Project: The project, which does not include a dam or reservoir, operates using relatively small quantities of water removed from underground springs or small creeks located at high elevations and then transported via buried penstocks to three powerhouses and a powerhouse addition having a combined installed capacity of 2,000 kilowatts (kW). The project produces an average of approximately 4,653,000 kilowatt-hours of energy per year, primarily during the high runoff season each spring. Flows used to generate electricity either are diverted to the licensee's water distribution system for domestic and industrial consumption or are released into Hobbler Creek.

The project's generating facility at the highest elevation is Upper Bartholomew powerhouse. Constructed in 1992, it is a 25-foot-long by 17-foot-wide, partially buried, concrete structure containing one turbine with an hydraulic capacity of 10 cubic feet per second (cfs) and a 900-foot gross head that drives one 200-kW generator.

Downhill, at the south end of Bartholomew Canyon, is the project's original generating facility, Lower Bartholomew Powerhouse. Constructed in 1948, this 80-foot-long by 28-foot-wide, brick and masonry structure contains one turbine with an hydraulic capacity of 16 cfs and a 980-foot gross head. The turbine powers one 500-kW generator.

Constructed in 1987, Lower Bartholomew Powerhouse Annex is a brick and masonry addition to the original powerhouse containing one turbine having an hydraulic capacity of 28 cfs and a 980-foot gross head. The turbine drives one 1,000-kW generator.

The project facility at the lowest elevation is Hobbler Creek powerhouse, located in the lower portion of Hobbler Creek Canyon. Constructed in 1950, this 35-foot-long by 30-foot-wide, masonry structure contains two turbines having a combined hydraulic capacity of 38 cfs and a 135-foot gross head. These turbines drive one 300-kW generator.

The project also includes the following two transmission facilities: (1)

a 5.9-mile-long line, which includes one 1-mile-long, underground segment and a 4.9-mile-long overhead segment, from Upper Bartholomew powerhouse to Hobbler Creek powerhouse; and (2) a 6.9-mile-long, 12.47-kilovolt, underground cable from Lower Bartholomew powerhouse to Springville City's electric distribution system.

The City proposes to continue diverting water from underground springs in Bartholomew Canyon to generate hydropower and to obtain culinary quality water for the City's municipal water supply system. In addition, the City proposes to continue diverting flows from the left and right forks of Hobbler Creek to generate electricity at its existing 300-kilowatt (kW) Hobbler Creek powerhouse.

m. Locations of the Application: Copies of each of the application are available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, D.C. 20246, or by calling (202) 208-1371. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance).

n. Filing and Service of Responsive Documents—The Commission directs, pursuant to Section 4.34(b) of the Regulations (see Order No. 533 issued May 8, 1991, 56 FR 23108, May 20, 1991) that all comments, recommendations, terms and conditions, and prescriptions concerning the application be filed with the Commission within 60 days from the issuance date of this notice. All reply comments must be filed with the Commission within 105 days from the date of this notice.

Anyone may obtain an extension of time for these deadlines from the Commission only upon a showing of good cause or extraordinary circumstances in accordance with 18 CFR 385.2008.

All filings must: (1) bear in all capital letters the title "COMMENTS", "REPLY COMMENTS", "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person submitting the filing; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments,

recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Each filing must be accompanied by proof of service on all persons listed on the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b), and 385.2010.

David P. Boergers,

Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7047-9]

FY02 Wetland Program Development Grants Guidelines

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The Wetland Program Development Grants (WPDGs), initiated in FY90, provide eligible applicants an opportunity to conduct projects that promote the coordination and acceleration of research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, reduction, and elimination of water pollution. While WPDGs can continue to be used by recipients to build and refine any element of a comprehensive wetland program, priority will be given to funding projects that address the three priority areas identified by EPA for FY02: Developing a comprehensive monitoring and assessment program; improving the effectiveness of compensatory mitigation; and refining the protection of vulnerable wetlands and aquatic resources.

This year, in addition to States, Tribes, local governments (S/T/LGs), interstate associations, and intertribal consortia, eligibility is broadened to include national non-profit, non-governmental organizations. This document governs the grant selection and award process for eligible applicants interested in applying for FY02 WPDGs.

FOR FURTHER INFORMATION CONTACT: Connie Cahanap, Office of Wetlands, Oceans, and Watersheds, Wetlands Division (MC 4502F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW, Washington,
