14 CFR Part 71

[Airspace Docket No. 01-ASO-3]

Proposed Establishment of Class E5 Airspace; Reform, AL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document proposes to establish Class E5 airspace at Reform, AL. A Area Navigation (RNAV) Global Positioning System (GPS) Runway (RWY) 19 Standard Instrument Approach Procedure (SIAP) has been developed for North Pickens Airport, Reform, AL. As a result, controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain the SIAP and other Instrument Flight Rules (IFR) operations at North Pickens Airport. The operating status of the airport would change from Visual Flight Rules (VFR) to include IFR operations concurrent with the publication of the SIAP.

DATES: Comments must be received on or before October 5, 2001.

The Proposal

The FAA is considering an amendment to Part 71 of the Federal

Aviation Regulations (14 CFR part 71) to establish Class E5 airspace at Reform, AL. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of FAA Order 7400.9H, dated September 1, 2000, and effective September 16, 2000, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

International Services Surveys: BE-48, Annual Survey of Reinsurance and Other Insurance Transactions by U.S. Insurance Companies With Foreign Persons

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice sets forth proposed rules to amend the reporting requirements for the BE-48, Annual Survey of Reinsurance and Other Insurance Transactions by U.S. Insurance Companies with Foreign Persons.

The BE-48 survey is conducted by the Bureau of Economic Analysis (BEA), U.S. Department of Commerce, under the International Investment and Trade in Services Survey Act. The data are needed to support U.S. trade policy initiatives; compile the U.S. international transactions, national income and product, and input-output accounts; assess U.S. competitiveness in international trade in services; and improve the ability of U.S. businesses to identify and evaluate market opportunities.

BEA proposes to raise the exemption level for the BE-48 survey to \$2 million in either reinsurance premiums, received or paid; reinsurance losses, paid or recovered; primary insurance

premiums received; or primary insurance losses paid, from \$1 million on the previous (2000) survey. Raising the exemption level will reduce respondent burden, particularly for small companies.

DATES: Comments on these proposed rules will receive consideration if submitted in writing on or before November 5, 2001.

ADDRESSES: Mail comments to the Office of the Chief, International Investment Division (BE-50), Bureau of Economic Analysis, U.S. Department of Commerce, Washington DC 20230, or hand delivered to room M-100, 1441 L Street, NW., Washington, DC 20005. Comments will be available for public inspection in room 7005, 1441 L Street, NW., between 8:30 a.m. and 4:30 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: R. David Belli, Chief, International Investment Division (BE-50), Bureau of Economic Analysis, U.S. Department of Commerce, Washington, DC 20230; phone (202) 606-9800.

SUPPLEMENTARY INFORMATION: These proposed rules amend 15 CFR part 801 by revising § 801.9(b)(4)(ii) to set forth revised reporting requirements for the BE-48, Annual Survey of Reinsurance and Other Insurance Transactions by U.S. Insurance Companies with Foreign Persons. The survey is conducted by the Bureau of Economic Analysis (BEA), U.S. Department of Commerce, under the International Investment and Trade in Services Survey Act (Pub.L. 94-472, 90 Stat. 2059, 22 U.S.C. 3101-3108, as amended). Section 3103(a) of the Act provides that "The President shall, to the extent he deems necessary and feasible— * * * (1) conduct a regular data collection program to secure current information * * * related to international investment and trade in services * * *" In Section 3 of Executive Order 11961, as amended by Executive Order 12518, the President delegated the authority under the Act as concerns international trade in services to the Secretary of Commerce, who has redelegated it to BEA.

The BE-48 is an annual survey of U.S. reinsurance and other insurance transactions with unaffiliated foreign persons. The data are needed to support U.S. trade policy initiatives; compile the U.S. international transactions, national income and product, and input-output accounts; assess U.S. competitiveness in international trade in services; and improve the ability of U.S. businesses to identify and evaluate market opportunities.

Under the proposed rule, reporting in the BE-48 annual survey would be

required from all U.S. persons whose reinsurance premiums, received or paid; reinsurance losses, paid or recovered; primary insurance premiums received; or primary insurance losses paid exceeded \$2 million during the reporting year. The proposed exemption level is an increase from the current level of \$1 million. The increase is intended to reduce respondent burden, particularly for small companies. The data collected on the BE-48 are disaggregated by country and by type of insurance transaction.

Paperwork Reduction Act

These proposed rules contain a collection of information requirement subject to the Paperwork Reduction Act. A request for review of the forms has been submitted to the Office of Management and Budget under section 3507 of the Paperwork Reduction Act.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection displays a currently valid OMB Control Number.

Public reporting burden for this collection of information is estimated to vary from less than one hour to 20 hours, with an overall average burden of 4 hours. This includes time for reviewing the instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
