Background

On July 12, 2001, the Department published the final results of administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof (AFBs) from France, Germany, Italy, Japan, Sweden, and the United Kingdom (66 FR 36551). We invited interested parties to comment on our final results. Based on a timely comment we received from a respondent, INA Wälzlager Schaeffler oHG (INA), we are now amending the final results of review with respect to the order covering cylindrical roller bearings (CRBs) from Germany. The period of review (POR) for this order is May 1, 1999, through December 31, 1999.

On July 11, 2001, we received a letter from INA stating that it had reviewed the Department's disclosure materials and found a ministerial error. Specifically, INA alleged that the Department in its final results inadvertently used the wrong variable in its computer program to identify whether INA's home-market customers are affiliated or unaffiliated. We reviewed INA's allegation and agree with INA; therefore, we are amending the final results of review for CRBs from Germany. For more information, see analysis memorandum from analyst to file dated August 9, 2001.
