

and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Industries and local governments, as POTWs, discharging toxic pollutants to waters in the Great Lakes System as defined in 40 CFR 132.2; the governments of the eight Great Lakes States (Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania, Wisconsin); and the Federal government.

Estimated Number of Respondents: 588 major industrial and POTW dischargers, and 3,207 minor dischargers.

Frequency of Response: varies depending on dischargers effluent characteristics.

Estimated Total Annual Hour Burden: 43,395 hours.

Estimated Total Annualized Operating and Maintenance Cost Burden: \$2,776,407 Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the addresses listed above. Please refer to EPA ICR No.1639.04 and OMB Control No. 2040-0180 in any correspondence.

Dated: August 29, 2001.

Oscar Morales,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7051-5]

Underground Injection Control Program; Hazardous Waste Injection Restrictions; Petition for Exemption—Class I Hazardous Waste Injection; Ticona Polymers, Inc.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final decision on no migration petition reissuance.

SUMMARY: Notice is hereby given that an exemption to the land disposal

restrictions under the 1984 Hazardous and Solid Waste Amendments to the Resource Conservation and Recovery Act has been granted to Ticona Polymers, Inc. (Ticona) for three Class I injection wells located at Bishop, Texas. As required by 40 CFR part 148, the company has adequately demonstrated to the satisfaction of the Environmental Protection Agency by the petition and supporting documentation that, to a reasonable degree of certainty, there will be no migration of hazardous constituents from the injection zone for as long as the waste remains hazardous. This final decision allows the underground injection by Ticona, of the specific restricted hazardous wastes identified in the exemption, into Class I hazardous waste injection wells Nos. WDW-210, WDW-211, and WDW-212 at the Bishop, Texas facility, until December 31, 2020. As required by 40 CFR 148.22(b) and 124.10, a public notice of the proposed no migration exemption decision was issued June 28, 2001. The public comment period began on June 28, 2001 and closed on August 13, 2001. No comments were received. This decision constitutes final Agency action and there is no Administrative appeal. This decision may be judicially reviewed under the Federal Administrative Procedure Act, 5 U.S.C. 704.

DATES: This action is effective as of August 28, 2001.

ADDRESSES: Copies of the petition and all pertinent information relating thereto are on file at the following location: Environmental Protection Agency, Region 6, Water Quality Protection Division, Source Water Protection Branch (6WQ-S), 1445 Ross Avenue, Dallas, Texas 75202-2733.

FOR FURTHER INFORMATION CONTACT: Philip Dellinger, Chief Ground Water/UIC Section, EPA—Region 6, telephone (214) 665-7165.

Sam Becker,

Acting Division Director, Water Quality Protection Division.

Workgroup and Study Assembly Meetings for the Longitudinal Cohort Study of Environmental Effects on Children

AGENCY: Environmental Protection Agency.

ACTION: Notice of public meeting: Workgroup and Study Assembly Meetings regarding a longitudinal cohort study of environmental effects on mothers and children.

SUMMARY: The Environmental Protection Agency (EPA) is announcing a two-day meeting co-sponsored by the Department of Health and Human Services (DHHS). IQ Solutions, Inc., a government contractor, is coordinating the logistics of the meetings. Members of Workgroups focusing on various issues related to study planning will meet on the first day, and the second day will be a meeting of the Study Assembly. The purpose of the Study Assembly meeting is to discuss the status of planning a longitudinal cohort study of environmental effects on the health and well-being of children. Content of the meeting will include development of planning for the study thus far, and reports on specific issues including, for example, proposed hypotheses for the study, issues of longitudinal cohort design, information technology, and ethical issues.

The Study Assembly is made up of all stakeholders interested in this study. Its purpose is to disseminate information to members and to serve as a conduit for bringing information and views from individuals and various organizations to the study organization. The Study Assembly is open to anyone who indicates an interest in the study, and includes representatives of all stakeholders, both inside and outside of government, advocacy groups, industry, academic institutions, state and local governments, and community groups. To become a member of the Study Assembly, interested persons should send an email to nichdcohort@mail.nih.gov, and indicate whether they would like to participate in a Workgroup and area(s) of interest or expertise. Those who are not currently members of a Workgroup are welcome as observers during the workgroup meetings on Monday, October 15.

DATES: The meeting convenes from 8:30 a.m.–5:30 p.m. each day. Workgroups meet on Monday, October 15, 2001, and the entire Study Assembly meets Tuesday, October 16, 2001. Registration opens on Sunday, October 14, 2001, from 2–7 p.m. and begins at 7:00 a.m. each day of the meeting.

ADDRESSES: The meeting site is the Sheraton Premiere Hotel, 8661 Leesburg Pike, Vienna, VA. Interested individuals can register for the Study Assembly meeting and/or to observe the Workgroup meetings. Space is limited. Advance registration is required. Those
