

measuring greater than 1.375 inches in grades A, B, and X42, with wall thickness measuring greater than 1.250 inches in grades X52 through X56, and with wall thickness measuring greater than 1.125 inches in grades X60 or greater.

- Having an outside diameter greater than or equal to 42 inches and less than 64 inches, with a wall thickness measuring greater than 1.500 inches in grades A, B, and X42, with wall thickness measuring greater than 1.375 inches in grades X52 through X56, and with wall thickness measuring greater than 1.250 inches in grades X60 or greater.

- Having an outside diameter equal to 48 inches, with a wall thickness measuring 1.0 inch or greater, in grades X-80 or greater.

Facts Available

In the preliminary determination, the Department based the dumping margin for both Kawasaki Steel Corporation ("Kawasaki") and Nippon Steel Corporation ("Nippon"), respondents, on facts otherwise available pursuant to section 776(a)(2)(A) of the Act. The use of facts otherwise available was warranted because both Kawasaki and Nippon failed to respond to the Department's questionnaire, and failed to provide any indication that they were unable to respond. Therefore, the Department found that both Kawasaki and Nippon failed to cooperate by not acting to the best of their ability. As a result, pursuant to section 776(b) of the Act, the Department used an adverse inference in selecting from the facts available. Specifically, the Department assigned both respondents the highest margin alleged in the petition. We continue to find this margin corroborated, pursuant to section 776(c) of the Act, for the reasons discussed in the Preliminary Determination. No interested parties have objected to the use of adverse facts available for either respondent in this investigation, nor to the Department's choice of the facts available margin. Accordingly, for the final determination, the Department is continuing to use, for both Kawasaki and Nippon, the highest margin alleged in the petition. See Preliminary Determination. In addition, the Department has left unchanged from the preliminary determination the "All Others Rate" in this investigation.

In accordance with section 735(c)(1)(B) of the Act, we are directing the Customs Service to continue to suspend all entries of large diameter line pipe from Japan, that are entered, or withdrawn from warehouse, for consumption on or after June 27, 2001,

the date of publication of our preliminary determination. The Customs Service shall require a cash deposit or bond equal to the dumping margin, as indicated in the chart below. These instructions suspending liquidation will remain in effect until further notice. The dumping margins are as follows:

Manufacturer/exporter	Margin (percent)
Nippon Steel Corporation (Nippon)	30.80
Kawasaki Steel Corporation (Kawasaki)	30.80
All Others	30.80

ITC Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our determination. As our final determination is affirmative, the ITC will, within 45 days, determine whether these imports are materially injuring, or threaten material injury to, the U.S. industry. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing the Customs Service to assess antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding APO

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is published pursuant to sections 733(f) and 777(i)(1) of the Act.

Dated: September 4, 2001.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

[C-357-815]

Notice of Countervailing Duty Order: Certain Hot-Rolled Carbon Steel Flat Products From Argentina

AGENCY: Import Administration, International Trade Administration, Department of Commerce

EFFECTIVE DATE: September 11, 2001.

FOR FURTHER INFORMATION CONTACT: Eric B. Greynolds or Darla Brown, Office of AD/CVD Enforcement VI, Import Administration, U.S. Department of Commerce, Room 4012, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-2786.

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce (the Department) regulations refer to the regulations codified at 19 CFR part 351 (2000).

Scope of Order

The merchandise subject to this investigation is certain hot-rolled flat-rolled carbon-quality steel products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths, of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of this investigation.

Specifically included within the scope of this investigation are vacuum degassed, fully stabilized (commonly referred to as interstitial-free (IF)) steels, high strength low alloy (HSLA) steels, and the substrate for motor lamination steels. IF steels are recognized as low carbon steels with micro-alloying levels of elements such as titanium or niobium (also commonly referred to as

columbium), or both, added to stabilize carbon and nitrogen elements. HSLA steels are recognized as steels with micro-alloying levels of elements such as chromium, copper, niobium, vanadium, and molybdenum. The substrate for motor lamination steels contains micro-alloying levels of elements such as silicon and aluminum.

Steel products included in the scope of this investigation, regardless of definitions in the *Harmonized Tariff Schedule of the United States* (HTS), are products in which: (i) Iron predominates, by weight, over each of the other contained elements; (ii) the carbon content is 2 percent or less, by weight; and (iii) none of the elements listed below exceeds the quantity, by weight, respectively indicated: 1.80 percent of manganese, or 2.25 percent of silicon, or 1.00 percent of copper, or 0.50 percent of aluminum, or 1.25 percent of chromium, or 0.30 percent of cobalt, or 0.40 percent of lead, or 1.25 percent of nickel, or 0.30 percent of tungsten, or 0.10 percent of molybdenum, or 0.10 percent of niobium, or 0.15 percent of vanadium, or 0.15 percent of zirconium.

All products that meet the physical and chemical description provided above are within the scope of this investigation unless otherwise excluded. The following products, by way of example, are outside or specifically excluded from the scope of this investigation:

- Alloy hot-rolled steel products in which at least one of the chemical elements exceeds those listed above (including, *e.g.*, ASTM specifications A543, A387, A514, A517, A506).
- SAE/AISI grades of series 2300 and higher.
- Ball bearings steels, as defined in the HTS.
- Tool steels, as defined in the HTS.
- Silico-manganese (as defined in the HTS) or silicon electrical steel with a silicon level exceeding 2.25 percent.
- ASTM specifications A710 and A736.
- USS Abrasion-resistant steels (USS AR 400, USS AR 500).
- All products (proprietary or otherwise) based on an alloy ASTM specification (sample specifications: ASTM A506, A507).
- Non-rectangular shapes, not in coils, which are the result of having been processed by cutting or stamping and which have assumed the character of articles or products classified outside chapter 72 of the HTS.

The merchandise subject to this investigation is classified in the HTS at

subheadings: 7208.10.15.00, 7208.10.30.00, 7208.10.60.00, 7208.25.30.00, 7208.25.60.00, 7208.26.00.30, 7208.26.00.60, 7208.27.00.30, 7208.27.00.60, 7208.36.00.30, 7208.36.00.60, 7208.37.00.30, 7208.37.00.60, 7208.38.00.15, 7208.38.00.30, 7208.38.00.90, 7208.39.00.15, 7208.39.00.30, 7208.39.00.90, 7208.40.60.30, 7208.40.60.60, 7208.53.00.00, 7208.54.00.00, 7208.90.00.00, 7211.14.00.90, 7211.19.15.00, 7211.19.20.00, 7211.19.30.00, 7211.19.45.00, 7211.19.60.00, 7211.19.75.30, 7211.19.75.60, and 7211.19.75.90. Certain hot-rolled flat-rolled carbon-quality steel covered by this investigation, including: vacuum degassed fully stabilized; high strength low alloy; and the substrate for motor lamination steel may also enter under the following tariff numbers: 7225.11.00.00, 7225.19.00.00, 7225.30.30.50, 7225.30.70.00, 7225.40.70.00, 7225.99.00.90, 7226.11.10.00, 7226.11.90.30, 7226.11.90.60, 7226.19.10.00, 7226.19.90.00, 7226.91.50.00, 7226.91.70.00, 7226.91.80.00, and 7226.99.00.00. Subject merchandise may also enter under 7210.70.30.00, 7210.90.90.00, 7211.14.00.30, 7212.40.10.00, 7212.40.50.00, and 7212.50.00.00. Although the HTS subheadings are provided for convenience and U.S. Customs purposes, the Department's written description of the merchandise subject to this proceeding is dispositive.

Countervailing Duty Order

In accordance with section 705(d) of the Act, on July 16, 2001, the Department published in the **Federal Register** its final affirmative determination in the countervailing duty investigation of certain hot-rolled carbon steel flat products from Argentina (66 FR 37007). On August 27, 2001, the International Trade Commission (ITC) notified the Department of its final determination, pursuant to section 705(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of imports of hot-rolled steel products from Argentina.

Therefore, countervailing duties will be assessed on all unliquidated entries of certain hot-rolled carbon steel flat products from Argentina entered, or withdrawn from warehouse, for consumption on or after February 21, 2001, the date on which the Department published its preliminary countervailing duty determination in the **Federal Register**, and before June 21, 2001, the

date the Department instructed the U.S. Customs Service to terminate the suspension of liquidation in accordance with section 703(d) of the Act, and on all entries and withdrawals on or after the date of publication of this countervailing duty order in the **Federal Register**. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for longer than four months. Entries of certain hot-rolled carbon steel flat products made on or after June 21, 2001, and prior to the date of publication of this order in the **Federal Register** are not liable for the assessment of countervailing duties due to the Department's termination, effective June 21, 2001, of suspension of liquidation.

In accordance with section 706 of the Act, the Department will direct U.S. Customs officers to reinstate the suspension of liquidation effective the date of publication of this notice in the **Federal Register** and to assess, upon further advice by the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rate for the subject merchandise.

On or after the date of publication of this notice in the **Federal Register**, U.S. Customs officers must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the countervailable subsidy rates noted below. The All Others rate applies to all producers and exporters of certain hot-rolled carbon steel flat products from Argentina not specifically listed below. The cash deposit rates are as follows:

Producer/exporter	Net Subsidy Rate Ad Valorem
Siderar	41.69%
All Others	41.69%

This notice constitutes the countervailing duty order with respect to certain hot-rolled carbon steel flat products from Argentina, pursuant to section 706(a) of the Act. Interested parties may contact the Central Records Unit, for copies of an updated list of countervailing duty orders currently in effect.

This countervailing duty order is published in accordance with section 706(a) of the Act and 19 CFR 351.211.

Dated: September 5, 2001.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Technology Administration

Submission for OMB Review Under the Emergency Processing Provisions of the Paperwork Reduction Act; Comment Request

The Department of Commerce (DOC) submitted to the Office of Management and Budget (OMB) for clearance the following collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). This request was submitted under the emergency processing provisions of the Paperwork Reduction Act.

Agency: Technology Administration.

Title: Review of Public and Private High-Tech Workforce Training Programs.

Agency Form Numbers (s): None.

OMB Approval Number: 0692-0008.

Type of Request: Emergency submission.

Burden: 750 hours.

Number of Respondents: 420.

Average Hours Per Respondents:

Approximately 1 hour, 45 minutes.

Needs and Uses: This information collection is needed to fulfill the Secretary of Commerce's responsibilities mandated in Public Law 106-313. Section 115 (a) and (b) directs the Secretary of Commerce to conduct a review of existing public and private high-tech workforce training programs in the United States, and submit a report to Congress on the study findings no later than 18 months from the bill's enactment. This information is needed to analyze how high-tech workers obtain their training, and how well the skills provided by various high-tech training models meet employer needs. An analysis of what is learned from this information collection will be contained in the report to Congress. Comparable information is not available on a standardized basis.

Affected Public: Individuals, Employers, Education and Training Providers, State and Local Government Organizations Involved in High-Tech Workforce Training, Non-profit Partnerships Involved in High-Tech Workforce Training.

Frequency: One-Time.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6086, 1401 Constitution Avenue, NW., Washington, DC, 20230 (or via the Internet at *MClayton@doc.gov*).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: September 5, 2001.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

[FR Doc. 01-22682 Filed 9-10-01; 8:45 am]

BILLING CODE 3510-18-P

CONSUMER PRODUCT SAFETY COMMISSION

Meeting

AGENCY: Consumer Product Safety Commission, Washington, DC 20207

TIME AND DATE: Friday, September 14, 2001 2 p.m.

LOCATION: Room 420, East West Towers, 4330 East West Highway, Bethesda, Maryland

STATUS: Open to the public

MATTER TO BE CONSIDERED:

Mattresses/Bedding

The staff will brief the Commission on options to address open flame ignition of mattresses/bedding and issues related to Petitions FP 00-1 through FP 00-4, submitted by Whitney A. Davis, Director of Children's Coalition for Fire-Safe Mattresses, requesting various actions concerning mattress flammability.

For a recorded message containing the latest agenda information, call (301) 504-0709.

CONTACT PERSON FOR ADDITIONAL

INFORMATION: Todd A. Stevenson, Office of the Secretary, 4330 East West Highway., Bethesda, MD 20207 (301) 504-0800.

Dated: September 5, 2001.

Todd A. Stevenson,

Acting Secretary.

BILLING CODE 6355-01-M

DEPARTMENT OF DEFENSE

Office of Secretary

New Collection; Comment Request

AGENCY: Office of the Assistant Secretary of Defense for Health Affairs, DoD.

ACTION: Notice.

In accordance with section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Assistant Secretary of Defense (Health Affairs) announces the new collection of a public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the new collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received November 13, 2001.

ADDRESSES: Written comments and recommendations on the information collection should be sent to Office of the Assistant Secretary of Defense (Health Affairs) TRICARE Management Activity, Skyline Five, Suite 810, 5111 Leesburg Pike, Falls Church, Virginia 22041-3206, Attn: Mr. Duaine Goodno.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection, please write to the above address or call Duaine Goodno, Office of the Assistant Secretary of Defense (Health Affairs), TRICARE Management Activity at (703) 681-0039.

Title; Associated Form; and OMB Number: TRICARE Plus Enrollment Applicant and TRICARE Plus Disenrollment Request.

Needs and Uses: These collection instruments serve as an application for enrollment and disenrollment in the Department of Defense's TRICARE Plus Health Plan established in accordance with Title 10 U.S.C. Sections 1099 (which calls for a healthcare enrollment system) and 1086 (which authorizes TRICARE eligibility of Medicare Eligible Persons and has resulted in the development of a new enrollment option called TRICARE Plus) and the Assistant Secretary of Defense, Health
