Appalachian Power Company (70-5503)

Appalachian Power Company ("Appalachian"), 40 Franklin Road, S.W., Roanoke, Virginia 24011, an electric utility subsidiary of American Electric Power Company, Inc., a registered holding company, has filed a post-effective amendment to its application-declaration under sections 9(a), 10 and 12(d) of the Act and rules 44 and 54 under the Act.

By order dated December 10, 1974 (HCAR No. 18703) ("Order"), the Commission authorized Appalachian, among other things, to enter into an agreement of sale ("Agreement") with the Industrial Development Authority of Russell County, Virginia ("Authority"), concerning the financing of pollution control facilities ("Facilities") at Appalachian's Glen Lyn and Clinch River plants. Under the Agreement, the Authority may issue and sell its pollution control revenue bonds ("Revenue Bonds") or pollution control refunding bonds ("Refunding Bonds") and, together with Revenue Bonds, "Bonds"), in one or more series, and deposit the proceeds with the trustee ("Trustee") under an indenture ("Indenture") entered into between the Authority and the Trustee. The Trustee applies the proceeds to the payment of the costs of construction of the Facilities or, in the case of proceeds from the sale of Refunding Bonds, to the payment of principal, premium (if any) and/or interest on Bonds to be refunded.

The Order also authorized Appalachian to convey an undivided interest in a portion of the Facilities to the Authority, and to reacquire that interest under an installment sales arrangement ("Sales Agreement") requiring Appalachian to pay as the purchase price semi-annual installments in an amount that, together with other funds held by the Trustee under the Indenture for that purpose, will enable the Authority to pay, when due, the interest and principal on the Bonds. To date, the Authority has issued and sold eight series of Bonds in an aggregate principal amount of \$116.24 million of which \$37.0 million presently are outstanding.

The Authority now intends to issue and sell an additional series of bonds in the aggregate principal amount of up to \$17.5 million ("Series I Refunding Bonds"), the proceeds of which will be used to provide for the redemption on or prior to maturity of \$17.5 million principal amount of the Series G Bonds of the Authority. It is contemplated that the Series I Refunding Bonds will be issued and secured under a supplemental indenture between the Authority and the Trustee. Appalachian proposes to enter into an amended Sales Agreement in connection with the Series I Refunding Bonds under essentially the same terms and conditions of the original Sales Agreement. It is contemplated that the Series I Refunding Bonds will be sold under arrangements with a group of underwriters with such terms as shall be specified by Appalachian. The Series I Refunding Bonds shall have a state maturity of no more than forty years, a fixed rate of interest that shall not exceed 8% per annum or an initial rate of interest by any fluctuating rate Bonds that shall not exceed 8%. If it is deemed advisable, the Series I Refunding Bonds may be provided some form of credit enhancement, including, but not limited to, a letter of credit, bond insurance, standby purchase agreement or surety bond.
