

Based on our analysis of the respondent's reported selling functions and sales channels, we conclude that the respondent's home-market sales to various classes of customers which purchase both bulk and bagged cement constitute one level of trade. We found that, with some minor exceptions, CEMEX and GCCC performed the same selling functions to varying degrees in similar channels of distribution. We also concluded that the variations in selling functions were not substantial when all selling expenses were considered as a whole. See the memorandum entitled *Gray Portland Cement and Clinker from Mexico: Level-of-Trade Analysis for the Tenth Administrative Review*, dated August 30, 2001.

Furthermore, the respondent's home-market sales occur at a different and more advanced stage of distribution than its sales to the United States. For example, the CEMEX U.S. level of trade does not include activities such as market research, after-sales service/warranties, advertising, and packing whereas the home-market level of trade includes these activities. Similarly, the GCCC U.S. level of trade does not include activities such as market research, technical advice, advertising, customer approval, solicitation of orders, computer/legal/accounting/business systems, sales promotion, sales forecasting, strategic and economic planning, personnel training/exchange, and procurement and sourcing services whereas the home-market level of trade includes these activities.

As a result of our level-of-trade analysis, we could not match U.S. sales at either of the two U.S. levels of trade to sales at the same level of trade in the home market because there are no home-market sales at the same level of trade. Moreover, we determined that the level of trade of the home-market sales is more advanced than the levels of the U.S. sales. In addition, because we found only one home-market level of trade, we could not determine a level-of-trade adjustment based on the collapsed entity's home-market sales of merchandise under review. Therefore, we have determined that the data available do not provide an appropriate basis on which to calculate a level-of-trade adjustment. Thus, we made a CEP-offset adjustment in accordance with section 773(a)(7)(B) of the Act for the respondent's CEP sales. In accordance with section 773(a)(7) of the Act, we calculated the CEP offset as the lesser of the following: (1) The indirect selling expenses on the home-market sale, or (2) the indirect selling expenses deducted from the starting price in

calculating CEP. See the Level-of-Trade Analysis memorandum.

Currency Conversion

Pursuant to section 773A(a) of the Act, we made currency conversions into U.S. dollars based on the exchange rates in effect on the dates of U.S. sales as certified by the Federal Reserve Bank.

Preliminary Results of Review

As a result of our review, we preliminarily determine the dumping margin for the collapsed parties, CEMEX and GCCC, for the period August 1, 1999, through July 31, 2000, to be 48.53 percent.

We will disclose calculations performed in connection with these preliminary results to parties within five days of the date of publication of this notice. See 19 CFR 351.224(b). Interested parties may request a hearing within 30 days of publication of this notice. A hearing, if requested, will be held at the main Commerce Department building three days after submission of rebuttal briefs.

Issues raised in hearings will be limited to those raised in the respective case and rebuttal briefs. Case briefs from interested parties may be filed no later than 30 days after publication of this notice. Rebuttal briefs, limited to the issues raised in case briefs, may be submitted no later than five days after the deadline for filing case briefs.

Parties who submit case or rebuttal briefs in this proceeding are requested to submit with each argument (1) a statement of the issue, and (2) a brief summary of the argument with an electronic version included.

Upon completion of this review, the Department will determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. We have calculated importer-specific assessment rates based on the entered value for subject merchandise sold during the period of review. The Department will issue appropriate appraisal instructions directly to the Customs Service upon completion of this review.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of review, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for the respondent will be the rate determined in the final results of review; (2) for previously reviewed or investigated companies not mentioned above, the cash-deposit rate will continue to be the company-specific rate

published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or in the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash-deposit rate for all other manufacturers or exporters will be 61.35 percent, the all-others rate from the LTFV investigation. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double dumping duties. We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Acting Assistant Secretary for Import Administration.

Background

The letter from the USTR stated that the United States and Mexico have agreed to enter into consultations to consider acceleration of the elimination of tariffs on certain articles. Section 201(b)(1) of the North American Free Trade Agreement Implementation Act (the "Act") authorizes the President, subject to the consultation and layover requirements of section 103(a) of the Act, to proclaim such modifications as the United States may agree to with Mexico or Canada regarding the staging of any duty treatment set forth in Annex 302.2 of the NAFTA. One of the requirements set out in section 103(a) of the Act is that the President obtain advice regarding the proposed action from the Commission. The USTR requested advice with respect to NAFTA-qualifying articles from Mexico entered under the following subheadings of the Harmonized Tariff Schedule of the United States: 6402.3090, 6404.1120, 6404.1950, 6404.2040, 6406.1045, 6402.9160, 6404.1915, 6404.1960, 6404.2060, 6402.9170, 6404.1925, 6404.1970, 6406.1005, 6402.9960, 6404.1930, 6404.1980, 6406.1010, 6402.9970, 6404.1935, 6404.2020, 6406.1020.
