

expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal Agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized in this notice. The annual public burden for this ICR is estimated to be 231,280 hours, with an annual respondent cost of \$16,426,080. The following is a summary of the estimates taken from the ICR:

*Respondents/affected entities:* Individuals or entities engaged in activities related to the registration of a pesticide product.

*Estimated total number of potential respondents:* 2,100.

*Frequency of response:* As needed.

*Estimated total/average number of responses for each respondent:* 3–5.

*Estimated total annual burden hours:* 231,280.

*Estimated total annual burden costs:* \$16,426,080.

#### VI. Are There Changes in the Estimates from the Last Approval?

The total respondent burden hour estimate under this ICR has increased from 212,640 to 231,280 hours per year, or a total net increase of 18,640 hours. The total applicant costs have increased from approximately \$6.0 million to \$16.4 million per year, for a total net increase of approximately \$10.4 million. This increase in costs is due mainly to the update in the loaded labor hourly rates used to calculate the costs. There are no capital costs associated with this information collection activity.

#### VII. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the

opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.
