Background

Eighteen individuals have requested renewal of their exemptions from the vision requirement in 49 CFR 391.41(b)(10) which applies to drivers of commercial motor vehicles (CMVs) in interstate commerce. They are Grady L. Black, Jr., John A. Chizmar, Billy M. Coker, Weldon R. Evans, Richard L. Gagnebin, James P. Guth, Rayford R. Harper, Paul M. Hoerner, Charles L. Lovern, Craig M. Mahaffey, Michael S. Maki, Howard R. Payne, Kenneth A. Reddick, Leonard Rice, Jr., John A. Sortman, James A. Strickland, James T. Sullivan, and Edward A. Vanderhei. Under 49 U.S.C. 31315 and 31136(e), the FMCSA may grant an exemption for a renewable 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." Accordingly, the FMCSA has evaluated the 18 petitions for renewal on their merits and decided to extend each exemption for a renewable 2-year period.

On September 23, 1999, the agency published a notice of final disposition announcing its decision to exempt 32 individuals, including these 18 applicants for renewal, from the vision requirement in 49 CFR 391.41(b)(10) (64 FR 51568). The qualifications, experience, and medical condition of each applicant were stated and discussed in detail at 64 FR 27027 (May 18, 1999). Two comments were received, and their contents were carefully considered by the agency in reaching its final decision to grant the petitions (64 FR 51568). The agency determined that exempting the individuals from 49 CFR 391.41(b)(10) was likely to achieve a level of safety equal to, or greater than, the level that would be achieved without the exemption as long as the vision in each applicant's better eye continued to meet the standard specified in 391.41(b)(10). As a condition of the exemption, therefore, the agency imposed requirements on the individuals similar to the grandfathering provisions in 49 CFR 391.64(b) applied to drivers who participated in the agency's former vision waiver program.

These requirements are as follows: (1) That each individual be physically examined every year (a) by an ophthalmologist or optometrist who attests that vision in the better eye meets the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests the individual is otherwise

physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retain a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than 2 years from its approval date and may be renewed upon application for an additional 2-year period. In accordance with 49 U.S.C. 31315 and 31136(e), each of the 18 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (63 FR 30285; 63 FR 54519; 63 FR 66226; 64 FR 16517), and each has requested timely renewal of the exemption. These 18 applicants have submitted evidence showing that the vision in their better eye continues to meet the standard specified at 49 CFR 391.41(b)(10), and that the vision impairment is stable. In addition, a review of their records of safety while driving with their respective vision deficiencies over the past 2 years indicates each applicant continues to meet the vision exemption standards. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, the FMCSA concludes that extending the exemption for a period of 2 years is likely to achieve a level of safety equal to that existing without the exemption for each renewal applicant.

Discussion of Comments

The Advocates for Highway and Auto Safety (AHAS) expresses continued opposition to the FMCSA's procedures for renewing exemptions from the vision requirement in 49 CFR 391.41(b)(10). Specifically, the AHAS objects to the agency's extension of the exemptions without any opportunity for public comment prior to the decision to renew and reliance on a summary statement of evidence to make its decision to extend the exemption of each driver.

The issues raised by the AHAS were addressed at length in 66 FR 17994 (April 4, 2001). We will not address these points again here, but refer interested parties to that earlier discussion.

Conclusion

In accordance with 49 U.S.C. 31315 and 31136(e), the FMCSA extends the exemptions from the vision requirement in 49 CFR 391.41(b)(10) granted to Grady L. Black, Jr., John A. Chizmar, Billy M. Coker, Weldon R. Evans, Richard L. Gagnebin, James P. Guth, Rayford R. Harper, Paul M. Hoerner, Charles L. Lovern, Craig M. Mahaffey, Michael S. Maki, Howard R. Payne, Kenneth A. Reddick, Leonard Rice, Jr., John A. Sortman, James A. Strickland, James T. Sullivan, and Edward A. Vanderhei, subject to the following conditions: (1) That each individual be physically examined every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retain a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for 2 years unless rescinded earlier by the FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31315 and 31136(e).

Request for Comments

The FMCSA has evaluated the qualifications and driving performance of the 18 applicants here and extends their exemptions based on the evidence introduced. The agency will review any comments received concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31315 and 31136(e). While comments of this nature will be entertained at any time, the FMCSA requests that interested parties with information concerning the safety records of these drivers submit comments by October 22, 2001. All comments will be considered and will be available for examination in the docket room at the above address. The

FMCSA will also continue to file in the docket relevant information which becomes available. Interested persons should continue to examine the docket for new material.

Authority: 49 U.S.C. 322, 31136 and 31315; and 49 CFR 1.73.

The ICR describes the nature of the information collection and its expected burden. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collections of information was published on July 10, 2001 (66 FR 36031).

DATES: Comments must be submitted on or before October 22, 2001.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493-6292), or Dian Deal, Office of Information Technology and Productivity Improvement, RAD-20, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6133). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Pub. L. No. 104-13, 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages.

44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On July 10, 2001, FRA published a 60-day notice in the **Federal Register** soliciting comment on ICRs that the agency was seeking OMB approval. 66 FR 36031. FRA received no comments in response to this notice.

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507 (b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The revised requirements are being submitted for clearance by OMB as required by the PRA.

Maritime Administration

[Docket Number: MARAD-2001-10635]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel *Argonaut*.

SUMMARY: As authorized by Pub. L. 105-383, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a description of the proposed service, is listed below. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines that in accordance with Pub. L. 105-383 and MARAD's regulations at 46 CFR part 388 (65 FR 6905; February 11, 2000) that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels, a waiver will not be granted.
