Where Can Information on the Regulatory and Legal Citations in This Notice Be Obtained?

You can contact the Colorado River Irrigation Project office at the location stated above or you can use the internet site for the Government Printing Office at <http://www.gpo.gov>.

What Is the Purpose of This Notice?

This notice is to notify you that we propose to adjust the irrigation assessment rates for one of our irrigation projects. We are publishing the notice in accordance with the BIA's regulations governing its operation and maintenance of irrigation projects, specifically, sections 171.1(e) and 171.1(f) of part 171, subchapter H, chapter I of title 25 of the Code of Federal Regulations. These sections provide for the fixing and announcing of the rates for annual operation and maintenance assessments and related information for BIA irrigation projects.

What Authorizes Us To Issue This Notice?

Our authority to issue this notice is vested in the Secretary of the Interior by 5 U.S.C. 301; the Act of August 14, 1914 (38 Stat. 583; 25 U.S.C. 385). The Secretary has in turn delegated this authority to the Assistant Secretary—Indian Affairs in accordance with part 209 of the Department of the Interior's Departmental Manual, Chapter 8.1A and a memorandum dated January 25, 1994, from the Chief of Staff, Department of the Interior, to Assistant Secretaries, and Heads of Bureaus and Offices.

How Do We Calculate Our Irrigation Rate?

We calculate the assessment rate in accordance with section 171(f), subchapter H, chapter I of title 25 of the Code of Federal Regulations by estimating the cost of normal operation

and maintenance at our irrigation project for which you receive service. Normal operation and maintenance means the expenses we incur to provide direct support or benefit for the irrigation project's activities for administration, operation, maintenance, and rehabilitation. These costs are then applied as stated in the rate table in this notice.

What Kinds of Expenses Are Included in Determining Our Estimated Cost of Normal Operation and Maintenance?

We include the following expenses:

- (a) Personnel salary and benefits for the project engineer/manager and project employees under their management control;
- (b) Materials and supplies;
- (c) Major and minor vehicle and equipment repairs;
- (d) Equipment, including transportation, fuel, oil, grease, lease and replacement;
- (e) Capitalization expenses;
- (f) Acquisition expenses;
- (g) Maintenance of a reserve fund available for contingencies or emergency expenses for, and insuring, reliable operation of the irrigation system; and
- (h) Other expenses we determine necessary to properly perform the activities and functions characteristic of an irrigation project.

When Should You Pay Your Irrigation Assessment?

We will mail you a bill for your irrigation assessment. You should pay your bill no later than the due date stated on the bill. The due date is normally based on locally established payment requirements at each of our projects.
