Virginia Electric and Power Company, dba Dominion North Carolina Power; Notice of Filing

September 21, 2001.

Take notice that on September 12, 2001, Virginia Electric and Power Company doing business in North Carolina as Dominion North Carolina Power (the Applicant) filed an application pursuant to Section 203 of the Federal Power Act for authorization and approval for the Applicant to sell to Tideland Electric Membership Corporation (TEMCO) a certain parcel of land located in Beaufort County, North Carolina, and certain personal property currently belonging to the Applicant located on the real property, including a transformer, 115kV bus and structures, and associated equipment.

The Applicant states that copies of this application were served on the North Carolina Utilities Commission and the Virginia State Corporation Commission.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before October 3, 2001. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the

instructions on the Commission's web site under the "e-Filing" link.

Dominion Transmission, Inc.; Notice of In-Service Date of Capstone Project

September 21, 2001.

Take notice that on August 22, 2001, Dominion Transmission, Inc. (DTI), filed with the Federal Energy Regulatory Commission (Commission) a letter notice stating that the in-service date of the Capstone facilities will be on or before November 1, 2001.

DTI states that the purpose of this informational filing is to comply with Section 6.4 of the Offer of Settlement that was filed on June 22, 2001, in Docket Nos. RP00-632-000, RP97-406, et al., and RP00-15 (Settlement). The Settlement is unopposed and is pending Commission action. The Settlement would allow DTI to increase its transportation fuel retention percentage by 0.22 percent on the in-service date of the "Capstone Project," a facility expansion that DTI is constructing in accordance with certificate of public convenience and necessity issued in Docket No. CP00-64. The Settlement calls for DTI to "notify its customers of the effective date of said increase no less than sixty days prior to the in-service date of the Capstone Project."

DTI states that the purpose of its informational filing is to serve as the advance notice of the in-service date of the Capstone Project and the increase to DTI's fuel retention percentage. On the date that DTI places the Capstone Project facilities into service, or sixty days after the date of the filing of its letter notice with the FERC, whichever is later, DTI is prepared to place its increased fuel increment into effect, provided that the Settlement has become effective on that date.

DTI states that it has served the letter notice upon all parties of record in the above captioned proceedings.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and

Regulations. All such protests must be filed on or before September 28, 2001. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

Niagara Mohawk Power Corporation; Notice of Filing

September 21, 2001.

Take notice that on September 19, 2001, Niagara Mohawk Power Corporation (NMPC), pursuant to Section 205 of the Federal Power Act and Part 35 of the Commission's regulations, tendered for filing and Commission acceptance the First Revision of the Interconnection Agreement for Nine Mile Point Unit No. 2 nuclear generating station (NMP-2) between NMPC, New York State Electric & Gas Corporation (NYSEG), Long Island Lighting Company d/b/a LIPA (LIPA), and Nuclear LLC, designated Service Agreement No. 309 of the NYISO OATT. On July 6, 2001, the Commission accepted the NMP-2 Interconnection Agreement for filing, effective on the date of closing, and directed NMPC to submit a timely filing, if necessary, to reflect NYSEG's ownership interest in the NMP-2. The filing of First Revision of the NMP-2 Interconnection Agreement complies with that direction.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426,

in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before October 5, 2001. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
