Permits and Modified Permits Issued

Permit #1260

Notice was published on (65 FR 52988) that Dr. Joseph Powers, of SERO applied for a scientific research permit (1260). Permit #1260 was issued on June 18, 2001. The original permit application underwent a 30-day public comment period following notification of receipt in the **Federal Register**. The applicant addressed all comments submitted on this application. The modification did not under go public review because the activities being authorized under the modification were previously reviewed under the original application or are not different in scope or magnitude than those reviewed in the original application. The requestor currently holds a permit authorizing the take of listed sea turtles in the coastal waters of the Atlantic Ocean and Gulf of Mexico. The research conducted in these areas support the National Marine Fisheries Service sea turtle recovery program. Research activities include: directed in-water research, aerial surveys, resource surveys, and fishery technology testing and implementation. Leatherback, loggerhead, green, hawksbill and Kemp's ridley sea turtles are the focus of the recovery efforts in the southeast region. For modification #1, the applicant has requested take in the Albermarle-Pamlico Sound Complex in North Carolina, coverage of turtle research by observers covering oil rig removal activities in the Gulf of Mexico, addition of turtle species to the Longline gear modification experiments and extension of the permit expiration date. The permit holder has also requested that the permit expiration date be extended to June 30, 2006. Modification #1 to Permit 1260 was issued on September 18, 2001, authorizing take of listed endangered and threatened sea turtles. Permit 1260 expires June 30, 2006.

Dated: September 20, 2001.

Phil Williams,

Acting Chief, Endangered Species Division,
Office of Protected Resources, National
Marine Fisheries Service.
