

### 11. Duties of Plan Sponsor Following Mass Withdrawal (29 CFR part 4281) (OMB control number 1212-0032)

Section 4281 of ERISA provides rules for plans that have terminated by mass withdrawal. Under section 4281, if nonforfeitable benefits exceed plan assets, the plan sponsor must amend the plan to reduce benefits. If the plan nevertheless becomes insolvent, the plan sponsor must suspend certain benefits that cannot be paid. If available resources are inadequate to pay guaranteed benefits, the plan sponsor must request financial assistance from the PBGC.

The regulation requires a plan sponsor to give notices of benefit reduction, notices of insolvency and annual updates, and notices of insolvency benefit level to the PBGC and to participants and beneficiaries and, if necessary, to apply to the PBGC for financial assistance.

The PBGC uses the information it receives to make determinations required by ERISA, to identify and estimate the cash needed for financial assistance to terminated plans, and to verify the appropriateness of financial assistance payments. Plan participants and beneficiaries use the information to make personal financial decisions.

The PBGC estimates that plan sponsors each year give benefit reduction notices for 1 plan and give notices of insolvency benefit level and annual updates, and submit requests for financial assistance, for 25 plans. Of those 25 plans, the PBGC estimates that plan sponsors each year give notices of insolvency for 3 plans. The estimated annual burden of the collection of information is 1 hour and \$115,856.
