FEDERAL COMMUNICATIONS COMMISSION

Privacy Act System of Records

AGENCY: Federal Communications Commission (FCC or Commission).

ACTION: Notice; amendment of one altered Privacy Act system of records; amendment of one revised routine use; amendment of one proposed new routine use; one deleted routine use; and one purged system of records.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, as amended, 5 U.S.C. 552a(e)(4), the FCC has amended and is republishing the proposed alteration of a systems of records, FCC/CIB-1, "Informal Complaints and

Inquiries." The amended and altered system of records incorporates the provisions of FCC/CIB-4, "Telephone and Electronic Contacts," revises two routine uses to incorporate comments received following the initial publication of the altered system of records, and makes other edits and revisions as necessary. The FCC will eliminate FCC/CIB-4.

DATES: The amended and altered system, which incorporates the comments received following the initial publication, shall become effective October 11, 2001.

FOR FURTHER INFORMATION: Contact Les Smith, Performance Evaluation and Records Management, Room 1-A804, Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554, or via the Internet at lesmith@fcc.gov; or Arthur Scrutchins, Staff Attorney, Office of the Bureau Chief, Consumer Information Bureau, Room 3-A234, Federal Communications Commission, at (202) 418-2184, or via the Internet at ascrutch@fcc.gov.

SUPPLEMENTARY INFORMATION: As required by the Privacy Act of 1974, 5 U.S.C. 552a(e)(4), this document sets forth notice of the amendment of the proposed alteration of a system of records maintained by the FCC, in response to comments received following the initial publication in the **Federal Register**. The purpose of altering FCC/CIB-1, "Information Complaints and Inquiries," is to enable the Consumer Information Bureau to handle and process informal complaints filed against common carriers received from individuals, groups, and other entities. Records in this system are available for public inspection after redaction of information, which could identify the complainant or correspondent, *i.e.*, name, address, and/or telephone number.

The Commission's proposal achieves this purpose by amending and altering this system of records, FCC/CIB-1, "Informal Complaints and Inquiries," with these changes:

The incorporation of the data elements of another system of records, FCC/CIB-4, "Telephone and Electronic Contacts," into FCC/CIB-1;

The elimination of FCC/CIB-4;

The amendment of the proposed revision of one routine use to address informal complaints filed against common carriers, pursuant to Section 208 of the Communications Act of 1934, as amended;

Routine use (1) to allow disclosure when a record in this system involves an informal complaint filed against a common carrier, the complaint may be

forwarded to the defendant carrier for a response, pursuant to Section 208 of the Communications Act of 1934, as amended.

The addition and amendment of one routine use to address informal complaints filed against common carriers:

Routine use (2) to allow disclosure when an order or other Commission-issued document that includes consideration of informal complaints filed against common carriers is entered by the FCC to implement or enforce the Communications Act, pertinent rule, regulation, or order of the FCC, the complainant's name may be made public in that order or document. Where a complainant in filing his or her complaint explicitly requests that the bureau withhold his or her name from public disclosure, such a request will be granted and the complainant's name will not be disclosed in the Commission-issued order or document.

The deletion of one routine use pursuant to 5 U.S.C. 552a(b)(3):

Former routine use (4) to disclose to a Federal agency, in response to its request, in connection with the hiring or retention of an employee, the issuance of a security clearance, the reporting of an investigation of an employee, the letting of a contract, or the issuance of a license, grant, or other benefit; and

The revision or modification of various data elements in FCC/CIB-1, including editorial changes, to update, simplify, or clarify, as necessary, this system of records.

The FCC will use FCC/CIB-1 to handle and process informal complaints filed against common carriers received from individuals, groups, and other entities. Records in this system are available for public inspection after redaction of information, which could identify the complainant or correspondent, *i.e.*, name, address, and/or telephone number. The functions in this system of records will be performed by the Consumer Information Bureau (CIB).

This notice meets the requirement to notify the public that the FCC is amending the proposed changes in the Commission's system of records by incorporating changes responsive to comments that were received following the initial publication at 66 FR 38425, July 24, 2001. With this notification, this system of records is effective October 11, 2001.
