The FLETC Cheltenham facility is located approximately 15 miles southeast of Washington, DC, in Prince George's County, MD. The project site is situated east of Maryland Route 5 and west of Maryland Route 301, approximately 3 miles south of Andrews Air Force Base.

Alternatives considered by the FLETC include: (a) No action-continuation of services at Glynco, GA; (b) Site locations other than Cheltenham, MD in the metropolitan Washington, DC area; (c) Proposed action at the Cheltenham, Md location, including alternative facility arrangements on this site.

Based on the input received at the public meeting, and ongoing contact and involvement of the interested agencies and the public, the FLETC will prepare a Draft Environmental Assessment addressing the significance of the project and its impacts for public review and comment. Distribution and placement of this document in publicly-accessible places such as libraries and governmental offices will occur. A Final Environmental Assessment will be prepared considering the comments from agencies and the public received following the review period for the draft document.

Should the FLETC determine, based on the information presented in the Final Environmental Assessment for the project, that the impacts of the renovation/demolition, construction, and operation of the facility will not have a significant environmental impact, it will prepare a Finding of No Significant Impacts (FONSI) for publication in the **Federal Register** and in a newspaper in general circulation at the project location. Should significant environmental impacts be determined to exist due to the project, the FLETC will proceed with the preparation of an Environmental Impact Statement, per the requirements of NEPA, the Council on Environmental Quality, and its own environmental policies and procedures.
