Fish and Wildlife Service

Receipt of Application To Amend West Fork Timber Company's Endangered Species Act Incidental Take Permit for Western Washington To Include Canada Lynx and Bull Trout

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: This notice advises the public, other agencies, and Tribes that the Fish and Wildlife Service (Service) has received a request to add Canada lynx (*Lynx canadensis*) and bull trout (*Salvelinus confluentus*) to the list of species covered by Endangered Species Act incidental take permit PRT-777837, issued to the West Fork Timber Company, LLC (formerly Murray Pacific Corporation). This request is provided for under the Implementation Agreement for the Habitat Conservation Plan (Plan) accompanying the incidental take permit, dated September 24, 1993, and the Amendment to the Implementation Agreement, dated June 26, 1995. This request applies to forest management activities on West Fork Timber Company lands located in the

Mineral Block of eastern Lewis County, west of the Cascade Mountain Range in the State of Washington (covered lands). The purpose of this notice is to seek comments from the public, other agencies, and Tribes on the Service's proposed permit amendment. We specifically request that comments be focused on substantive information relevant to bull trout and Canada lynx that could affect the Service's decision to amend this permit.

DATES: Written comments must be received on or before November 15, 2001.

ADDRESSES: Comments and requests for further information should be addressed to Ms. Andrea LaTier, Fish and Wildlife Biologist, U.S. Fish and Wildlife Service, 510 Desmond Drive, SE., Suite 102, Lacey, Washington, 98503, phone (360) 753-9593, fax (360) 753-9518.

All documents cited in this notice and comments received will be available for public inspection by appointment during normal business hours (8 a.m. to 5 p.m., Monday through Friday) at the office listed under **ADDRESSES**.

Background

On September 24, 1993, the Service issued incidental take permit PRT-777837 (permit) to the West Fork Timber Company (West Fork), pursuant to section 10(a)(1)(B) of the Endangered Species Act (Act) of 1973, as amended (16 U.S.C. 1532 *et seq.*). The Plan and an Environmental Assessment associated with the original permit decision analyzed the effects that implementing the Plan would have on listed and unlisted species. The original permit authorized incidental take of the threatened northern spotted owl (*Strix occidentalis caurina*), in the course of otherwise legal forest management activities within the range of the northern spotted owl that occurs on the covered lands. This permit was amended on June 26, 1995, to authorize incidental take of listed species, in addition to the owl, that may occur on West Fork lands covered under the permit, with an Amendment to the Plan and an associated Environmental Assessment, which analyzed the effects to habitats of listed and unlisted species expected to result from amending West Fork's permit. Species covered by this first amendment to the permit included the marbled murrelet (*Brachyramphus marmoratus marmoratus*), bald eagle (*Haliaeetus leucocephalus*), grizzly bear (*Ursus arctos = U.a. horribilis*), and gray wolf (*Canis lupus*).
