

Louis Executive obtained operating authority, Coach placed the stock of that entity into an independent voting trust.⁶ The control transaction that is the subject of this application will not involve any transfer of the federal operating authority held by St. Louis Executive. St. Louis Executive would also be jointly controlled by Coach USA North Central, Inc, a management company wholly owned by Coach.

Applicants have submitted information, as required by 49 CFR 1182.2(a)(7), to demonstrate that the proposed acquisition of control is consistent with the public interest. Applicants state that the proposed acquisition of control will not reduce competitive options, adversely impact fixed charges, or adversely impact the interests of the employees of St. Louis Executive. They assert that granting the application will allow St. Louis Executive to take advantage of economies of scale and substantial benefits offered by applicants, including interest cost savings and reduced operating costs. In addition, applicants have submitted all of the other statements and certifications required by 49 CFR 1182.2. Additional information, including a copy of the application, may be obtained from the applicants' representative.

Under 49 U.S.C. 14303(b), we must approve and authorize a transaction we find consistent with the public interest, taking into consideration at least: (1) The effect of the transaction on the adequacy of transportation to the public; (2) the total fixed charges that result; and (3) the interest of affected carrier employees.

On the basis of the application, we find that the proposed acquisition of control is consistent with the public interest and should be authorized. If any opposing comments are timely filed, this finding will be deemed vacated and, unless a final decision can be made on the record as developed, a procedural schedule will be adopted to reconsider the application. See 49 CFR 1182.6(c). If no opposing comments are filed by the expiration of the comment period, this decision will take effect automatically and will be the final Board action.

Board decisions and notices are available on our Web site at WWW.STB.DOT.GOV.

The decision will not significantly affect either the quality of the human

services in the St. Louis area and between that area and points in nearby states.

The OCC also uses the information to determine whether it can share a management official with a competing depository institution.
