

Suspension of Liquidation

In accordance with section 733(d) of the Act, we are directing the U.S. Customs Service to suspend liquidation of all entries of mussels from Canada, except for exports by Atlantic Aqua and Mussel King, that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Because the estimated weighted-average dumping margins for Atlantic Aqua and Mussel King are zeros, we are not directing the Customs Service to suspend liquidation of entries of these companies from Canada. We are also instructing the Customs Service to require a cash deposit or the posting of a bond equal to the dumping margin, as indicated in the chart below.

These instructions suspending liquidation will remain in effect until further notice.

Manufacturer/exporter	Margin (percent)
Atlantic Aqua Farms, Inc.	0.00
Confederation Cove, Inc.	4.70
Prince Edward Aqua Farms, Inc.	3.48
PEI Mussel King, Inc.	0.00
All Others	4.33

Disclosure

The Department will disclose calculations performed within five days of the date of publication of this notice to the parties of the proceedings in this investigation in accordance with 19 CFR 351.224(b).

ITC Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our determination. If our final antidumping determination is affirmative, the ITC will determine whether these imports are materially injuring, or threaten material injury to, the U.S. industry. The deadline for that ITC determination would be the later of 120 days after the date of this preliminary determination or 45 days after the date of our final determination.

Public Comment

For the investigation of live processed mussels from Canada, case briefs for this investigation must be submitted no later than one week after the issuance of the last verification reports. The Department will notify the parties accordingly. Rebuttal briefs must be filed within five business days after the deadline for submission of case briefs. A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the

Department. Executive summaries should be limited to five pages total, including footnotes. Public versions of all comments and rebuttals should be provided to the Department and made available on diskette. Section 774 of the Act provides that the Department will hold a hearing to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by any interested party. If a request for a hearing is made in an investigation, the hearing will tentatively be held two days after the deadline for submission of the rebuttal briefs, at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. In the event that the Department receives requests for hearings from parties to several companies, the Department may schedule a single hearing to encompass all those companies. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request within 30 days of the publication of this notice. Requests should specify the number of participants and provide a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs. If this investigation proceeds normally, we will make our final determination in the investigation of live processed mussels from Canada no later than 135 days after the date of this preliminary determination.

This determination is issued and published pursuant to sections 733(d) and 777(i)(1) of the Act.

Dated: October 11, 2001.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Coastal Zone Management, Federal Consistency Appeal by John T. Keegan From an Objection by the Puerto Rico Planning Board

AGENCY: National Oceanic and Atmospheric Administration, Commerce.

ACTION: Evidence of death of appellant and request for information.

By letter dated October 26, 1999, John T. Keegan filed with the Secretary of Commerce a notice of appeal pursuant to section 307(c)(3)(A) of the Coastal Zone Management Act (CZMA). The appeal is taken from an objection by the Puerto Rico Planning Board (PRPB) to Appellant's consistency certification for a permit to install 50 helix-screw anchor moorings at Guania Bay, Guanica, Puerto Rico. The CZMA provides that a timely objection by a state precludes any federal agency from issuing licenses or permits for the activity unless the Secretary finds that the activity is either "consistent with the objectives" of the CZMA or "necessary in the interest of security." Section 307(c)(3)(A). On January 23, 2001, Mr. Keegan filed with the Secretary a brief supporting the appeal. The PRPB filed a reply brief on February 23, 2001. The Secretary published a **Federal Register** notice and request for comments on March 20, 2001.

The Department of Commerce has received information indicating that John T. Keegan died on May 30, 2001. The Secretary now invites any persons or entities who believe they have some right to continue the consistency appeal in the place of John T. Keegan or any entity in which he might have had an interest, to make their position known to the National Oceanic and Atmospheric Administration. Those persons who believe they have some rights in this particular appeal, as heirs, interest or assigns or otherwise representing John T. Keegan or any company or business of John T. Keegan, should send their views in writing, no later than 30 days from the date of this Notice, to Suzanne Bass, Office of the Assistant General Counsel for Ocean Services, National Oceanic and Atmospheric Administration U.S. Department of Commerce, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910, 301-713-2967.
