

Based on feedback received on the IIP, the meetings, and the project site visit, the City of Broken Bow will prepare a Scoping Document 1 (SD1) which will provide information on the scoping process, APEA schedule, background information, potential environmental issues, and proposed project alternatives. Additional meetings may be held to assist in the development of SD1.

Upon issuance of SD1, the City of Broken Bow and the Commission will issue public notice of its availability and will hold a public scoping meeting(s) pursuant to the National Environmental Policy Act of 1969 (NEPA).

All interested individuals, organizations, and agencies are invited and encouraged to attend the informational meetings on the IIP and project site visit, and to assist in the identification of environmental issues that should be included in SD1.

October 18, 2001.

Rule 2010 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding.¹ The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or

issue in the proceeding for which the list is established.

The Commission staff is consulting with the Maine State Historic Preservation Officer (hereinafter, SHPO) and the Advisory Council on Historic Preservation (hereinafter, Advisory Council) pursuant to the Council's regulations, 36 CFR part 800, implementing Section 106 of the National Historic Preservation Act, as amended, (16 U.S.C. Section 470 f), to prepare a Programmatic Agreement for managing properties included in, or eligible for inclusion in, the National Register of Historic Places at Project No. 11566-000.

The Programmatic Agreement, when executed by the Commission, the SHPO, and the Advisory Council, would satisfy the Commission's Section 106 responsibilities for all individual undertakings carried out in accordance with the license until the license expires or is terminated (36 CFR 800.13[e]). The Commission's responsibilities pursuant to Section 106 for the project would be fulfilled through the Programmatic Agreement, which the Commission staff proposes to draft in consultation with certain parties listed below. The executed Programmatic Agreement would be incorporated into any license issued.

Ridgewood Maine Hydro Partners, L.P., as prospective licensee for Project No. 11566-000, is invited to participate in consultations to develop the Programmatic Agreement and to sign as a concurring party to the Programmatic Agreement. For purposes of commenting on the Programmatic Agreement, we propose to restrict the service list for Project No. 11566-000 as follows:

Dr. Arthur E. Spiess, ME Historic Preservation Commission, 55 Capitol Street, State House Station 65, Augusta, ME 04330

Kevin Mendik, National Park Service, 15 State Street, Boston, MA 02109

Any person on the official service list for the above-captioned proceedings may request inclusion on the restricted service list, or may request that a restricted service list not be established, by filing a motion to that effect within

15 days of this notice date. An original and 8 copies of any such motion must be filed with the Secretary of the Commission (888 First Street, NE., Washington, DC 20426) and must be served on each person whose name appears on the official service list. If no such motions are filed, the restricted service list will be effective at the end of the 15 day period. Otherwise, a further notice will be issued ruling on the motion.
