

13. Midwest Independent Transmission System Operator, Inc.

[Docket No. ER02-103-000]

Take notice that on October 15, 2001, the Midwest Independent Transmission System Operator, Inc. (Midwest ISO) tendered for filing with the Federal Energy Regulatory Commission (Commission) an amendment to Section 17.5 of the Midwest ISO's Open Access Transmission Tariff to charge a fee for non-confirmed transmission service requests for transmission service greater than one week.

The Midwest ISO requests that the amendment become effective December 15, 2001. Copies of this filing were electronically served upon Midwest ISO Members, Member representatives of Transmission Owners and Non-Transmission Owners, the Midwest ISO Advisory Committee participants, Policy Subcommittee participants, as well as all state commissions within the Midwest ISO region.

Comment date: November 5, 2001, in accordance with Standard Paragraph E at the end of this notice.

14. Lakefield Junction, L.P.

[Docket No. ER02-104-000]

Take notice that on October 15, 2001, Lakefield Junction, L.P. (Lakefield) tendered for filing with the Federal Energy Regulatory Commission (Commission) a Notice of Cancellation of its FERC Electric Tariff Original Volume No. 1.

Lakefield requests that the cancellation be accepted and made effective as of December 14, 2001.

Comment date: November 5, 2001, in accordance with Standard Paragraph E at the end of this notice.

15. South Carolina Electric & Gas Company

[Docket No. ER02-105-000]

Take notice that on October 16, 2001, South Carolina Electric & Gas Company (SCE&G) submitted to the Federal Energy Regulatory Commission (Commission) four service agreements: a transmission service agreement for firm point-to-point service and a transmission service agreement for non-firm point-to-point service between SCE&G and Calpine Energy Services, L.P. (Calpine) and a transmission service agreement for firm point-to-point service and a transmission service agreement for non-firm point-to-point service between SCE&G and Entergy-Koch Trading, Inc. (Entergy-Koch) under SCE&G's Open Access Transmission Tariff.

SCE&G requests an effective date of October 16, 2001 for all four agreements.

Accordingly, SCE&G requests waiver of the Commission's notice requirements. Copies of this filing were served upon Calpine, Entergy-Koch and the South Carolina Public Service Commission.

Comment date: November 6, 2001, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraph

E. Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Project No. 2416-009 South Carolina]****Aquenergy Systems, Inc.; Notice of Availability of Draft Environmental Assessment**

October 19, 2001.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license for the Ware Shoals Hydroelectric Project and has prepared a Draft Environmental Assessment (DEA) for the project. The project is

located on the Saluda River, in the Town of Ware Shoals, within the counties of Laurens, Greenwood, and Abbeville, South Carolina. No federal lands or facilities are occupied or used by the project.

The DEA contains the staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the DEA is on file with the Commission and is available for public inspection. The DEA may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link—select "Docket#" and follow the instructions (call 202-208-2222 for assistance).

Any comments should be filed within 30 days from the date of this notice and should be addressed to David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426. Please affix Project No. 2416-009 to all comments. Comments may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Project No. 2724-023 Ohio]****City of Hamilton, Ohio; Notice of Availability of Environmental Assessment**

October 19, 2001.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license for the City of Hamilton Hydroelectric Project, located on the Great Miami River in Butler County, and partially within the city limits of Hamilton, Ohio, and has prepared an Environmental Assessment (EA) for the project.

The EA contains the staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is on file with the Commission and is available for public inspection. The EA may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link—select "Docket #" and follow the instructions (call 202–208–2222 for assistance).

Federal Energy Regulatory Commission

[Project Nos. 2576–022 and 2597–019–Connecticut]

Northeast Generation Company; Notice of Intent To Prepare an Environmental Impact Statement

October 19, 2001.

On August 31, 1999, the Federal Energy Regulatory Commission (Commission) received an application for a New Major License for the Housatonic River Project located on the Housatonic River in Fairfield, New Haven, and Litchfield counties, Connecticut. The application for a New Major License for the Falls Village Project (P–2576) and the Housatonic Project (P–2597) proposes to combine the two projects into a single licensed project, the Housatonic River Project. Approximately 74 acres of land are within project boundaries. The project would include five developments with a total installed capacity of 114.9 megawatts.

Public scoping meetings were held on December 4, 6, and 7, 2000, in Falls Village, New Milford, and Hartford, Connecticut, respectively. Following scoping and based on preliminary environmental analysis of the Housatonic River Project, the Commission staff has determined that licensing of the Housatonic River Project could constitute a major federal action significantly affecting the quality of the human environment. Therefore, the staff intends to prepare an Environmental Impact Statement (EIS) for the Housatonic River Project in

accordance with the National Environmental Policy Act (NEPA). The EIS will consider both site-specific and cumulative environmental impacts and reasonable alternatives to the proposed action.

Commission staff prepared the Scoping Document 2 (SD2) to provide the public with information on: (1) the proposed action and alternatives; (2) the environmental analysis process staff will follow to prepare the EIS; and (3) a revised list of issues to be addressed in the EIS. Copies of the SD2 were distributed to the Commission's service and mailing lists for this project. The SD2 may also be viewed on the Internet at <http://www.ferc.gov>, and then using the "RIMS" link, select "Docket #" and follow the instructions (call 202–208–2222 for assistance).

A draft EIS will be issued and circulated for review by all interested parties. All comments filed on the draft EIS will be analyzed by the Commission staff and considered in the final EIS. The staff's conclusions and recommendations will then be presented for the consideration of the Commission in reaching its final licensing decision.

This application is not ready for environmental analysis at this time, therefore we are not soliciting terms and conditions at this time.

This notice informs all interested individuals, organizations, and agencies with environmental expertise and concerns, that: (1) the Commission staff has decided to prepare an EIS; and (2) that the scoping conducted on the Housatonic River Project for the Environmental Assessment (EA) and comments filed with the Commission still apply.

If you have any questions regarding this notice, please contact Jarrad Kosa, FERC Team Leader, at (202) 219–2831.
