

annexes is controlled by security guards and admission is limited to those individuals possessing a valid identification card or individuals under proper escort. All records containing personal information are maintained in secured file cabinets or in restricted areas, access to which is limited to authorized personnel. Access to computerized files is password-protected and under the direct supervision of the system manager. The system manager has the capability of printing audit trails of access from the computer media, thereby permitting regular and ad hoc monitoring of computer usage.

RETENTION AND DISPOSAL:

These records will be maintained until they become inactive, at which time they will be retired or destroyed in accordance with published records schedules of the Department of State and as approved by the National Archives and Records Administration. More specific information may be obtained by writing to the Director; Office of IRM Programs and Services; SA-2; Department of State; 515 22nd Street, NW.; Washington, DC 20522-6001.

SYSTEM MANAGER(S) AND ADDRESS:

Director; Systems Administration; Bureau of Economic and Business Affairs; Department of State; 2201 C Street, NW.; Washington, DC 20520.

NOTIFICATION PROCEDURE:

Individuals who have reason to believe that the Office of Policy Analysis and Public Diplomacy might have records pertaining to themselves should write to the Director; Office of IRM Programs and Services; Department of State; SA-2; 515 22nd Street NW.; Washington, DC 20522-6001. The individual must specify that he/she wishes the Bureau of Economic and Business Affairs Contact List to be checked. At a minimum, the individual should include: name, date and place of birth, current mailing address and zip code, signature, and preferably his/her social security number.

RECORD ACCESS AND AMENDMENT PROCEDURES:

Individuals who wish to gain access to or amend records pertaining to themselves should write to the Director, Office of IRM Programs and Services (address above).

RECORD SOURCE CATEGORIES:

These records contain information obtained primarily from the individual who is the subject of these records. The records may also include information obtained from the Bureau of Economic

and Business Affairs officials who have an association or working relationship with the individual.

SYSTEMS EXEMPTED FROM CERTAIN PROVISIONS OF THE ACT:

None.

BILLING CODE 4710-24-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Meeting of the Industry Sector Advisory Committee on Small and Minority Business (ISAC-14)

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of an opened Meeting.

SUMMARY: The Industry Sector Advisory Committee on Small and Minority Business (ISAC-14) will hold an opened meeting on November 13, 2001, from 9 a.m. to 3 p.m.

DATES: The meeting is scheduled for November 13, 2001, unless otherwise notified.

ADDRESSES: The meeting will be held in Conference Room 3720, of the Minority Business Development Agency (MBDA), located at 26 Federal Plaza, New York, NY, 10278.

FOR FURTHER INFORMATION CONTACT: Millie Sjoberg, Pam Wilbur or Kelly Parsons (principal contacts), at (202) 482-4792, Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230 or myself on (202) 395-6120.

SUPPLEMENTARY INFORMATION: During the opened portion of the meeting the agenda topics to be addressed will be:

- Presentation by officials from the Small Business Administration (SBA), MBDA, U.S. Customs, Federal Emergency Management Agency (FEMA), the New York City Mayor's office, the New York City Comptroller, the New York City public advocate, the New York City Fire Department, and a Wall Street Journal journalist; and
- Presentation by a New York City USFCS officer.

Elizabeth A. Gianini,

Acting Assistant U.S. Trade Representative for Intergovernmental Affairs and Public Liaison.

BILLING CODE 3190-01-M

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Trade Policy Staff Committee; Public Comments on Potential Action Under Section 203 of the Trade Act of 1974 With Regard to Imports of Certain Steel

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of request for comments on what action the President should take under section 203 of the Trade Act of 1974, as amended, (19 U.S.C. 2253) to facilitate efforts by the domestic industries producing certain steel products to make a positive adjustment to import competition and provide greater economic and social benefits than costs.

SUMMARY: This publication gives notice that the Trade Policy Staff Committee (TPSC) is requesting comments from interested persons related to the recommendation that the interagency group established under section 242(a) of the Trade Expansion Act of 1962 (19 U.S.C. 1872(a)) (interagency group) makes as to what action the President should take under section 203(a) of the Trade Act of 1974, as amended, (19 U.S.C. 2253(a)) (Trade Act) to facilitate efforts by the domestic industries producing certain steel products to make a positive adjustment to import competition and provide greater economic and social benefits than costs.

The steel products covered by this notice are: (1) Carbon and alloy steel slabs, plate (including cut-to-length plate and clad plate), hot-rolled sheet and strip (including plate in coils), cold-rolled sheet and strip (other than grain-oriented electrical steel), and corrosion-resistant and other coated sheet and strip; (2) carbon and alloy hot-rolled bar and light shapes; (3) carbon and alloy cold-finished bar; (4) rebar; (5) carbon and alloy welded tubular products (other than oil country tubular goods); (6) carbon and alloy flanges, fittings, and tool joints; (7) stainless steel bar and light shapes; (8) stainless steel rod; (9) carbon and alloy tin mill products; (10) tool steel, all forms; (11) stainless steel wire; and (12) stainless steel flanges and fittings. On October 22, the U.S. International Trade Commission (ITC) found that increased imports of the products listed in (1) through (8) are a substantial cause of serious injury or the threat of serious injury to the domestic industries producing those products. The Commissioners voting were equally divided with respect to the determination whether increased imports of products listed in (9) through (12) are a substantial cause of serious

injury or the threat of serious injury to the domestic industry producing those products.

The TPSC is requesting comments on actions that the commenting person or entity intends to take to facilitate the positive adjustment to import competition; requests for exclusions of products from any increased duty, tariff-rate quota, or quantitative restriction that the President may impose under section 203(a) of the Trade Act; and comments on what action, if any, the President should take under section 203(a) of the Trade Act in response to each affirmative finding of serious injury or threat thereof to a domestic industry announced by the ITC.

DATES: Written proposals on adjustment actions should be submitted no later than November 5, 2001; responses to proposals should be submitted no later than November 19, 2001. Requests for the exclusion of specific products from any action under section 203(a) should be submitted by noon on November 13, 2001; responses to requests should be submitted no later than November 27, 2001. Written comments on what action, if any, the President should take under section 203(a) of the Trade Act should be submitted no later than noon on December 28, 2001; responses to written comments should be submitted no later than noon on January 8, 2002.

FOR FURTHER INFORMATION CONTACT: For procedural questions concerning public comments, contact Gloria Blue, Executive Secretary, TPSC, Office of the USTR, 600 17th Street, NW., Washington, DC 20508 (202) 395-3475. All other questions should be addressed to Andrew Stephens, Director for Steel Trade Policy, Office of the USTR (202) 395-6160.

SUPPLEMENTARY INFORMATION: On October 22, 2001, the ITC issued affirmative determinations under section 202(b) of the Trade Act (22 U.S.C. 2252(b)) that (1) carbon and alloy steel slabs, plate (including cut-to-length plate and clad plate), hot-rolled sheet and strip (including plate in coils), cold-rolled sheet and strip (other than grain-oriented electrical steel), and corrosion-resistant and other coated sheet and strip; (2) carbon and alloy hot-rolled bar and light shapes; (3) carbon and alloy cold-finished bar; (4) rebar; (5) carbon and alloy welded tubular products (other than oil country tubular goods); (6) carbon and alloy flanges, fittings, and tool joints; (7) stainless steel bar and light shapes; and (8) stainless steel rod are being imported in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to the domestic

industries producing those products. The Commissioners voting were equally divided with respect to the determination under section 202(b) of the Trade Act as to whether increased imports of (9) carbon and alloy tin mill products; (10) tool steel, all forms; (11) stainless steel wire; and (12) stainless steel flanges and fittings are being imported in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to the domestic industries producing those products. The ITC is in the process of deciding what action under section 202(e) of the Trade Act to recommend that would address the serious injury, or threat thereof, to the domestic industries and most effectively facilitate the efforts of the domestic industries to make positive adjustments to import competition. The ITC must issue a report on its determinations and recommendations to the President no later than December 19, 2001.

Pursuant to section 203(a)(1)(C) of the Trade Act, the interagency group will subsequently make a recommendation to the President as to what action, if any, to take under section 203(a)(1)(A) of the Trade Act. In making its recommendation, the interagency group will take into account the factors listed in Section 203(a)(2), including the objectives and actions specified in any adjustment plans submitted under section 202(a)(4) of the Trade Act and any individual commitments under section 202(a)(6) of the Trade Act. The interagency group will also consider and make a recommendation with regard to any request for exclusion of a product from any import relief provided under section 203.

In light of the number of articles subject to the ITC's determination, the number of persons who may wish to comment on the action that the President may take under section 203, and the complexity of the issues involved, the TPSC has decided to adopt special guidelines for the submission of comments and the conduct of meetings with interested persons.

Written Proposals on Adjustment Actions

The TPSC invites written proposals from any

- Firm in the domestic industries;
- Certified or recognized union or group of workers in the domestic industries;
- State or local community;
- Trade association representing the domestic industries; or
- Any other interested person or group of interested persons

regarding the actions that the commenting person or entity intends to take to facilitate the positive adjustment to import competition.

Written proposals on adjustment actions should be as specific as possible and should:

(a) Assess current problems affecting the industries' ability to compete with imports;

(b) Indicate the types of actions that workers and firms will undertake during a period of import relief to improve the ability of the industries to compete after relief terminates or to facilitate adjustment to increased import competition;

(c) Recommend types of actions that may be taken by Federal agencies or departments to assist the domestic industries' efforts either to enhance their competitiveness or to adjust to import competition; and

(d) Explain how import relief will assist in achieving these objectives.

Written proposals on adjustment actions should be submitted no later than noon on November 5, 2001.

The TPSC also invites any person or entity listed above to submit a written comment on any written proposal on positive adjustment actions. Written comments should be as specific as possible, including recommendations, and should be submitted no later than noon on November 19, 2001.

Requests To Exclude Products From Import Relief Under Section 203

The TPSC will consider requests by a producer, importer, or purchaser of certain steel products for the exclusion of a particular product, defined in terms of its unique physical characteristics, from any increased duty, tariff-rate quota, or quantitative restriction that the President may impose under section 203(a) of the Trade Act. Any such request must be made in writing, and contain the following information:

(a) The designation of the product under a recognized standard or certification (*e.g.*, ASTM, DIN), or the commercial name for the product and the HTS number under which the product enters the United States;

(b) A description of the product based on physical characteristics (*e.g.*, chemical composition, metallurgical properties, dimensions, surface quality) so as to distinguish the product from products for which exclusion is not sought;

(c) The basis for requesting an exclusion;

(d) The names and locations of any producers, in the United States and foreign countries, of the product;

(e) Total U.S. consumption of the product, if any, by quantity and value for each year from 1996 to 2000, and projected annual consumption for each year from 2001 to 2005, with an explanation of the basis for the projection;

(f) Total U.S. production of the product for each year from 1996 to 2000, if any; and

(g) The identity of any U.S.-produced substitute for the product, total U.S. production of the substitute for each year from 1996 to 2000, and the names of any U.S. producers of the substitute.

Requests should be as specific as possible. If precise data are not available, the request should include estimates, and describe in detail the basis for making the estimate. All requests should be submitted by noon on November 13, 2001.

The TPSC invites responses to any request for exclusion submitted in accordance with this notice. Responses should provide, with as much specificity as possible, any data, views or recommendations relevant to the TPSC's consideration of the request. All responses should be submitted by noon on November 27, 2001.

The TPSC may disregard any request for exclusion or response to a request for exclusion submitted after the specified time and date.

TPSC Evaluation of Options for Action Under Section 203

The TPSC will begin its evaluation of options for action by the President under section 203 after the ITC issues its report on serious injury and recommended remedy. As part of that process, the TPSC invites written comments from interested persons on what action, if any, the President should take under section 203(a) of the Trade Act in response to each affirmative determination of injury or threat thereof to a domestic industry made by the ITC. Written comments should be as specific as possible, including data, views and recommendations, and may address the following options authorized under section 203(a)(3):

(a) Whether to take an action in the form of an increase in duties, a tariff-rate quota, a quantitative restriction, or some combination of such actions on an imported article covered by an affirmative determination by the ITC and, if so, the rate of any duty, rate and affected quantity of any tariff-rate quota, or level of any quantitative restriction;

(b) The duration of any action;

(c) Whether to provide trade adjustment assistance under chapter 2 of the Trade Act of 1974 (19 U.S.C. 2271 *et seq.*), or any other form of adjustment

assistance, to the domestic industries and, if so, the nature of the assistance;

(d) Whether to proclaim procedures to allocate among importers by the auction of import licenses quantities of any product that are permitted to be imported into the United States;

(e) Whether to negotiate agreements with foreign countries limiting the export from those countries and import into the United States of an article subject to the ITC's affirmative determination;

(f) Whether to initiate international negotiations to address the underlying cause of the increase in imports of the article or otherwise to alleviate the injury or threat thereof;

(g) Whether to submit to Congress legislative proposals to facilitate the efforts of the domestic industries to make positive adjustments to import competition; and

(h) Whether the President should take any other action under the authority of law.

Written comments should be submitted no later than noon on December 28, 2001.

The TPSC invites responses to any written comments submitted in accordance with this notice. Responses should provide, with as much specificity as possible, any data, views or recommendations relevant to the TPSC's consideration of the comments. All responses should be submitted no later than noon on January 8, 2002.

Written Comments

Persons submitting written comments, requests, or other information in accordance with this notice should, no later than the date and time listed above, either send twenty (20) copies by U.S. mail, first class, postage prepaid, to Gloria Blue at the address listed above or transmit a single copy electronically to FR0001@ustr.gov. A document sent by U.S. mail will be considered timely only if it is postmarked on or before the relevant date and time. A document transmitted electronically will be considered timely if received on or before the relevant date and time. The TPSC will not accept submissions delivered by messenger or commercial overnight delivery service. Any submission more than five (5) pages long should be accompanied by a table of contents and a concise executive summary. The TPSC also suggests that requests for exclusion and responses to requests for exclusion be no more than ten (10) pages in length, and that all other submissions be no more than twenty-five (25) pages in length.

Written comments, requests, or other information submitted by U.S. mail

should be accompanied by a computer disk containing an electronic copy of the public or non-confidential version of the submission in a commercial word processing or spreadsheet format. The disk should have a label identifying the software used, the submitter, and the title of the submission. In addition, submitters should take steps to ensure that they delete *all* business confidential information from the electronic copy of any public or non-confidential document.

Written comments, requests, or other information submitted in connection with this request, except for information granted "business confidential" status pursuant to 15 CFR 2003.6, will be available for public inspection in the USTR Reading Room, Room 3, 1724 F Street, NW., Washington, DC 20508. An appointment to review the file may be made by calling Brenda Webb at (202) 395-6186. The Reading Room is open to the public from 10:00 a.m. to 12 noon, and from 1 p.m. to 4 p.m. Monday through Friday. These submissions will also be available on the USTR web site, www.ustr.gov.

Business confidential information will be subject to the requirements of 15 CFR 2003.6. Any business confidential material must be clearly marked as such on the cover letter or page and each succeeding page, and must be accompanied by a non-confidential summary thereof, in the form specified above. A justification as to why the information contained in the submission should be treated confidentially must be included in the submission. The TPSC requests interested persons to summarize any deleted business confidential information by (1) providing a written characterization of any business confidential information in narrative form; and (2) aggregating, ranging, or indexing any numerical business confidential information.

If a document containing business confidential information is submitted by U.S. mail, twenty (20) copies of the business confidential submission and twenty (20) copies of a public version that does not contain business confidential information must be submitted. Any submissions containing business confidential information must be clearly marked "Business Confidential" at the top and bottom of the cover page (or letter) and each succeeding page of the submission. The version that does not contain business confidential information should also be clearly marked, at the top and bottom of each page, "public version" or "non-confidential." If a document containing business confidential information is

submitted by electronic transmission, one copy of the business confidential version and one copy of a public version must be submitted. The name of the business confidential version should begin with the characters "BC-", and the name of the public version should begin with the characters "P-." The electronic copy of each document should have a header and footer on each page indicating whether it is "Business Confidential" or "public version" or "non-confidential."

Carmen Suro-Bredie,

Chair, Trade Policy Staff Committee.

DEPARTMENT OF TRANSPORTATION

Coast Guard

[CGD08-01-038]

Proposed Faciane Canal Bridge Project; Faciane Canal Near Slidell, St. Tammany Parish, LA

AGENCY: Coast Guard, DOT.

ACTION: Notice of public hearing; request for comments.

SUMMARY: The Coast Guard will hold a public hearing to receive comments on an application by Waterfront Developers L.L.C. for Coast Guard approval of the location and plans for a proposed bridge. The proposed location of the bridge is across the Faciane Canal, mile 0.1, near Slidell, St. Tammany Parish, Louisiana. The hearing will allow interested persons to present comments and information concerning the impact of the proposed bridge project on navigation and the human environment.

DATES: This hearing will be held on November 28, 2001, commencing at 7 p.m. Comments must be received by December 13, 2001. Requests to speak and requests for services must be received in the office of Bridge Administration at the address given under **ADDRESSES** by November 21, 2001.

ADDRESSES: The hearing will be held at the cafeteria of Salmen High School, 4040 Berkley Drive, Slidell, Louisiana 70458.

Written comments may be submitted to, and will be available for examination between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays at the office of the Eighth Coast Guard District, Bridge Administration Branch, Commander (obc), 501 Magazine Street, New Orleans, Louisiana 70130-3396. Please submit all comments in an

unbound format, no larger than 8 x 11 inches, suitable for copying and electronic filing. Persons wanting acknowledgement of receipt of comments should enclose a stamped, self-addressed postcard or envelope.

FOR FURTHER INFORMATION CONTACT: Mr. David Frank, Project Officer, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION:

Background

The proposed project consists of constructing a movable bridge from Carr Drive to Paradise Island across the Faciane Canal. The proposed bridge will be 135 feet long and will have a clear roadway width of 12 feet. The applicant, based upon comments from interested persons, has moved the location of the draw of the bridge to the approximate center of the channel and has increased the horizontal clearance to 30 feet between the fender system. The vertical clearance of the proposed bridge in the closed-to-navigation position is 5.7 feet above mean high water, elevation 1.3 feet above Mean Sea Level (MSL) and unlimited in the open-to-navigation position.

The proposed bridge, if approved, will be operated and lighted in accordance with the requirements of Title 33, Code of Federal Regulations, Parts 117 and 118. The bridge will be maintained in the open-to-navigation position and close for vehicular traffic by code control panels accessible only to authorized personnel.

The Coast Guard, as lead federal agency for the proposed project, has reviewed the applicant-prepared Environmental Assessment (EA). Based upon the EA, the Coast Guard has tentatively determined that the proposed action will not have a significant impact on the environment for purposes of the National Environmental Policy Act (NEPA). A Coast Guard Finding of No Significant Impact (FONSI) will be prepared as the final environmental document for the proposed project unless significant impacts are identified as a result of this public notification process to warrant the preparation of an Environmental Impact Statement (EIS).

Only two alternatives are currently being considered for this project. These alternatives are defined as the "build" and "no-build" alternatives.

Procedural

Individuals and representatives of organizations that wish to present testimony at the hearing or who want to be placed on the project mailing list,

may submit a request to this office at the address listed under **ADDRESSES** clearly indicating name and organization represented, if applicable. Requests to speak should be received no later than November 21, 2001 in order to ensure proper scheduling for the hearing. Attendees at the hearing who wish to present testimony and have not previously made a request to do so, will follow those attendees who have made a request as time permits. Speakers will be called in the order of receipt of their request. Depending upon the number of scheduled statements, the Coast Guard may limit the amount of time allowed for each speaker. Written statements and other exhibits in lieu of, or in addition to, oral statements made at the hearing may be submitted to this office at the address listed under **ADDRESSES** until December 13, 2001, for inclusion in the public hearing transcript.

Information on Services for Individuals With Disabilities

For information about facilities or services for individuals with disabilities or to request special assistance at the meeting, contact the Commander, Eighth Coast Guard District (obc). Please request these services by contacting this office at the phone number under **FOR FURTHER INFORMATION CONTACT** or in writing at the address listed under **ADDRESSES**. Any requests for an oral or sign language interpreter must be received by November 21, 2001.

Authority: 33 U.S.C. 513, 49 CFR 1.46.

Dated: October 17, 2001.

J.R. Whitehead,

Captain, U.S. Coast Guard, Commander, 8th Coast Guard District, Acting.
