Background

With this notice of intent, the FHWA and the NPS are initiating the National Environmental Policy Act (NEPA) process including the preparation of an environmental impact statement, for the Manassas National Battlefield Bypass to study potential alternatives to relocate US Route 29 and VA Route 234 in, and in the vicinity of, the Manassas National Battlefield Park in Manassas, Virginia. In 1988, the Congress enacted Public Law 100-647, 102 Stat. 3342, 3810. Title X of this Act is cited as the Manassas National Battlefield Park Amendments of 1988. In section 1004, the legislation states that:

[T]he Secretary of the Interior * * * in consultation with the Commonwealth of Virginia, the Federal Highway Administration, and Prince William County, shall conduct a study regarding the relocation of highways (known as Routes 29 and 234) in, and in the vicinity of, the Manassas National Battlefield Park. * * * The study shall include an assessment of available alternatives, together with cost estimates and recommendations regarding preferred options. The study shall specifically consider and develop plans for the closing of those public highways (known as Routes 29 and 234) that transect the park and shall include analysis of the timing and method of such closures and of means to provide alternative routes for traffic now transecting the park. The Secretary shall

provide for extensive public involvement in the preparation of the study.

Recognizing that NEPA requires the consideration of a reasonable range of alternatives that will address the Purpose and Need, the environmental impact statement will include a range of alternatives for detailed study consisting of a no-build alternative as well as other alternatives including transportation system management strategies, mass transit, improvements to existing roadways, and/or new alignment facilities. These alternatives will be developed, screened, and subjected to detailed analysis in the draft environmental impact statement based on their ability to address the Purpose and Need, while attempting to avoid known and sensitive resources.

Letters describing the proposed NEPA study and soliciting input will be sent to the appropriate Federal, State and local agencies who have expressed or are known to have an interest or legal role in this proposal. It is anticipated that a formal scoping meeting will be held as part of the NEPA process to facilitate local, state, and federal agency involvement. Private organizations, citizens, and interest groups will also have an opportunity to provide input into the development of the Environmental Impact Statement and identify issues that should be addressed. A comprehensive public participation program will be developed to involve the public in the project development process. Notices of public meetings or public hearings will be given through various forums providing the time and place of the meeting along with other relevant information. The draft environmental impact statement will be available for public and agency review and comment prior to the public meetings/hearings.

To ensure that the full range of issues related to this proposed action are identified and taken into account, comments and suggestions are invited from all interested parties. Comments and questions concerning this notice of proposed action and when the draft environmental impact statement is made available should be directed to the FHWA at the address provided under the caption **FOR FURTHER INFORMATION CONTACT**.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this proposed action.)

Authority: [23 U.S.C. 315; 49 CFR 1.48]

Issued on: October 18, 2001.

Donald R. Tuggle,

Director, Program Administration, Federal Highway Administration, Sterling, Virginia.

Terry Carlstrom,

Regional Director, National Park Service, National Capital Region, Washington, DC.

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[FTA Docket No. F74-2001-109.3]

Agency Information Collection Activity Under OMB Review

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), this notice announces the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for extension of the currently approved information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments was published on August 15, 2001.

DATES: Comments must be submitted before December 3, 2001. A comment to OMB is most effective if OMB receives it within 30 days of publication.

FOR FURTHER INFORMATION CONTACT: Sylvia L. Marion, Office of Administration, Office of Management Planning, (202) 366-6680.

SUPPLEMENTARY INFORMATION:

Title: Charter Service Operations (OMB Number: 2132-0543).

Abstract: 49 U.S.C. section 5323(d) requires all applicants for financial assistance from FTA to enter into a charter bus agreement with the Secretary of Transportation (delegated to the Administrator of FTA in 49 CFR section 1.51(a)). 49 U.S.C. section 5323(d) provides protections for private intercity charter bus operators from unfair competition by FTA recipients. 49 U.S.C. section 5302(a)(7) as interpreted by the Comptroller General permits FTA recipients, but does not state that recipients have a right, to provide charter bus service with FTA-funded facilities and equipment only if it is incidental to the provision of mass transportation service. These statutory requirements have been implemented in FTA's charter regulation, 49 CFR section 604.

49 CFR section 604.7 requires all applicants for financial assistance under

49 U.S.C. section 5309, 5336, or 5311 to include two copies of a charter bus agreement with the first grant application submitted after the effective date of the rule. The applicant signs the agreement, but FTA executes it only upon approval of the application. This is a one-time submission with incorporation by reference in subsequent grant applications. 49 CFR section 604.11(b) requires recipients to provide notice to all private charter operators and allows them to submit written evidence demonstrating that they are willing and able to provide the charter service the recipient is proposing to provide. The notice must be published in a newspaper and sent to any private operator requesting notice and to the United Bus Owners of America and the American Bus Association, the two trade associations to which most private charter operators belong. To continue receiving federal financial assistance, recipients must publish this notice annually. 49 CFR section 604.13(b) requires recipients to review the evidence submitted and notify the submitter of its decision. This notice is also an annual requirement. On December 30, 1988, FTA issued an amendment to the Charter Service regulation that allows additional exceptions for certain non-profit social service groups that meet eligibility requirements.

Estimated Total Annual Burden: 1,984 hours.

Addresses: All written comments must refer to the docket number that appears at the top of this document and be submitted to the Office of Information and Regulatory Affairs, Office of evidence demonstrating that they are willing and able to provide the charter service the recipient is proposing to provide. The notice must be published in a newspaper and sent to any private operator requesting notice and to the United Bus Owners of America and the American Bus Association, the two trade associations to which most private charter operators belong. To continue receiving federal financial assistance, recipients must publish this notice annually. 49 CFR section 604.13(b) requires recipients to review the evidence submitted and notify the submitter of its decision. This notice is also an annual requirement. On December 30, 1988, FTA issued an amendment to the Charter Service regulation that allows additional exceptions for certain non-profit social service groups that meet eligibility requirements.

Respondents: State and local government, business or other for-profit institutions, and non-profit institutions.

Estimated Annual Burden on Respondents: 1.2 hours for each of the 1,656 respondents.

Estimated Total Annual Burden: 1,984 hours.

Frequency: Annual.

Issued: October 26, 2001.

Timothy B. Wolgast,

Acting Associate Administrator for Administration.

BILLING CODE 4910-57-U

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

Transfer of Federally Assisted Land or Facility

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of intent to transfer Federally assisted land or facility.

SUMMARY: Section 5334(g) of the Federal Transit Laws, as codified, 49 U.S.C. 5301, et seq., permits the Administrator of the Federal Transit Administration (FTA) to authorize a recipient of FTA funds to transfer land or a facility to a public body for any public purpose with no further obligation to the Federal Government if, among other things, no Federal agency is interested in acquiring the asset for Federal use. Accordingly, FTA is issuing this Notice to advise Federal agencies that the former Loves Park Transit System intends to transfer a maintenance facility to the City of Loves Park for its Streets and Sanitation Department to use the building as a maintenance facility. The City of Loves Park currently owns the land, and the proposed transfer only includes transfer of the building. The facility consists of a one and two-story concrete block automotive/transit building which is approximately 52,561 square feet situated within a light industrial district of Loves Park, Illinois, with rights of ingress and egress onto the northerly side of Lawn Drive.

EFFECTIVE DATE: Any Federal agency interested in acquiring the facility must notify the FTA Region V Office of its interest by December 3, 2001.

ADDRESSES: Interested parties should notify the Regional Office by writing to Joel P. Ettinger, Regional Administrator, Federal Transit Administration, 200 West Adams, Suite 2410, Chicago, IL 60606.

FOR FURTHER INFORMATION CONTACT: Louise Carter, Director of Operations and Program Management at 312/353-2789.

SUPPLEMENTARY INFORMATION:

Background

49 U.S.C. section 5334(g) provides guidance on the transfer of capital assets. Specifically, if a recipient of FTA assistance decides an asset acquired under this chapter at least in part with that assistance is no longer needed for the purpose for which it was acquired, the Secretary of Transportation may authorize the recipient to transfer the asset to a local governmental authority to be used for a public purpose with no further obligation to the Government.

49 U.S.C. section 5334(g)(1)

Determinations:

The Secretary may authorize a transfer for a public purpose other than mass transportation only if the Secretary decides:

(A) The asset will remain in public use for at least 5 years after the date the asset is transferred;

(B) There is no purpose eligible for assistance under this chapter for which the asset should be used;

(C) The overall benefit of allowing the transfer is greater than the interest of the Government in liquidation and return of the financial interest of the Government in the asset, after considering fair market value and other factors; and

(D) Through an appropriate screening or survey process, that there is no interest in acquiring the asset for Government use if the asset is a facility or land.

Federal Interest in Acquiring Land or Facility

This document implements the requirements of 49 U.S.C. section 5334(g)(1)(D) of the Federal Transit Laws. Accordingly, FTA hereby provides notice of the availability of the land or facility further described below. Any Federal agency interested in acquiring the affected facility should promptly notify the FTA.

If no Federal agency is interested in acquiring the existing facility, FTA will make certain that the other requirements specified in 49 U.S.C. section 5334(g)(1)(A) through (C) are met before permitting the asset to be transferred.

Additional Description of Facility

The property is a maintenance facility, consisting of a one and two-story concrete block automotive/transit building (the "Facility") which is approximately 52,561 square feet situated within a light industrial district of Loves Park, Illinois, with rights of ingress and egress onto the northerly side of Lawn Drive. This is a two lane public street that is asphalt surfaced and
