

of the public business for the purpose of restoring annual leave forfeited under 5 U.S.C. 6304.

(b) For any employee who forfeits annual leave under 5 U.S.C. 6304 at the beginning of a leave year because the agency determined the employee's services were required in response to the national emergency, the forfeited annual leave is deemed to have been scheduled in advance for the purpose of 5 U.S.C. 6304(d)(1)(B) and § 630.308.

(c) Annual leave restored under 5 U.S.C. 6304(d) because of the national emergency must be scheduled and used within the time limits prescribed in paragraphs (c)(1) and (c)(2) of this section:

(1) A full-time employee must schedule and use excess annual leave of 416 hours or less by the end of the leave year in progress 2 years after the date the employee's services are no longer required by the national emergency. The agency must extend this period by 1 leave year for each additional 208 hours of excess annual leave or any portion thereof.

(2) A part-time employee must schedule and use excess annual leave in an amount equal to or less than 20 percent of the number of hours in the employee's scheduled annual tour of duty by the end of the leave year in progress 2 years after the date the employee's services are no longer required by the national emergency. The agency must extend this period by 1 leave year for each additional number of hours of excess annual leave, or any portion thereof, equal to 10 percent of the number of hours in the employee's scheduled annual tour of duty.

(d) The time limits established under paragraphs (c)(1) and (c)(2) of this section for using restored annual leave accounts do not apply for the entire period during which an employee's services are required for the national emergency. When coverage under paragraphs (a) and (b) of this section ends, a new time limit will be established under paragraph (c) of this section for all annual leave restored to an employee under 5 U.S.C. 6304(d).

(e) An employee whose services were determined essential during the national emergency, but who subsequently moves to a position not considered essential, must make a reasonable effort to comply with the scheduling requirement in § 630.308(a). The head of the agency or his or her designee may exempt such an employee from the advance scheduling requirement in § 630.308(a) if coverage under paragraphs (a) and (b) of this section terminated during the leave year and the employee can demonstrate that he or

she was unable to comply with the advance scheduling requirement due to circumstances beyond his or her control.

BILLING CODE 6325-39-P

NUCLEAR REGULATORY COMMISSION

10 CFR Part 72

RIN 3150-AG82

List of Approved Spent Fuel Storage Casks: Westinghouse MC-10 Termination; Confirmation of Effective Date

AGENCY: Nuclear Regulatory Commission.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: The Nuclear Regulatory Commission (NRC) is confirming the effective date of November 5, 2001, for the direct final rule that appeared in the *Federal Register* of August 21, 2001 (66 FR 43761). This direct final rule amended the NRC's regulations revising the "List of Approved Spent Fuel Storage Casks" by terminating Certificate of Compliance Number 1001 for the Westinghouse MC-10 cask system. The Westinghouse MC-10 can no longer be used to store spent fuel under a general license. This document confirms the effective date.

DATES: The effective date of November 5, 2001 is confirmed for this direct final rule.

ADDRESSES: Documents related to this rulemaking, including comments received, may be examined at the NRC Public Document Room, 11555 Rockville Pike, Rockville, MD. These same documents may also be viewed and downloaded electronically via the rulemaking Web site (<http://ruleforum.llnl.gov>). For information about the interactive rulemaking website, contact Ms. Carol Gallagher (301) 415-5905; e-mail CAG@nrc.gov.

FOR FURTHER INFORMATION CONTACT: Merri Horn, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Telephone (301) 415-8126 (E-mail: mlh1@nrc.gov).

SUPPLEMENTARY INFORMATION: On August 21, 2001 (66 FR 43761), the NRC published in the *Federal Register* a direct final rule amending its regulations in 10 CFR 72 revising the "List of Approved Spent Fuel Storage Casks" by terminating Certificate of

Compliance Number 1001 for the Westinghouse MC-10 cask system. The Westinghouse MC-10 can no longer be used to store spent fuel under a general license. In the direct final rule, NRC stated that if no significant adverse comments were received, the direct final rule would become final on the date noted above. The NRC did not receive any comments that warranted withdrawal of the direct final rule. Therefore, this rule will become effective as scheduled.

Dated at Rockville, Maryland, this 29th day of October, 2001.

For the Nuclear Regulatory Commission.
Michael T. Lesar,
Chief, Rules and Directives Branch, Division of Administrative Services, Office of Administration.

RIN 2120-AA64

Airworthiness Directives; Overland Aviation Services Fire Extinguishing System Bottle Cartridges

AGENCY: Federal Aviation Administration, DOT.

ACTION: Final rule.

SUMMARY: This amendment adopts a new airworthiness directive (AD) that applies to certain Overland Aviation Services (OAS) fire extinguishing system bottle cartridges that were distributed during a certain time period and are installed on aircraft. This AD requires you to remove from service any of these fire extinguishing system bottle cartridges. This AD is the result of several incidents where the fire extinguishing system bottle cartridges activated with excessive energetic force. In one instance, the discharge valve outlet screen fractured and the screen material went through the distribution manifold. The actions specified by this AD are intended to prevent damage to fire extinguishing system components caused by a fire extinguishing system bottle cartridge activating with excessive energetic force, which could result in the fire extinguishing system operating improperly.

EFFECTIVE DATE: This AD becomes effective on December 10, 2001.
