

DEPARTMENT OF TRANSPORTATION**Surface Transportation Board****[STB Finance Docket No. 34109]****Oakdale Traction Corporation—
Acquisition and Operation
Exemption—Union Pacific Railroad
Company**

Oakdale Traction Corporation (OTC), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to acquire from Union Pacific Railroad Company (UP) and operate a 1.12-mile line of railroad that extends between milepost 123.35 and milepost 124.47, at Oakdale, Stanislaus County, CA (Oakdale line).¹

While Mr. and Mrs. Brichetto, now OTC, may have acquired the Oakdale line on June 27, 2001, the exemption that provides the regulatory approval for this transaction did not become effective until October 23, 2001, 7 days after the filing of the verified notice of exemption by OTC. OTC states that it will commence operating the Oakdale line upon receiving its first request for rail service but not sooner than October 23, 2001.

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to reopen the proceeding to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34109 must be filed with the Surface Transportation Board, Office of the Secretary, Case Control Unit, 1925 K Street, NW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Thomas F. McFarland, Esq., 208 South LaSalle Street, Suite 1890, Chicago, IL 60604-1194.

¹ According to the verified notice of exemption, John Brichetto and Jacqueline Brichetto (Mr. and Mrs. Brichetto) acquired the Oakdale line for rail use from UP by a quitclaim deed on June 27, 2001. OTC states that Mr. and Mrs. Brichetto evidently were unaware of the requirement that they needed Board approval under 49 U.S.C. 10901, or an exemption therefrom under 49 CFR 1150.31, to acquire the Oakdale line. OTC maintains that, upon learning of that requirement, Mr. and Mrs. Brichetto incorporated OTC and conveyed the Oakdale line to it. OTC notes that the Oakdale line is the remaining segment of a 53-mile line of railroad formerly owned by UP's predecessor, the Southern Pacific Transportation Company, that extended between Stockton, CA, and Montpelier, CA (Stockton-Montpelier line). OTC states that its assessment of railroad map information indicates that, except for the Oakdale line, the Stockton-Montpelier line was abandoned sometime between 1975 and 1982.

Background

The Quarterly Report of Class I Motor Carriers of Property (Form QFR) and Annual Report of Class I and Class II Motor Carriers of Property (Form M) are mandated reporting requirements for for-hire motor carriers. Motor carriers required to comply with the BTS

regulations are classified on the basis of their annual gross carrier operating revenues (including interstate and intrastate). Under the financial and operating statistics (F&OS) program the BTS collects balance sheet and income statement data along with information on tonnage, mileage, employees, transportation equipment, and other related data. The data and information collected is made publicly available and used by the BTS to determine a motor carrier's compliance with the F&OS program requirements prescribed in the BTS regulations (49 CFR 1420). The regulations were formerly administered by Interstate Commerce Commission (ICC) and later transferred to the U.S. Department of Transportation on January 1, 1996, by the ICC Termination Act of 1995 (the Act), Public Law 104-88, 109 Stat. 803 (1995) (codified at 49 U.S.C. 14123).

II. Request for Comments

BTS requests comments on any aspects of these information collections, including (1) The accuracy of the estimated burden; (2) ways to enhance the quality, usefulness, and clarity of the collected information; and (3) ways to minimize the collection burden without reducing the quality of the information collected including additional use of automated collection techniques or other forms of information technology.
