

Task Force will assess the possibility of controlling the risk and consequences of a chemical warfare (CW) attack to acceptable national security levels within the next five years.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology, & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting, the Task Force will assess current national security and military objectives with respect to CW attacks; CW threats that significantly challenge these objectives today and in the future; the basis elements (R&D, materiel, acquisition, personnel, training, leadership) required to control risk and consequences to acceptable levels, including counter-proliferation; intelligence, warning, disruption; tactical detection and protection (active and passive); consequence management; attribution and deterrence; and policy. The Task Force will also assess the testing and evaluation necessary to demonstrate and maintain the required capability and any significant impediments to accomplishing this goal.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that this Defense Science Board meeting concerns matters listed in 5 U.S.C. 552b(c)(1), and that accordingly this meeting will be closed to the public.

Dated: November 1, 2001.

L. M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF ENERGY

Office of Science; Fusion Energy Sciences Advisory Committee Renewal

Pursuant to section 14(a)(2)(A) of the Federal Advisory Committee Act (FACA), Public Law 92-463, and section 102-3.65, Title 41 Code of Federal Regulations, and following consultation with the Committee Management Secretariat, General Services Administration (GSA), notice is hereby given that the Fusion Energy Sciences Advisory Committee has been renewed for a two-year period beginning November 2001. The Committee will provide advice to the Department on long-range plans, priorities, and strategies for demonstrating the scientific and technological feasibility of fusion energy.

The renewal of the Fusion Energy Sciences Advisory Committee has been determined to be essential to the conduct of the Department's business and in the public interest in connection with the performance of duties imposed upon the Department of Energy by law. The Committee will continue to operate in accordance with the provisions of the FACA, the GSA regulation on Federal Advisory Committee Management, and other directives and instructions issued in implementation of those acts.

Further information regarding this advisory committee can be obtained from Ms. Rachel Samuel at (202) 586-3279.

Issued in Washington, D.C. on November 1, 2001.
