

effective pursuant to section 19(B)(3)(A)(ii) of the Act<sup>7</sup> and subparagraph (f)(2) of Rule 19b-4<sup>8</sup> thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NE., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submission should refer to File No. SR-CBOE-2001-55 and should be submitted by November 28, 2001.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>9</sup>

**Margaret H. McFarland,**

*Deputy Secretary.*

**U.S. SMALL BUSINESS ADMINISTRATION**

[Declaration of Disaster #3371]

**State of Oklahoma**

As a result of the President's major disaster declaration on October 25, 2001, and a notice received from the Federal Emergency Management Agency on October 31, 2001, I find that Washita County in the State of Oklahoma constitutes a disaster area due to

<sup>7</sup> 15 U.S.C. 78s(b)(3)(A)(ii).

<sup>8</sup> 17 CFR 240.19b-4(f)(2).

<sup>9</sup> 17 CFR 200.30-3(a)(12).

damages caused by severe storms, flooding and tornadoes occurring on October 9 and 10, 2001. Applications for loans for physical damage as a result of this disaster may be filed until the close of business on December 30, 2001 and for economic injury until the close of business on July 31, 2002 at the address listed below or other locally announced locations: U.S. Small Business Administration, Disaster Area 3 Office, 4400 Amon Carter Blvd., Suite 102, Fort Worth, TX 76155.

In addition, applications for economic injury loans from small businesses located in the following contiguous counties in Oklahoma may be filed until the specified date at the above location: Beckham, Caddo, Custer, Greer and Kiowa.

The interest rates are:

	Percent
For Physical Damage:	
Homeowners with credit available elsewhere .....	6.500
Homeowners without credit available elsewhere .....	3.250
Businesses with credit available elsewhere .....	8.000
Businesses and non-profit organizations without credit available elsewhere .....	4.000
Others (including non-profit organizations) with credit available elsewhere .....	6.375
For Economic Injury:	
Businesses and small agricultural cooperatives without credit available elsewhere .....	4.000

The number assigned to this disaster for physical damage is 337111. For economic injury the number is 9M9700. (Catalog of Federal Domestic Assistance Program Nos. 59002 and 59008).

Dated: November 1, 2001.

**Herbert L. Mitchell,**

*Associate Administrator, For Disaster Assistance.*

**BILLING CODE 8025-01-P**

**OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE**

**Draft Environmental Review of the Proposed U.S.-Chile Free Trade Agreement**

**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Notice and Comment on the Draft Environmental Review of the proposed U.S.-Chile Free Trade Agreement.

**SUMMARY:** The Office of the U.S. Trade Representative, through the Trade

Policy Staff Committee, seeks comment on the draft environmental review of the proposed U.S.-Chile Free Trade Agreement. The draft environmental review is available at <http://www.ustr.gov/environment/environmental.shtml>.

**DATES:** Comments related to the draft environmental review are requested by Tuesday, November 20, 2001. Receipt of comments by such date will ensure timely input into the negotiations, which are scheduled to conclude in the month of December 2001. Please note that comments at the present time may only be sent by fax to (202) 395-5141 or by e-mail to [FR002@ustr.gov](mailto:FR002@ustr.gov).

**FOR FURTHER INFORMATION CONTACT:** Darcie Vetter, Office of the U.S. Trade Representative, Environment and Natural Resources Section, telephone 202-395-7320.

**SUPPLEMENTARY INFORMATION:** The draft environmental review for the U.S.-Chile Free Trade Agreement was conducted pursuant to Executive Order 13141 on Environmental Review of Trade Agreements (64 FR 63169, Nov. 18, 1999) and its accompanying guidelines (65 FR 79442, Dec. 19, 2000), both of which are available at <http://www.ustr.gov/environment/environmental.shtml>. On December 14 of 2000, the Office of the U.S. Trade Representative requested public comments regarding the scope of the environmental review, including the potential environmental effects that might flow from the free trade agreement and the potential implications for environmental laws and regulations (65 FR 78077, Dec. 14, 2000). A final environmental review will be made publicly available following the conclusion of the U.S.-Chile Free Trade Agreement negotiations.

**BILLING CODE 3190-01-M**

**DEPARTMENT OF TRANSPORTATION**

**Federal Aviation Administration**

**Aviation Rulemaking Advisory Committee; Transport Airplane and Engine Issues—New Task**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of new task assignment for the Aviation Rulemaking Advisory Committee (ARAC).

**SUMMARY:** The FAA assigned the Aviation Rulemaking Advisory Committee a new task to review and evaluate the current standards for § 33.14 and corresponding JAR-E 515 as they pertain to the current "safe life" process. This notice is to inform the public of this ARAC activity.

**FOR FURTHER INFORMATION CONTACT:** Timoleon Mouzakis, Federal Aviation Administration, New England Region Headquarters, Engine and Propeller Standards Staff, 12 New England Executive Park, Burlington, MA 01803, phone (781) 238-7114, facsimile: (781) 238-7199, [timoleon.mouzakis@faa.gov](mailto:timoleon.mouzakis@faa.gov).

**SUPPLEMENTARY INFORMATION:**

**Background**

The FAA established the Aviation Rulemaking Advisory Committee to provide advice and recommendations to the FAA Administrator on the FAA's rulemaking activities with respect to aviation-related issues. This includes obtaining advice and recommendations on the FAA's commitments to harmonize Title 14 of the Code of Federal Regulations (14 CFR) with its partners in Europe and Canada.

**The Task**

1. Review and evaluate the current standards for § 33.14 and corresponding JAR-E-515 as they pertain to the current "safe life" process. As the existing standards do not explicitly account for the potential degrading effects of anomalous materials and manufacturing or usage induced anomalies, determine if the FAA can expand the current requirement to include damage tolerance philosophies. Also, establish the process to achieve a closed loop system which links the assumptions made in design (by engineering) to how the part is manufactured and maintained in service.

2. Develop a report based on the review, which may include revisions to the rules. If revisions to the rules are recommended, the report should include recommended regulatory language to the appropriate FAR section, the corresponding JAR paragraphs, any related advisory material, and ARAC's response to the economic questions attached to this tasking record.

3. If, as a result of the recommendations, the FAA publishes an NPRM and/or notice of proposed availability of draft advisory circular for public comment, the FAA may ask ARAC to review all comments and provide the agency a recommendation for the disposition of those comments.

*Schedule:* Required completion is no later than September 2003.

**ARAC Acceptance of Task**

ARAC accepted the task and assigned the task to the Engine Harmonization Working Group, Transport Airplane and Engine Issues. The working group serves as staff to ARAC and assists in the analysis of assigned tasks. ARAC must review and approve the working group's recommendations. If ARAC accepts the working group's recommendations, it will forward them to the FAA.

**Working Group Activity**

The Engine Harmonization Working Group is expected to comply with the procedures adopted by ARAC. As part of the procedures, the working group is expected to:

1. Recommend a work plan for completion of the task, including the rationale supporting such a plan for consideration at the next meeting of the ARAC on transport airplane and engine issues held following publication of this notice.
2. Give a detailed conceptual presentation of the proposed recommendations prior to proceeding with the work stated in item 3 below.
3. Draft the appropriate documents and required analyses and/or any other related materials or documents.
4. Provide a status report at each meeting of the ARAC held to consider transport airplane and engine issues.

**Participation in the Working Group**

The Engine Harmonization Working Group is composed of technical experts having an interest in the assigned task. A working group member need not be a representative or a member of the full committee.

An individual who has expertise in the subject matter and wishes to become a member of the working group should write to the person listed under the caption **FOR FURTHER INFORMATION CONTACT** expressing that desire, describing his or her interest in the task, and stating the expertise he or she would bring to the working group. All requests to participate must be received no later than December 7, 2001. The requests will be reviewed by the assistant chair, the assistant executive director, and the working group co-chairs. Individuals will be advised whether or not their request can be accommodated.

Individuals chosen for membership on the working group must represent their aviation community segment and actively participate in the working group (e.g., attend all meetings, provide written comments when requested to do

so, etc.). They must devote the resources necessary to support the working group in meeting any assigned deadlines. Members must keep their management chain and those they may represent advised of working group activities and decisions to ensure that the proposed technical solutions do not conflict with their sponsoring organization's position when the subject being negotiated is presented to ARAC for approval.

Once the working group has begun deliberations, members will not be added or substituted without the approval of the assistant chair, the assistant executive director, and the working group co-chairs.

The Secretary of Transportation determined that the formation and use of the ARAC is necessary and in the public interest in connection with the performance of duties imposed on the FAA by law.

Meetings of the ARAC will be open to the public. Meetings of the Engine Harmonization Working Group will not be open to the public, except to the extent that individuals with an interest and expertise are selected to participate. The FAA will make no public announcement of working group meetings.

Issued in Washington, DC, on October 30, 2001.
