incorporate fish passage as a project alternative that should be evaluated.

ERP No. FB–COE–E32022–NC, Manteo (Shallowbay) Bay Project, Enlarging and Deepening Basin at Wanchese, Dare County, NC.

Summary: EPA continues to have environmental objections to this proposal based on our concerns about its potential long-term impacts on a regionally important commercial fishery resource, the difficulties associated with the construction and operation of the jetty system, especially its sand bypassing component, and the uncertainties regarding both the need for the project and its assumed economic benefits. EPA believes that the project would result in significant environmental impacts that should be avoided in order to ensure adequate protection of the environment.

Dated: November 6, 2001.

Joseph C Montgomery,

Director, NEPA Compliance Division, Office of Federal Activities.

EPA National Advisory Council for Environmental Policy and Technology; Notification of Public Advisory Committee Teleconference Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification of Public Advisory Committee teleconference meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act, Pub. L. 92-463, notice is hereby given that the National Advisory Council for Environmental Policy and Technology (NACEPT) will meet in a public teleconference on Tuesday, November 20, 2001 from 1 p.m. to 3 p.m. Eastern Time. The meeting will be hosted out of Conference Room #2530, U.S. EPA, Ariel Rios North Federal Building, 1200 Pennsylvania Avenue, NW, Washington, DC 20004. The meeting is open to the public, however, due to limited space, seating will be on a registration-only basis. For further information regarding the teleconference meeting, or how to register and obtain the phone number, please contact the individuals listed below.

Background: NACEPT is a federal advisory committee under the Federal Advisory Committee Act, Pub. L. 92463. NACEPT provides advice and recommendations to the Administrator and other EPA officials on a broad range of domestic and international environmental policy issues. NACEPT consists of a representative cross-section of EPA's partners and principle constituents who provide advice and recommendations on policy issues and serves as a sounding board for new strategies that the Agency is developing. The Administrator of EPA has asked NACEPT to act as a visionary group by periodically identifying emerging trends and issues that could impact the EPA's ability to protect public health and the environment. To address this charge, a subset of the NACEPT Council organized into an Emerging Trends and Issues Workgroup.

Purpose of Meeting: The NACEPT Council will review and comment on the Emerging Trends and Issues Workgroup's draft report which analyses environmental challenges over the next 5–10 years. The Council will comment on the draft report and begin to prioritize opportunities for EPA.

Availability of Review Materials: Sonia Altieri can be contacted for information regarding the NACEPT Emerging Trends and Issues Workgroup draft report (202–564–9788).

FOR FURTHER INFORMATION CONTACT: Members of the public wishing to gain access to the conference room on the day of the meeting must contact Mr. Peter G. Redmond, Designated Federal Officer for NACEPT, U.S. **Environmental Protection Agency** (1601A), Office of Cooperative Environmental Management, 1200 Pennsylvania Avenue, NW, Suite 6440, Washington, DC 20460; telephone/voice mail at (202) 564-1292, fax at (202) 501-0656; or via e-mail at redmond.peter@epa.gov. The agenda will be available to the public upon request. Written comments from the public are welcome any time before. during or after the meeting.

General Information: Additional information concerning the National Advisory Council for Environmental Policy and Technology (NACEPT) can be found on our web site (http:// www.epa.gov/ocem).

Meeting Access: Individuals requiring special accommodation at this meeting, including wheelchair access to the conference room, should contact Mr. Redmond at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: November 2, 2001.

Peter G. Redmond,

Designated Federal Officer. [FR Doc. 01–28197 Filed 11–8–01; 8:45 am] BILLING CODE 6560–50–P

Sources, Emission and Exposure for Trichloroethylene (TCE) and Related Chemicals

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability of a final report.

SUMMARY: The National Center for Environmental Assessment, Office of Research and Development, U.S. Environmental Protection Agency, announces the availability of a final report, Sources, Emission and Exposure for Trichloroethylene (TCE) and Related Chemicals (EPA/600/R-00/099, March 2001). This report is an exposure assessment of Trichloroethylene (TCE), its metabolites, and other chemical compounds known to produce identical metabolites. In addition to TCE, other parent compounds considered here are 1,1,1-trichloroethane (methyl chloroform), tetrachloroethylene (PCE or PERC), 1,2-dichloroethylene (cis-, trans-, and mixed isomers), 1,1,1,2tetrachloroethane, and 1,1dichloroethane. The metabolites are chloral, chloral hydrate, monochloroacetic acid, dichloroacetic acid, trichloroacetic acid, and dichlorovinyl cysteine (DCVC). Although listed here, no information was found for the metabolite, DCVC.

ADDRESSES: The document will be made available electronically through the National Center for Environmental Assessment's web site (www.epa.gov/ ncea). A limited number of paper copies are available from EPA's National Service Center for Environmental Publications (NSCEP). To obtain copies, please contact NSCEP, P.O. Box 42419, Cincinnati, OH 45242; telephone: 1– 800–490–9198 or 513–489–8190; facsimile: 513–489–8695. Please provide your name and mailing address and the title and EPA number of the requested publication.

FOR FURTHER INFORMATION CONTACT:
