Draft Guidance for Pesticide Registrants on New Labeling Statements for Spray and Dust Drift Mitigation; Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Extension of comment period.

SUMMARY: On August 22, 2001, the Agency announced the availability of, and sought public comment on, the draft PR Notice titled "Spray and Dust Drift Label Statements for Pesticide Products." In response to a request from the public, EPA is extending the comment period for 60 days, until January 19, 2002. PR Notices are issued by the Office of Pesticide Programs (OPP) to inform pesticide registrants and other interested persons about important policies, procedures and registration-related decisions, and serve to provide guidance to pesticide registrants and OPP personnel. This particular draft PR Notice provides guidance on drift label statements for pesticide products. The purpose of this new labeling is to provide pesticide registrants and applicators and other individuals responsible for pesticide applications with improved and more consistent product label statements for controlling pesticide drift from spray and dust applications in order to be protective of human health and the environment. The Agency invites comments on any aspect of the draft PR Notice as well as the specific issues

addressed under **SUPPLEMENTARY INFORMATION.**

DATES: Comments, identified by the docket control number OPP-00730A, must be received on or before January 19, 2002.

ADDRESSES: Comments may be submitted by mail, electronically, or in person. Please follow the detailed instructions for each method as provided in Unit I.C. of the

SUPPLEMENTARY INFORMATION of the August 22, 2001 **Federal Register**. To ensure proper receipt by EPA, it is imperative that you identify docket control number OPP-00730A in the subject line on the first page of your response.

FOR FURTHER INFORMATION CONTACT: Jay Ellenberger, Field and External Affairs Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (703) 305-7099, fax number: (703) 305-6244; and e-mail address: ellenberger.jay@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. It may be of particular interest, however, to those persons who hold pesticide registrations, apply pesticides, or regulate the use of pesticides for states, territories, or tribes. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice, consult the person listed under **FOR FURTHER INFORMATION CONTACT.**

B. How Can I Get Additional Information, Including Copies of this Document?

1. *Electronically.* You may obtain electronic copies of this document and the draft PR Notice from the Office of Pesticide Programs' Home Page at <http://www.epa.gov/pesticides/>. You can also go directly to the listings from EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations" and then look up the entry for this document under the "**Federal Register—Environmental Documents**" or go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>. Notice of Availability for Public Review and Comment of EPA Staff White Paper That Explores a Number of Options for Addressing Boutique Fuels

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The President's National Energy Policy issued on May 17, 2001, directed EPA to * * * study opportunities to maintain or improve the environmental benefits of state and local "boutique" clean fuel programs while exploring ways to increase the flexibility of the fuels distribution infrastructure, improve fungibility, and provide added gasoline market liquidity * * *

In response to this directive, EPA prepared a report that discusses the actions that EPA will take in the near term to ensure a smoother transition from winter to summer grade reformulated gasoline (RFG). That report, entitled: "Study of Boutique Fuels and Issues Relating to Transition from Winter to Summer Gasoline" has been sent to the President and has been made publicly available, as noted below.

In addition, EPA staff also prepared a White Paper that addresses boutique fuels in the longer term. This White Paper, for which today EPA is announcing its availability, explores a number of options that could reduce the total number of fuels and lays the groundwork for further study. The Staff White Paper is entitled: "Study of Unique Gasoline Fuel Blends ("Boutique Fuels"), Effects on Fuel Supply and Distribution and Potential Improvements."

EPA is publishing this notice of availability of and requesting public review and comment on the Staff White Paper. The public comment period will end December 31, 2001. The Staff White Paper, as well as the Study of Boutique Fuels and Issues Relating to Transition from Winter to Summer Gasoline, are both available in the public docket A-2001-20. The docket is located at U.S. Environmental Protection Agency, 401 M St., SW., Room 1500, Washington, DC 20460. The telephone number of the docket office is (202) 260-7548.

Both documents are also available on EPA's web site at <http://www.epa.gov/otaq/fuels.htm>.
