

Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Partial Removal of Direct Final Rule Revising the California State Implementation Plan, Bay Area Air Quality Management District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Partial removal of direct final rule.

SUMMARY: On September 12, 2001 (65 FR 47392), EPA published a direct final approval of a revision to the California State Implementation Plan (SIP) which pertained to the Bay Area Air Quality Management District (BAAQMD) Rule 8–51, Adhesive and Sealant Products. The direct final action was published without prior proposal because EPA anticipated no adverse comment. EPA stated in the direct final rule that if EPA received adverse comment by October 12, 2001, EPA would publish a timely removal in the **Federal Register**. EPA subsequently received adverse comments on the direct final rule. Therefore, EPA is removing the direct final approval. EPA will address the comments in a subsequent final action based on the parallel proposal also published on September 12, 2001 (65 FR 47419). The direct final approval of the South Coast Air Quality Management District Rule 443.1, Labeling of Materials Containing Organic Solvent, also published on September 12, 2001 is not affected by this removal and is incorporated into the SIP as of the effective date of the September 12, 2001 direct final action.

EFFECTIVE DATE: November 15, 2001.

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision; Interim Final Determination That State Has Corrected the Deficiencies

AGENCY: Environmental Protection Agency (EPA).

ACTION: Interim final determination.

SUMMARY: On September 12, 2001 in the **Federal Register**, EPA published a direct final rulemaking fully approving revisions to the California State Implementation Plan. The revisions concern Bay Area Air Quality Management District (BAAQMD) Rule 8–51, Adhesive and Sealant Products. On that date, EPA also published a proposed rulemaking to provide the public with an opportunity to comment on EPA's action. Based on the proposed full approval, EPA is making an interim final determination by this action that the State has corrected the deficiencies for which a sanctions clock began on December 6, 1999. This action will stay the application of the offset sanction and defer the application of the highway sanction. Although this action is effective upon publication, EPA will take comment. If comments are received on this interim final action, EPA will publish a final action taking into consideration any comments received.

DATES: This interim final determination is effective November 15, 2001. Comments must be received by December 17, 2001.

ADDRESSES: Comments should be sent to: Andrew Steckel, Rulemaking Section (AIR–4), Air Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105.
