

The Commission has established a working group with state commission participation to work with FERC staff and the study consultant in framing these further analyses.

D. Standardization of Market Rules

As recently announced, we intend to issue a notice of proposed rulemaking in this docket that will reform the open access tariffs to standardize market design rules, as appropriate. Our task in this rulemaking will be to balance the need to remove undue discrimination and excessive costs in transmission services with the need to permit regional differences and market innovation. The reformed tariff will be required to be filed by RTOs and other public utilities that own, operate or control interstate transmission facilities.

During RTO Week we received many comments about the need for transmission tariff reform, and we also heard many views about the need for flexibility and market creativity in certain areas. RTO Week provided some concrete suggestions as to where flexibility is needed and where it will be a disadvantage. We look forward to receiving additional comments from the public on these issues.² It is important not to compromise the benefits that transmission organizations have already conferred upon the public, and we are committed to making sure that transmission customers and the electric customers they serve will benefit as a result of this effort. We do not believe that the best way to create a national marketplace is to begin with the lowest common denominator, but instead intend to build on successful concepts here and in other countries.

The Commission recently issued an advance notice of proposed rulemaking in Docket No. RM02-1-000 on standardizing generation interconnection agreements and procedures. The first phase of our interconnection rulemaking process will be a Notice of Proposed Rulemaking (NOPR) on terms and conditions of interconnection services to be published in January, 2002. The second phase will be a separate NOPR on pricing issues associated with interconnections, to be published in April 2002. Interconnection rules are a critical piece of open access transmission services and RTOs initially will be required to follow the same interconnection policies that we set forth for other public utilities in the new rules. These

² We encourage parties to view and file electronic comments at www.ferc.gov/electric/rto/mrkt-struct-comments/rm01-12-comments.htm. We will be holding staff follow-up conferences.

rules will help support appropriately sited generation and appropriately priced infrastructure for new generation. It is clear that resolution of the pricing issue early in this process will allow for swifter consensus on broader RTO issues.

E. Timeline/Status

As noted above, numerous filings are pending involving RTO development. The Commission intends to issue future orders addressing the pending filings and providing specific guidance once it has received comments from the state regional panels as discussed above.

In recognition of the fact that RTO development is in very different stages in various parts of the country and that it is not possible for all RTOs to be in operation by the December 15, 2001 deadline established in Order No. 2000, we intend to address in our future orders the establishment of a progressive, but appropriately measured, timeline for continuing RTO progress in each general region. The Commission is particularly cognizant of the critical importance of keeping parties focused on performing RTO functions now while positioning for future, more regional integration. In particular, information systems are especially challenging to coordinate and must be handled with diligence and care. Any timetable ultimately adopted for regional integration must be based on a sound business plan with substantive buy-in from a cross-section of market participants.

Conclusion

This effort to create a seamless, national electricity marketplace is similar to that led by the Commission in the natural gas industry a decade ago. In that regard, the Commission calls upon all interested parties to commit the necessary time and resources to a thorough and expedient completion of the industry transition.

This order is not intended to provide final rulings with respect to creation of RTOs, but to lay out our goals and process for their creation. We have invited public comments subsequent to RTO Week, and we reiterate our willingness to consider the opinions of market participants, state commissions and the general public as we move to complete this transition. Although we strive for consensus where it can be reached, we are aware that the long-term success of regional electric markets will require the Commission to make timely and clear policy decisions. For that reason, we are committed to a broad and open process that will allow for the most developed record possible.

By the Commission.

David P. Boergers,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[OPP-00750; FRL-6811-1]

FIFRA Scientific Advisory Panel; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: There will be a 1-day meeting of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and Food Quality Protection Act (FQPA) Scientific Advisory Panel (SAP) to review a set of issues being considered by the Agency pertaining to the applicability of the Up and Down Procedure Methodology in acute oral toxicity testing. Seating at the meeting will be on a first-come basis. Individuals requiring special accommodations at this meeting, including wheelchair access, should contact Paul Lewis at the address listed under **FOR FURTHER INFORMATION CONTACT** at least 5 business days prior to the meeting so that appropriate arrangements can be made.

DATES: The meeting will be held on December 12, 2001, from 8:30 a.m. to 5 p.m.

ADDRESSES: The meeting will be held at the Sheraton Crystal City Hotel, 1800 Jefferson Davis Highway, Arlington, VA 22202. The telephone number for the Sheraton Crystal City Hotel is (703) 486-1111.

Requests to participate may be submitted by mail, electronically, or in person. Please follow the detailed instructions for each method as provided in Unit I. of the

SUPPLEMENTARY INFORMATION. To ensure proper receipt by EPA, your request must identify docket control number OPP-00750 in the subject line on the first page of your response.

FOR FURTHER INFORMATION CONTACT: Paul Lewis, Designated Federal Official, Office of Science Coordination and Policy (7202), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (703) 305-5369; fax number: (703) 605-0656; e-mail address: lewis.paul@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. This action may, however, be of interest to persons who are or may be required to conduct testing of chemical substances under the Federal Food, Drug, and Cosmetic Act (FFDCA), FIFRA and FQPA. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

1. *Electronically.* A meeting agenda and several background documents relevant to this meeting are now available. EPA's primary position paper and questions to the FIFRA SAP should be available as soon as possible, but no later than mid November. In addition, the Agency may provide additional background documents as the materials become available. You may obtain electronic copies of these documents, and certain other related documents that might be available electronically, from the FIFRA SAP Internet Home Page at <http://www.epa.gov/scipoly/sap>. To access this document on the Home Page select **Federal Register** notice announcing this meeting. You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

2. *In person.* The Agency has established an administrative record for this meeting under docket control number OPP-00750. The administrative record consists of the documents specifically referenced in this notice, any public comments received during an applicable comment period, and other material information, including any information claimed as Confidential Business Information (CBI). This administrative record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. In addition, the Agency may provide additional background documents as the material becomes available. The public version of the administrative record, which includes printed, paper versions of any electronic comments that may be submitted during an applicable comment period, is available for inspection in the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson

Davis Hwy., Arlington, VA, from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The PIRIB telephone number is (703) 305-5805.

C. How Can I Request to Participate in this Meeting?

You may submit a request to participate in this meeting through the mail, in person, or electronically. Do not submit any information in your request that is considered CBI. To ensure proper receipt by EPA, it is imperative that you identify docket control number OPP-00750 in the subject line on the first page of your request. Interested persons are permitted to file written statements before the meeting. To the extent that time permits, and upon advance written request to the person listed under **FOR FURTHER INFORMATION CONTACT**, interested persons may be permitted by the Chair of the FIFRA SAP to present oral statements at the meeting. The request should identify the name of the individual making the presentation, the organization (if any) the individual will represent, and any requirements for audiovisual equipment (e.g., overhead projector, 35 mm projector, chalkboard). There is no limit on the extent of written comments for consideration by the Panel, but oral statements before the Panel are limited to approximately 5 minutes. The Agency also urges the public to submit written comments in lieu of oral presentations. Persons wishing to make oral and/or written statements at the meeting should contact the person listed under **FOR FURTHER INFORMATION CONTACT** and submit 30 copies of their presentation and/or remarks to the Panel. The Agency encourages that written statements be submitted before the meeting to provide Panel Members the time necessary to consider and review the comments.

1. *By mail.* You may submit a request to: Public Information and Records Integrity Branch (PIRIB), Information Resources and Services Division (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

2. *In person or by courier.* Public Information and Records Integrity Branch (PIRIB), Information Resources and Services Division (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA. The PIRIB is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The PIRIB telephone number is (703) 305-5805.

3. *Electronically.* You may submit your request electronically by e-mail to: opp-docket@epa.gov. Do not submit any information electronically that you consider to be CBI. Use WordPerfect 6.1/8.0 or ASCII file format and avoid the use of special characters and any form of encryption. Be sure to identify by docket control number OPP-00750. You may also file a request online at many Federal Depository Libraries.

II. Background

A. Purpose of the Meeting

The purpose of this meeting is to seek comments of the FIFRA SAP on the regulatory applicability of the Up and Down Procedure for acute oral toxicity testing. Acute oral toxicity testing constitutes the adverse health effects that occur within a short time of administration of a single dose of a chemical and provides information on its potential health and environmental hazards and risks. Acute oral toxicity is a basic requirement for registration and reregistration of pesticide active ingredients and products. An improved version of the Up and Down Procedure has been developed as an alternative method for use by member nations of the Organization for Economic Cooperation and Development to meet regulatory needs for acute toxicity. Accordingly, this method will replace the traditional acute oral toxicity test in EPA, Office of Prevention, Pesticides and Toxic Substances (OPPTS) test guideline 870.1100. The test procedure in this guideline is of value in minimizing the number of animals required to determine the acute oral toxicity testing of a chemical. In addition to the estimation of LD₅₀ and confidence intervals, the test allows the observation of signs of toxicity. Moreover, use of guidance for humane endpoints should reduce the overall suffering of animals in this type of test. The Up and Down Procedure is to be used for acute oral toxicity testing.

B. Panel Report

The Panel will prepare a report of its recommendations to the Agency in approximately 60 days. The report will be posted on the FIFRA SAP web site or may be obtained by contacting the Public Information and Records Integrity Branch at the address or telephone number listed in Unit I. of this document.

BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY

[OPP-34225I; FRL-6809-5]

Diazinon; Products Cancellation Order

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's cancellation order for the product and use cancellations as requested by companies (hereafter collectively referred to as the "EUP Registrants") that hold the registrations of pesticide End-Use Products (EUPs) containing the active ingredient diazinon and accepted by EPA, pursuant to section 6(f) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This order follows up a September 13, 2001, notice of receipt from the EUP Registrants, of requests for cancellations and or amendments of their diazinon product registrations to terminate all indoor uses, certain agricultural uses and certain outdoor non-agricultural uses. In the September 13, 2001 notice, EPA indicated that it would issue an order granting the voluntary product and use registration cancellations unless the Agency received any substantive comment within the comment period that would merit its further review of these requests. The Agency did receive one request from an EUP registrant revoking its voluntary cancellation requests for two products. No other comments were received. Accordingly, EPA hereby issues in this notice a cancellation order granting the remaining requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is only permitted in accordance with the terms of the existing stocks provisions of this cancellation order.

DATES: The cancellations are effective November 15, 2001.

FOR FURTHER INFORMATION CONTACT: By mail: John Hebert, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (703) 308-6249; fax number: (703) 308-7042; e-mail address: hebert.john@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. You may be potentially affected by this action if you manufacture, sell, distribute, or use diazinon products. The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, does not apply because this action is not a rule, for purposes of 5 U.S.C. 804(3). Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

1. *Electronically.* You may obtain electronic copies of this document, and certain other related documents that might be available electronically, from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations," "Regulations and Proposed Rules," and then look up the entry for this document under the "**Federal Register** — Environmental Documents." You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>. To access information about the risk assessment for diazinon, go to the Home Page for the Office of Pesticide Programs or go directly to <http://www.epa.gov/pesticides/op/diazinon.htm>.

2. *In person.* The Agency has established an official record for this action under docket control number OPP 34225I. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment period, and other information related to this action, including any information claimed as Confidential Business Information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period, is available for inspection in the Public Information and Records Integrity

Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA, from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The PIRIB telephone number is (703) 305-5805.

II. Receipt of Requests to Cancel and Amend Registrations to Delete Uses

A. Background

Certain registrants requested in letters dated May, June and August 2001, that their diazinon registrations be amended to delete all indoor uses, certain agricultural uses, and any other uses that the registrants do not wish to maintain. The requests also included deletions of outdoor non-agricultural uses from the labeling of certain end-use products so that such products would be labeled for agricultural uses only. Similarly, other diazinon end-use registrants requested voluntary cancellation of their diazinon EUP registrations with indoor use and/or certain outdoor non-agricultural uses, and any other uses that the registrants do not wish to maintain. EPA announced its receipt of these above-mentioned cancellation requests in a **Federal Register** notice dated September 13, 2001.

These requested cancellations and amendments are consistent with the requests in December 2000, by the manufacturers of diazinon technical products, and EPA's approval of such requests, to terminate all indoor uses and certain agricultural uses from their diazinon product registrations because of EPA's concern with the potential exposure risk, especially to children, associated with diazinon containing products. The indoor uses and agricultural uses subject to cancellation are identified in the following List.

List — Uses Requested for Termination

1. *Indoor uses:* Pet collars, or inside any structure or vehicle, vessel, or aircraft or any enclosed area, and/or on any contents therein (except mushroom houses), including food/feed handling establishments, greenhouses, schools, residences, museums, sports facilities, stores, warehouses and hospitals.

2. *Agricultural uses:* Alfalfa, bananas, Bermuda grass, dried beans, dried peas, celery, red chicory (radicchio), citrus, clover, coffee, cotton, cowpeas, cucumbers, dandelions, forestry (ground squirrel/rodent burrow dust stations for public health use), kiwi, lespedeza, parsley, parsnips, pastures, peppers, potatoes (Irish and sweet), sheep, sorghum, squash (winter and summer), rangeland, Swiss chard, tobacco, and turnips (roots and tops).
