On June 30, 2000, the Department received a timely request from Kawasaki Steel Corporation to conduct an administrative review pursuant to section 351.213(b)(2) of the Department's regulations. We published a notice of initiation of this antidumping duty administrative review on hot-rolled steel on July 31, 2000 (64 FR 46687). On July 10, 2001, the Department published the preliminary results of this antidumping administrative review. See *Hot-Rolled Flat-Rolled Carbon-Quality Steel Products from Japan: Preliminary Results of Antidumping Administrative Review*, 66 FR 35928 (July 10, 2001). The final results of this review are currently due November 7, 2001.

Extension of Time Limits for Final Results

Due to extensive arguments on cost issues, and the complexities involved in analyzing the level of trade issue in this review, it is not practicable to complete the review within the initial time limits mandated by section 751(a)(3)(A) of the Act. Therefore, we are extending the due date for the final results of this review until January 7, 2002.

Dated: November 5, 2001.

FOR FURTHER INFORMATION CONTACT: Othel Freeman or Carol Douglas (301) 713-2347.

SUPPLEMENTARY INFORMATION:

Introduction

In accordance with the Magnuson-Stevens Fishery Conservation and Management Act, (Magnuson-Stevens Act), 16 U.S.C. 1801 et seq., as amended by the Sustainable Fisheries Act, Public Law 104-297, Advisory Panels (AP's) have been established to consult with NMFS in the collection and evaluation of information relevant to the HMS FMP (April 1999) and the Billfish FMP Amendment (April 1999). Nominations are being sought to fill all posts in both AP's. In addition, NMFS is considering a modification to the Statement of Organization, Practices and Procedures (SOPP) for each AP.

The purpose of the HMS AP is to advise and assist the Secretary of Commerce (Secretary) in the collection and evaluation of information relevant to any amendment to the HMS FMP (April 1999). The HMS AP evaluates future management options for Atlantic tunas, swordfish and sharks under the requirements of the Magnuson-Stevens Act.

The purpose of the Billfish AP is to advise and assist the Secretary in the collection and evaluation of information relevant to any amendment to the Billfish FMP. The Billfish AP evaluates future management options for Atlantic billfish under the requirements of the Magnuson-Stevens Act.

Procedures and Guidelines

A. Procedures for Appointing the Advisory Panels.

Individuals with definable interests in the recreational and commercial fishing and related industries, environmental community, academia, governmental entities and non-governmental organizations will be considered for membership in the AP.

Nominations are invited from all individuals and constituent groups. The nomination should include:

1. The name of the applicant or nominee and a description of their interest in highly migratory species (HMS) or one species in particular from among sharks, swordfish, tunas and billfish;
2. A statement of background and/or qualifications;
3. The AP to which the applicant seeks appointment;
4. A written commitment that the applicant or nominee shall actively participate in good faith in the tasks of the AP.

Tenure for the HMS AP:

Member tenure will be for 3 years, with one third of the members' terms expiring on the last day of each calendar year. Current terms for existing members expire for one-half of the panel members on December 31, 2001, and one-half on April 6, 2002. Appointments in January 2002, will be for 1, 2, or 3 years, and appointments in April 2002, will be for 9 months, 21 months, and 33 months, apportioned equally among the posts for the then expired terms. All subsequent appointments will be for 3 years (36 months). Posts for terms of varying tenure in 2002 will be randomly selected.

Tenure for the Billfish AP:

Member tenure will be for 2 years, with one half of the terms expiring on the last day of each calendar year. Current terms for existing posts all expire on December 31, 2001. Appointments in January 2002 will be for 1 or 2 years apportioned equally among the posts for the then expired terms. Posts for terms of 1 or 2 years tenure will be randomly selected.

B. Participants

The HMS AP shall consist of not less than twenty-two (22) members who are knowledgeable about the pelagic fisheries for all Atlantic HMS species. The Billfish AP shall consist of not less than eight (8) members who are knowledgeable about the pelagic fisheries for all billfish species.

Nominations for each AP will be accepted to allow representation from recreational and commercial fishing interests, the conservation community, and the scientific community. NMFS does not believe that each potentially affected organization or individual must necessarily have its own representative, but each area of interest must be adequately represented. The intent is to have a group that, as a whole, reflects an appropriate and equitable balance and mix of interests given the responsibilities of each AP. Criteria for membership include one or more of the following: (a) Experience in the recreational fishing industry involved in catching swordfish, tunas, billfish, or sharks; (b) experience in the commercial fishing industry for HMS; (c) experience in fishery-related industries (marinas, bait and tackle shops); (d) experience in the scientific community working with HMS; (e) representation of a private, non-governmental, regional, (non-Federal) state, national, or international organization representing marine fisheries, environmental, governmental or academic interests dealing with HMS.

Five (5) additional members of the AP include one voting representative each of the New England Fishery Management Council, the Mid-Atlantic Fishery Management Council, the South Atlantic Fishery Management Council, the Gulf of Mexico Fishery Management Council, and the Caribbean Fishery Management Council. The AP also includes twenty-two (22) ex-officio participants: twenty (20) representatives of the constituent states and two (2) representatives of the constituent interstate commissions; the Atlantic States Marine Fisheries Commission and the Gulf States Marine Fisheries Commission.

NMFS will provide the necessary administrative support, including technical assistance, for the AP. However, NMFS will not compensate participants with monetary support of any kind. Members are expected to pay for travel costs related to the AP.

C. Tentative Schedule

Meetings of each AP will be held as frequently as necessary but are routinely held once each year in the spring. Often the meetings are held jointly, and may be held in conjunction with other advisory panel meetings or public hearings.

D. Consideration of SOPP Revisions

SOPP's for each AP are under consideration for revision. Member tenure for existing posts on each AP are under consideration to be changed. The HMS AP appointment will change from

two years to three years, with one third of the posts being filled each year. The Billfish AP appointment will change from two years with all the posts changing every two years, to half of the posts being filled each year. Any recommendations for other changes may be made to the Chief, Highly Migratory Species Division (see **ADDRESSES**).
