

Beginning November 13, 2001, the following additional filings may, at the filer's option, be submitted via the Internet in lieu of paper copies:

1. Settlement Comments¹²
2. Request for Rehearing or Appeal¹³
3. Motions¹⁴
4. Answer/Response to a Pleading or Motion¹⁵
5. Motion to Compel Production¹⁶
6. Objection to Motion to Compel Production
7. Production of Documents¹⁷
8. Request for Hearing
9. Response to a Complaint¹⁸

The public should take note that there are statutory deadlines for filing requests for rehearing. Be advised that the Commission cannot waive these deadlines.

The public should also take note that "comments" on filings include mandatory and recommended terms and conditions or prescriptions on a hydropower application for exemption or license.

The Commission is not yet accepting complaints via the Internet. This document must be filed in the traditional manner with the required number of paper copies.

Qualified documents may be combined and submitted in the same document (electronic file). For example, a motion to intervene may also include comments and/or a protest in the same document and be eligible for filing via the Internet.

Non-qualified documents may not be included in an electronic submission with other qualified documents. For example a complaint (not a qualified document) combined with a Motion to Intervene is not eligible for electronic submission via the Internet.

We are revising the User Guide to reflect the additions to the qualified documents list. The guide contain the instructions for electronic submission and provides more detail on the types of documents eligible for electronic filing. The User Guide is accessible via the E-Filing link at www.ferc.gov.

Linwood A. Watson, Jr.,
Acting Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7104-8]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; National Emission Standards for Hazardous Air Pollutants (NESHAP) for Ferroalloys Production

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Title: National Emission Standards for Hazardous Air Pollutants (NESHAP) for Ferroalloys Production; OMB Control Number 2060-0391; expiration date October 31, 2001. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before December 19, 2001.

ADDRESSES: Send comments, referencing EPA ICR No. 1831.02 and OMB Control No. 2060-0391, to the following addresses: Susan Auby, U.S. Environmental Protection Agency, Collection Strategies Division (Mail Code 2822), 1200 Pennsylvania Avenue, NW., Washington, DC 20460; and to Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: For a copy of the ICR contact Susan Auby at EPA by phone at (202) 260-4901, by e-mail at Auby.susan@epamail.epa.gov, or download off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR No. 1831.02. For technical questions about the ICR contact Maria Malavé at (202) 564-7027 or via e-mail to malave.maria@epamail.epa.gov.

SUPPLEMENTARY INFORMATION:

Title: National Emission Standards for Hazardous Air Pollutants (NESHAP) for Ferroalloys Production (OMB Control Number 2060-0391; EPA ICR No. 1831.02); expiring October 31, 2001. This is a request for extension of a currently approved collection.

Abstract: The NESHAP for ferroalloys production is applicable to all new and

existing ferromanganese and silicomanganese production facilities that are major sources or are co-located at major sources. The sources at these affected facilities subject to this rule include submerged arc furnaces, metal oxygen refining (MOR) process, crushing and screening operations, and fugitive dust operations. The owners or operators of existing affected facilities (i.e., respondents) at the time of promulgation were required to be in compliance with the requirements no later than May 21, 2001. New or constructed affected sources that commence construction/reconstruction after August 1998 were required to be in compliance with the regulation by May 20, 1999, or upon startup, which ever was later.

Owners and operators of affected sources are subject to the monitoring, recordkeeping and reporting requirements of 40 CFR part 63, subpart A, the General Provisions, unless specified otherwise in the regulation. All records of measurements are to be maintained by the source for a period of at least five years. In addition, sources are required to comply with regulation specific requirements related to the frequency and type of information (including records of performance tests; start up, shutdown, and malfunction procedures and corrective actions; operating parameters and maintenance inspections; and opacity and visible emissions observations) to be collected and maintained to demonstrate initial and on-going compliance with the regulation. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on February 1, 2001 (66 FR 8588). No comments were received.

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 24 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the

existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Owners and operators of ferroalloys and silicomanganese production facilities.

Estimated Number of Respondents: 1.

Frequency of Response: initial reports, quarterly excess emissions reports; and semiannually for all other reports required in § 63.1659(b).

Estimated Total Annual Hour Burden: 746 hours.

Estimated Total Annualized Capital, O&M Cost Burden: \$0.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the addresses listed above. Please refer to EPA ICR No.1831.02 and OMB Control No. 2060-0391 in any correspondence.

Dated: November 8, 2001.

Oscar Morales,

Director, Collection Strategies Division.

National Advisory Committee for Acute Exposure Guideline Levels for Hazardous Substances; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: A meeting of the National Advisory Committee for Acute Exposure Guideline Levels for Hazardous Substances (NAC/AEGL Committee) will be held on December 3-5, 2001, in San Antonio, TX. At this meeting, the NAC/AEGL Committee will address, as time permits, the various aspects of the acute toxicity and the development of Acute Exposure Guideline Levels (AEGLs) for the following chemicals: Acrylic acid, benzene, ethyleneimine, JP 8 jet fuel, methanol, methyl ethyl ketone, perchloromethyl mercaptan, propyleneimine, trichloroethylene, and xylene. In addition, 10 minute AEGL values may be addressed for the following chemicals: Chloroform,

dimethyl hydrazine, hydrazine, and methyl hydrazine.

DATES: A meeting of the NAC/AEGL Committee will be held from 9 a.m. to 5 p.m. on December 3, 2001; from 8:30 a.m. to 5:30 p.m. on December 4, 2001; and from 8:30 a.m. to 12:30 on December 5, 2001.

ADDRESSES: The meeting will be held at the Holiday Inn Riverwalk, 217 North St. Mary's St., San Antonio, TX.

FOR FURTHER INFORMATION CONTACT: *For general information contact:* Barbara Cunningham, Acting Director, Environmental Assistance Division, Office of Pollution Prevention and Toxics (7401), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 554-1404; e-mail address: TSCA-Hotline@epa.gov.

For technical information contact: Paul S. Tobin, Designated Federal Officer (DFO), Office of Prevention, Pesticides and Toxic Substances (7406), 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 260-1736; e-mail address: tobin.paul@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. This action may be of particular interest to anyone who may be affected if the AEGL values are adopted by government agencies for emergency planning, prevention, or response programs, such as EPA's Risk Management Program under the Clean Air Act and Amendments Section 112r. It is possible that other Federal agencies besides EPA, as well as State agencies and private organizations, may adopt the AEGL values for their programs. As such, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the DFO listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Additional Information, Including Copies of this Document or Other Related Documents?

1. *Electronically.* You may obtain electronic copies of this document, and certain other related documents that might be available electronically, from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations," "Regulations and Proposed Rules," and then look up the entry for this document under the

"**Federal Register**—Environmental Documents." You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

2. *In person.* The Agency has established an official record for this action under docket control number OPPTS-00326. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment period, and other information related to this action, including any information claimed as Confidential Business Information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period, is available for inspection in the TSCA Nonconfidential Information Center, North East Mall Rm. B-607, Waterside Mall, 401 M St., SW., Washington, DC. The Center is open from noon to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number of the Center is (202) 260-7099.

II. Meeting Procedures

For additional information on the scheduled meeting, the agenda of the NAC/AEGL Committee, or the submission of information on chemicals to be discussed at the meeting, contact the DFO listed under **FOR FURTHER INFORMATION CONTACT**.

The meeting of the NAC/AEGL Committee will be open to the public. Oral presentations or statements by interested parties will be limited to 10 minutes. Interested parties are encouraged to contact the DFO to schedule presentations before the NAC/AEGL Committee. Since seating for outside observers may be limited, those wishing to attend the meeting as observers are also encouraged to contact the DFO at the earliest possible date to ensure adequate seating arrangements. Inquiries regarding oral presentations and the submission of written information should be directed to the DFO.

III. Future Meetings

Another meeting of the NAC/AEGL Committee is tentatively scheduled for April 9-11, 2001, in Washington, DC.

List of Subjects

Environmental protection, Chemicals, Hazardous substances, Health.
