

and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for public comments regarding an extension to an existing OMB clearance (9000-0153).

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR) Secretariat will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning OMB Circular A-119. The clearance currently expires on March 31, 2002.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

DATES: Submit comments on or before January 22, 2002.

ADDRESSES: Submit comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, FAR Secretariat (MVP), 1800 F Streets, NW., Room 4035, Washington, DC 20405.

FOR FURTHER INFORMATION CONTACT: Linda Klein, Acquisition Policy Division, GSA (202) 501-3775.

SUPPLEMENTARY INFORMATION:

A. Purpose

On February 19, 1998, a revised OMB Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," was published in the **Federal Register** at 63 FR 8545, February 19, 1998. FAR Subparts 11.1 and 11.2 were revised and a solicitation provision was added at 52.211-7, Alternatives to Government-Unique Standards, to implement the requirements of the revised OMB circular. If an alternative standard is proposed, the offeror must furnish data and/or information regarding the

alternative in sufficient detail for the Government to determine if it meets the Government's requirements.

B. Annual Reporting Burden

Respondents: 100.
Responses Per Respondent: 1.
Total Responses: 100.
Hours Per Response: 1.
Total Burden Hours: 100.

Obtaining Copies of Proposals

Requester may obtain a copy of the proposal from the General Services Administration, FAR Secretariat (MVP), Room 4035, 1800 F Street, NW., Washington, DC 20405, telephone (202) 501-4755. Please cite OMB Control No. 9000-0153, OMB Circular A-119, in all correspondence.

Dated: November 7, 2001.

Al Matera,

Director, Acquisition Policy Division.

GENERAL SERVICES ADMINISTRATION

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[OMB Control No. 9000-0038]

Federal Acquisition Regulation; Proposed Collection; Mistake in Bid

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for public comments regarding an extension to an existing OMB clearance (9000-0038).

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR) Secretariat will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning mistake in bid. The clearance currently expires on March 31, 2002.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and

clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

DATES: Submit comments on or before January 22, 2002.

ADDRESSES: Submit comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, FAR Secretariat (MVP), 1800 F Streets, NW, Room 4035, Washington, DC 20405.

FOR FURTHER INFORMATION CONTACT: Ralph DeStefano, Acquisition Policy Division, GSA (202) 501-1758.

SUPPLEMENTARY INFORMATION:

A. Purpose

When a mistake in bid is discovered by the contracting officer (CO) after bid opening but before award, the CO obtains verification of the bid intended. This verification is needed to establish the bidder's correct bid. If the bidder requests permission to correct the bid, the bidder must submit clear and convincing evidence that a mistake was made. If the bidder requests permission to correct the bid and submits evidence that a mistake was made, the evidence is analyzed by the CO to determine whether or not the bidder should be allowed to correct the bid. The data (evidence) submitted by the bidder is attached to bidder's bid and placed in the contract file along with the CO's determination.

The verification of the correct bid is attached to the original bid and a copy of the verification is attached to the duplicate bid and placed in the contract file.

B. Annual Reporting Burden

Respondents: 4,673.
Responses Per Respondent: 1.
Total Responses: 4,673.
Hours Per Response: .5.
Total Burden Hours: 2,337.

Obtaining Copies of Proposals

Requester may obtain a copy of the proposal from the General Services Administration, FAR Secretariat (MVP), 1800 F Street, NW, Room 4035, Washington, DC 20405, telephone (202) 501-4755. Please cite OMB Control No. 9000-0038, Mistake in Bid, in all correspondence.

Dated: November 7, 2001.

GENERAL SERVICES ADMINISTRATION

NATIONAL CAPITAL PLANNING COMMISSION

Record of Decision: Programmatic Development Plan and Phase 1 Implementation for the Suitland Federal Center (SFC) in Suitland, MD

AGENCIES: General Services
Administration, National Capital
Planning Commission.

ACTION: Notice.

SUMMARY: The General Services Administration (GSA) has published an Environmental Impact Statement (EIS) on the Suitland Federal Center (SFC) Programmatic Development Plan and Phase 1 Implementations. The purpose of this Record of Decision (ROD) is to clearly communicate GSA's consideration of all reasonable alternatives, to communicate GSA's rationale for selecting the chosen alternative, and to identify any mitigation measures to be implemented as a part of the selected alternative.

FOR FURTHER INFORMATION CONTACT: Mr. Jag Bhargava, Project Executive, General Services Administration Portfolio Development Division, WPT, 7th and D Streets, SW., Room 2002, Washington, DC.

SUPPLEMENTARY INFORMATION: The General Services Administration has published an Environmental Impact Statement (EIS) on the following project: Suitland Federal Center (SFC) Programmatic Development Plan and Phase 1 Implementation. GSA announces its decision, in accordance with the National Environmental Policy Act of 1969, as amended (NEPA), the regulations issued by the Council on Environmental Quality (40 CFR parts 1500-1508) (CEQ), and the National Historic Preservation Act of 1966, as amended (NHPA). The purpose of this Record of Decision (ROD) is to clearly communicate GSA's consideration of all reasonable alternatives, to communicate GSA's rationale for selecting the chosen alternative, and to identify any mitigation measures to be implemented as a part of the selected alternative. The selected alternative is Alternative A, the mid-density development plan for the SFC.

Record of Decision for the Programmatic Development Plan and Phase 1 Implementation for the Suitland Federal Center (SFC) Suitland, Maryland

The SFC is a 226-acre federal employment center in Suitland, Maryland. GSA's current tenants are the Bureau of Census, the National Oceanographic and Atmospheric Administration (NOAA), and the National Archives. Independent of GSA, the National Maritime Intelligence Center (NMIC) is also located at the SFC.

GSA has prepared a programmatic development plan for the SFC campus to provide a comprehensive examination of its long-range development potential. The implementation of the programmatic development plan is the subject of an Environmental Impact Statement (EIS). The Draft EIS addressed short-term construction/renovation-related impacts and long-term effects from the proposed implementation of the programmatic development plan alternatives, as well as the cumulative impacts that would result from this and other projects that have been completed recently, are currently under development, or are proposed within the study area. The Final EIS (September 2001) includes the Draft EIS, public and federal, state and local agency comments on the Draft EIS, responses to the Draft EIS comments, modifications to the Proposed Action Alternatives, and mitigation measures to be implemented as part of the selected alternative.

Purpose and Need

The purpose of the SFC programmatic development plan is to assess future development opportunities for the underutilized SFC campus. Of particular importance is better meeting the future needs of two current tenants, NOAA and the Census Bureau. Such an analysis is essential due to current conditions at the campus.

Many existing buildings at the SFC are aged and deteriorated. Problems include leaking roofs, outdated building systems, and dilapidated interior finishes. These conditions have created potential health and safety issues, including exposure to asbestos-containing materials, contamination of the drinking water, problems with indoor air quality, and the presence of lead-based paint. The GSA has taken appropriate measures to control these hazards; however, these measures have resulted in considerable restraints on tenant use of the buildings and thus increased operational costs and

inefficiencies. In addition, the campus has existing stormwater drainage problems.

There are currently NOAA and Census Bureau employees that cannot be housed at the SFC campus due to space limitations. They are thus located in leased space around the County. The consolidation of these employees will improve operational efficiency and reduce costs.

In addition, the recent opening (January 2001) of the new Suitland Metro Rail Station at the southwest corner of the campus provides an opportunity to better accommodate the commuting needs of SFC employees. Overall, the development of a comprehensive plan for the long-range development of the SFC will allow GSA to make better use of the facility as a whole, while ensuring that valuable open space and natural and cultural resources on the campus are maintained.

Programmatic Development Plan

The Programmatic Development Plan (Plan) for the SFC was completed in the Spring of 2001. The Plan addressed deficiencies and identified opportunities at the campus over the next ten years. The Plan was developed by GSA in close cooperation with the federal agencies located at SFC, other regional planning agencies, and the surrounding community. The general purpose of the plan is as follows:

- Review, maintain, and improve the condition of existing facilities and functions of each federal agency located within the SFC campus;
- Identify potential future development opportunities for existing parcels within the SFC campus for current and potential federal government uses, or other non-federal uses;
- Maximize the value of the SFC campus for federal and other uses through actions that contribute to the redevelopment of the Suitland community;
- Review potential development opportunities provided by new transit access from the Suitland Metro Rail Station;
- Improve pedestrian and vehicular circulation within the campus and adjoining community;
- Assess campus parking requirements and provide a mixture of surface parking and structured parking facilities;
- Provide environmental and public space amenities that complement the established landscape setting of the SFC campus; and
