

purpose, indicates the length of time the project is expected to last in years and months, and affirms that these expenditures would be in addition to funds needed to otherwise meet the State's maintenance of effort requirement for the year for which it is applying for exclusion; and

4. The Administrator of SAMHSA agrees that the criteria for exclusion have been met.

Nothing in this guidance limits a State from requesting more than one exclusion in any one year. If during a particular year the State wishes to submit more than one project for exclusion, it should do so in a single request."

Dated: November 16, 2001.

Richard Kopanda,

Executive Officer, Substance Abuse and Mental Health Administration.

BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4564-N-06]

Notice of Proposed Information Collection: Evaluation Study of Rounds 3-5 of HUD's Lead Hazard Control Grant Program

AGENCY: Office of Healthy Homes and Lead Hazard Control, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* January 7, 2002.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Gail N. Ward, Reports Liaison Officer, Department of Housing and Urban Development, 451 7th Street, SW., Room P3206, Washington, DC 20410.

FOR FURTHER INFORMATION CONTACT: Dr. Peter Ashley, 202-755-1785 ext. 115 (this is not a toll-free number) for available documents regarding this proposal.

SUPPLEMENTARY INFORMATION: The Department is submitting the proposed information collection to OMB for review, as required by the Paperwork

Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

The Notice also lists the following information:

Title of Proposal: Evaluation Study of Rounds 3-5 of HUD's Lead Hazard Control Grant Program.

OMB Control Number: To be assigned.

Need for the Information and

Proposed Use: In order to assist in fulfilling its mission of eliminating lead-based paint hazards and other housing-related threats to children's health and safety in low-income privately-owned homes, HUD's Office of Healthy Homes and Lead Hazard Control operates a grant program for State and local governments to develop and implement cost-effective methods for the inspection and reduction of lead-based paint hazards in private owner-occupied and rental housing for low and moderate income families. From 1995 through 1998, HUD initiated Rounds 3-5 of this Lead Hazard Control Grant Program, awarding grants to 73 different States and localities. The purpose of this information collection is to study the effectiveness of the lead hazard control treatments that these recipient programs administered under the HUD grants, at specified time points (e.g., from 1 to 4 years) after the treatments were administered. To do this, HUD will study selected housing units that received lead hazard control treatments within approximately ten programs that received grants in Rounds 3-5 of this program. In housing units that agree to participate in the study, researchers will collect household information, will visually inspect the integrity of the applied treatments, and will collect environmental samples (e.g., dust and soil) to be analyzed for lead content. The data will be combined with similar types of "baseline" data for the same housing units that the grant programs

collected prior to administering the treatments in these units. The pre-treatment data will be obtained for this evaluation directly from the grant programs with their cooperation. The data collected during this Rounds 3-5 Evaluation Project should allow HUD to assess how post-treatment dust-lead levels, or changes in dust-lead levels between post-treatment and pre-treatment, may differ between housing units administered treatments of different intensity or cost. The data will also contribute to HUD's awareness of long-term performance of selected lead hazard control treatments.

For a participating housing unit, this information will involve: (1) A brief interior and exterior visual inspection to assess housing conditions and the integrity of the applied treatments; (2) collection of dust-wipe samples (from floors, window sills, window troughs, selected wall surfaces, and selected exterior surfaces) and soil samples for lead analysis; and (3) a brief visual survey of the immediate neighborhood to identify and record potential releases of lead in the neighborhood environment. At least one, but possibly two, information collection visits will be made to participating housing units over a two- to three-year period. If appropriate, the results of this information collection will be used to improve existing HUD guidance for cost-effective and safe lead hazard control treatments.

Agency Form Numbers: None.

Members of affected public: Selected property owners and residents of housing units that agree to participate in the study representing approximately ten state-, county-, or city-level lead hazard control grant programs across the United States.

Total Burden Estimate:

Number of Respondents: 600.

Frequency of Response: maximum of 2.

Total hours of Response: 4,050.

TABLE 1.—CALCULATION OF RESPONDENT BURDEN OVER THE FULL STUDY PERIOD

Burden-causing task	Burden to tenants or resident property owners
Undergo recruitment and be briefed on the study.	15 minutes.
Review and complete Informed Consent form.	15 minutes.
Provide access to researchers for conducting post-treatment surveys and environmental sampling.	3 hours in each of 2 visits.

TABLE 1.—CALCULATION OF RESPONDENT BURDEN OVER THE FULL STUDY PERIOD—Continued

Burden-causing task	Burden to tenants or resident property owners
Undergo any post-study briefing.	15 minutes.
Total	6.75 hours.

Average Response Time: 6.75 hours (assuming 2 visits for conducting surveys and sampling).

Total Burden for 600 units: 4,050 hours.

Status of the Proposed Information Collection: New collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended. Dated: June 14, 1999.

Dated: November 15, 2001.

David E. Jacobs,

Director, Office of Healthy Homes and Lead Hazard Control.

BILLING CODE 4210-70-M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4644-N-47]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

EFFECTIVE DATE: November 23, 2001.

FOR FURTHER INFORMATION CONTACT: Clifford Taffet, Department of Housing and Urban Development, Room 7262, 451 Seventh Street SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565, (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with the December 12, 1988 court order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.), HUD publishes a Notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist

the homeless. Today's Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: November 15, 2001.

John D. Garrity,

Director, Office of Special Needs Assistance Programs.

BILLING CODE 4210-29-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Reopening of Public Comment on Draft Recovery Goals for Four Endangered Fishes of the Colorado River Basin

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of reopening of public comment.

SUMMARY: The Fish and Wildlife Service (Service) provides notice of the reopening of the public comment period on the Draft Recovery Goals for the Four Endangered Fishes of the Colorado River Basin. The initial public comment period opened September 10, 2001, and closed October 25, 2001. To accommodate several requests for extension, the Service is reopening the comment period for an additional 15 days. Copies of the Draft Recovery Goals are available (in *.pdf format) for viewing and downloading at: <http://www.r6.fws.gov/crrip/rg.htm>, or from the Upper Colorado River Endangered Fish Recovery Program (see **ADDRESSES** section). The Service is seeking comments or suggestions from the public, other concerned government agencies, the scientific community, or any other interested parties concerning the Draft Recovery Goals. Make requests and mail comments to the Director at the address below. Comments already submitted on the Draft Recovery Goals need not be resubmitted as they will be fully considered.

DATES: The reopen comment period closes December 10, 2001.

ADDRESSES: Written comments and materials concerning this proposal should be sent to Dr. Robert Muth, Director, Upper Colorado Endangered Fish Recovery Program, U.S. Fish and Wildlife Service, Post Office Box 25486, DFC, Denver, Colorado, 80225. You may submit comments by sending electronic mail (e-mail) to: colorivgoals@fws.gov.

FOR FURTHER INFORMATION CONTACT: Dr. Robert Muth, Director (extension 268), Dr. Thomas Czaplá (extension 228) or

Debbie Felker (extension 227), Coordinators (see **ADDRESSES** above), at telephone (303) 969-7322.

SUPPLEMENTARY INFORMATION: To further the recovery of humpback chub (*Gila cypha*), bonytail (*Gila elegans*), Colorado pikeminnow (formerly named Colorado squawfish; *Ptychocheilus lucius*), and razorback sucker (*Xyrauchen texanus*), the Service announced on September 10, 2001, the availability of the Draft Recovery Goals for these endangered fishes of the Colorado River Basin and a 45-day comment period. These goals will serve as a supplement and amendment to the respective recovery plans for each species. We solicit review and comments from agencies and the public on these Draft Recovery Goals.

The purpose of these supplements and amendments are to describe site-specific management actions/tasks needed to minimize or remove threats; provide objective, measurable recovery criteria for downlisting and delisting that identify levels of demographic and genetic viability needed for self-sustaining populations; and provide estimates of the time required to achieve recovery of each of the four endangered fish species. Downlisting and delisting criteria by listing factors and management actions, as well as demographic criteria, are presented for populations of each species within recovery units. In addition, updated life-history information and statistical criteria for monitoring are identified. The recovery goals for the humpback chub, razorback sucker and bonytail are identified by two recovery units, upper basin (above Glen Canyon Dam, Arizona) and lower basin. Recovery of the Colorado pikeminnow is currently considered only for the upper basin.

Authority: The authority for this action is the Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*).

John A. Blankenship,

Deputy Regional Director, Denver, Colorado.
