

DEPARTMENT OF EDUCATION

[CFDA Nos. 84.015A, 84.015B]

Office of Postsecondary Education, Title VI, Higher Education Act of 1965, as Amended, Part A, National Resource Centers Program and Foreign Language and Area Studies Fellowships Program; Notice Announcing Technical Assistance Workshop for Preparing Applications for New Awards for Fiscal Year (FY) 2003

Purpose of Workshop: To assist institutions of higher education in preparing their applications for the competition for new awards for FY 2003 under the National Resource Centers Program and the Foreign Language and Area Studies Fellowships Program authorized by section 602 of the Higher Education Act of 1965, as amended, 20 U.S.C. 1122. The workshop will include sessions on how to develop application narratives and budgets that effectively address the programs' selection criteria, as well as sessions on program evaluation and grant administration. This notice announces the technical assistance workshop only.

Prospective applicants are advised that in August 2002 the Secretary plans to publish a notice inviting applications for FY 2003 new awards, contingent upon Congress appropriating funds for these programs.

DATES: February 3–5, 2002. Workshop sessions will begin at 8 a.m. and end at 5 p.m. Conducting the workshop in February allows prospective applicants sufficient time to develop their applications for submission in fall 2002.

ADDRESSES: The Doubletree Hotel, 300 Army/Navy Drive, Arlington, Virginia. To make a reservation call the Doubletree Hotel, toll free, at 1–800–678–8123.

Assistance to Individuals with Disabilities at the Technical Assistance Workshop: The technical assistance workshop site is accessible to individuals with disabilities. If you will need an auxiliary aid or service to participate in the workshop (e.g., interpreting service, assistive listening device, or materials in an alternate format), notify one of the contact persons listed under **FOR FURTHER INFORMATION CONTACT** at least two weeks before the scheduled workshop date. Although we will attempt to meet a request we receive after this date, we may not be able to make available the requested auxiliary aid or service because of insufficient time to arrange it.

FOR FURTHER INFORMATION CONTACT: The National Resource Centers Program and Foreign Language and Area Studies Fellowships Program Team: Cheryl Gibbs, Ed McDermott, Amy Wilson, or Karla Ver Bryck Block, U.S. Department of Education, International Education and Graduate Programs Service, 1990 K Street, NW., 6th Floor, Washington, DC 20006–8521. Telephone: (202) 502–7700 or via Internet: http://www.OPE_nrc-flas@ed.gov

If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1–800–877–8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to one of the program contact persons listed under **FOR FURTHER INFORMATION CONTACT**.

Electronic Access to This Document

You may view this document, as well as all other Department of Education documents published in the **Federal Register**, in text or Adobe Portable Document Format (PDF) on the Internet at the following site: <http://www.ed.gov/legislation/FedRegister>

To use PDF you must have Adobe Acrobat Reader, which is available free at this site. If you have questions about using PDF, call the U.S. Government Printing Office (GPO), toll free, at 1–888–293–6498; or in the Washington, DC, area at (202) 512–1530.

Note: The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available on GPO Access at: <http://www.access.gpo.gov/nara/index.html>

Program Authority: 20 U.S.C. 1122.

Dated: November 21, 2001.

Maureen A. McLaughlin,
*Deputy Assistant Secretary for Policy,
Planning and Innovation, Office of
Postsecondary Education.*

BILLING CODE 4001–01–P

DEPARTMENT OF ENERGY**Draft Environmental Impact Statement for the Proposed Kentucky Pioneer Integrated Gasification Combined Cycle Demonstration Project at Trapp, KY**

AGENCY: Department of Energy.

ACTION: Notice of availability.

SUMMARY: The Department of Energy (DOE) announces the availability for

public review and comment of the Kentucky Pioneer Integrated Combined Cycle (IGCC) Demonstration Project Draft Environmental Impact Statement (Draft EIS) (DOE/EIS–0318). DOE also announces two public hearings on the Draft EIS. DOE prepared the Draft EIS pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321 *et seq.*), Council on Environmental Quality NEPA regulations (40 CFR Parts 1500–1508), and the DOE NEPA regulations (10 CFR Part 1021). The Draft EIS evaluates the environmental impacts of the Kentucky Pioneer Integrated Gasification Combined Cycle Project, a proposed Clean Coal Technology Program demonstration project in Clark County, Kentucky that was proposed by Global Energy, Inc. DOE's proposed action is to provide cost-shared funding of approximately \$78 million (about 18 percent of the total cost of \$432 million) for the proposed project. The project would involve constructing and operating a 540 megawatt-electric IGCC plant at the J.K. Smith Site owned by Eastern Kentucky Power Cooperative. The plant would be powered by synthesis gas generated from coal and refuse-derived fuel and a molten-carbonate fuel cell operating on the synthesis gas. This proposed project is expected to demonstrate the commercial viability of the fixed bed British Gas Lurgi process in the United States, and the operation of a high temperature molten carbonate fuel cell using synthesis gas. IGCC plants can operate at significantly higher efficiencies than conventional coal-fired power plants.

DATES: DOE invites the public to comment on the Kentucky Pioneer IGCC Demonstration Project Draft EIS. Comments should be submitted by January 4, 2002 to ensure consideration (see **ADDRESSES** section for more details). DOE will consider comments submitted after January 4, 2002, to the extent practicable. Public hearings on the Kentucky Pioneer IGCC Demonstration Project Draft EIS will be held at the Lexington Public Library, 140 East Main Street, Lexington, Kentucky, December 10, 2001, from 7 PM to 9 PM, and at Trapp Elementary School, Clark County, Kentucky, December 11, 2001, from 7 PM to 9 PM. In addition, informal sessions will be held prior to both hearings beginning at 4 p.m. for the public to learn more about the proposed action. Displays and other information about the proposed agency action and location will be available, and DOE personnel will be present to answer questions. The hearings will provide an opportunity for information

exchange and discussion among DOE and the public, as well as opportunities for the public to present oral or written comments.

ADDRESSES: Comments may be submitted by U.S. mail, fax, telephone, or electronic mail to: Mr. Roy Spears, NEPA Document Manager, U.S. Department of Energy, National Energy Technology Laboratory, P.O. Box 880, Morgantown, WV 26507-0880, Telephone: 304-285-5460, Fax 304-285-4403, leave message at 1-800-276-9851, rspear@netl.doe.gov.

Requests for copies of the Kentucky Pioneer IGCC Demonstration Project Draft EIS or other information regarding this environmental analysis should be addressed to Mr. Spears at any of the addresses above.

FOR FURTHER INFORMATION CONTACT: For further information on the proposed project or the environmental impact statement, please contact Mr. Spears as directed above. For general information on the Department's NEPA process, please contact Ms. Carol M. Borgstrom, Director, Office of NEPA Policy and Compliance, EH-42, U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585. Ms. Borgstrom may be contacted by calling 202-586-4600 or by leaving a message at 1-800-472-2756.

SUPPLEMENTARY INFORMATION:

Background

On April 14, 2000, the Department published a Notice of Intent (65 FR 20142) to prepare an environmental impact statement for the proposed Kentucky Pioneer Energy Integrated Gasification Combined Cycle Demonstration Project, in Clark County, Kentucky. The Notice of Intent informed the public of the proposed scope of the EIS, solicited public input, and announced a public scoping meeting that was held on May 4, 2000, in Trapp, Kentucky. The public scoping period closed on May 31, 2000. Comments received during the public scoping process were considered in preparing the Draft EIS.

Since then, the participant in the Cooperative Agreement, Global Energy, Inc. (Global), changed the proposed solid fuel source from fuel briquettes made from high-sulfur coal and municipal solid waste to co-feeding coal and refuse-derived fuel pellets.

Alternatives Considered

The Draft EIS evaluates a proposed action and two no-action alternatives. DOE's proposed action is to provide Kentucky Pioneer Energy, Inc., a subsidiary of Global, with cost-shared

funding of approximately \$78 million for the construction and operation of a 540 megawatt-electric (MWe) IGCC plant utilizing synthesis gas generated from coal and refused-derived fuel. The plant would also demonstrate a molten-carbonate fuel cell operating on coal-derived synthesis gas. The proposed location for the project is a 300-acre parcel within the existing 3,120-acre J.K. Smith Site, owned by East Kentucky Power Cooperative. The site is approximately two miles west of Trapp, Kentucky.

The two no-Action alternative scenarios are: (1) Global would not construct power generation facilities; and (2) Global would construct a combined-cycle gas turbine plant fueled by natural gas, without DOE funding. The Draft EIS compares the environmental impacts expected to occur from construction and operation of the proposed IGCC plant and fuel cell under the proposed action with the impacts that would be likely from each of the two no-action alternative scenarios.

The Draft EIS focuses on impacts from construction and operation of the proposed project on the following resource areas: human health, air quality, surface water, groundwater, ecological resources, socioeconomic resources, environmental justice, noise, and traffic and transportation. In addition, impacts on land use, floodplains, wetlands, waste management, and cultural resources are considered.

Availability of the Draft EIS

DOE has distributed copies of the Draft EIS to appropriate Members of Congress, State and local government officials in Kentucky, Federal agencies, and other groups and interested parties. Copies of the document may be obtained by contacting DOE as provided in the section of this notice entitled **ADDRESSES**. Copies of the Draft EIS are also available for inspection at the locations identified below:

(1) U.S. Department of Energy, Freedom of Information Reading Room, 1E-190, Forrestal Building, 1000 Independence Avenue, SW, Washington, DC 20585.

(2) U.S. Department of Energy, National Energy Technology Laboratory, 3610 Collins Ferry Road, Morgantown, WV 26507-0880.

(3) U.S. Department of Energy, National Energy Technology Laboratory Federal Energy Technology Center, 626 Cochran Mill Road, Pittsburgh, PA 15236-0940.

(4) Trapp Elementary School, 11400 Irvine Road, Winchester, Kentucky 40391.

(5) Clark County Public Library, 370 South Burns Avenue, Winchester, Kentucky 40391.

(6) Lexington Public Library, 140 East Main Street, Lexington, Kentucky 40507.

Comments on the Draft EIS may be submitted to Mr. Roy Spears (see **ADDRESSES** above) or provided at public hearings (see **DATES** above). After the public comment period ends on January 4, 2002, DOE will consider all comments received, revise the Draft EIS as appropriate, and issue a Final EIS. DOE will consider the Final EIS, along with other information, such as economic and technical factors, in deciding whether or not to provide funding for the Kentucky Pioneer IGCC Demonstration Project.

Issued in Washington, DC, this 20th day of November, 2001.

Richard D. Furiga,

Acting Principal Deputy Assistant Secretary for Fossil Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Office of Civilian Radioactive Waste Management; Site Recommendation Consideration Process; Correction to Mailing Address for Internal Mail Code

AGENCY: Office of Civilian Radioactive Waste Management, Department of Energy.

ACTION: Notice correcting mail address.

SUMMARY: On November 14, 2001, the Department of Energy (the Department) announced a supplemental comment period for the public to comment on supplemental analyses addressing changes from the proposed to the final regulations for the three Federal Agencies with regulatory authority over Yucca Mountain site in Nevada (66 FR 57049). On November 21, the Department announced the dates and locations for hearings to gather public comments during the supplemental comment period (66 FR 58460). In each of the notices, the internal mail code address was incorrectly printed. The correct address is: Carol Hanlon, U.S. Department of Energy, Yucca Mountain Site Characterization Office (M/S #025), P.O. Box 364629, North Las Vegas, Nevada, 89036-8629. Comments addressed to Ms. Hanlon with the incorrect mail code will still be delivered to her.
