

country-wide rate, which is 33.18 percent; and (4) for all other non-PRC exporters of subject merchandise from the PRC, the cash deposit rate will be the rate applicable to the PRC supplier of that exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

These new shipper reviews and notice are in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act.

Dated: November 20, 2001.

Faryar Shirzad,

Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Closed Meeting of the U.S. Automotive Parts Advisory Committee (APAC)

AGENCY: International Trade Administration, Commerce.

ACTION: Announcement of meeting.

SUMMARY: The APAC will have a closed meeting on December 13, 2001 at the U.S. Department of Commerce to discuss U.S.-made automotive parts sales in Japanese and other Asian markets.

DATES: December 13, 2001.

FOR FURTHER INFORMATION CONTACT: Dr. Robert Reck, U.S. Department of Commerce, Room 4036, Washington, DC 20230, telephone: 202-482-1418.

SUPPLEMENTARY INFORMATION: The U.S. Automotive Parts Advisory Committee (the "Committee") advises U.S. Government officials on matters relating to the implementation of the Fair Trade in Automotive Parts Act of 1998 (Pub. L. 105-261). The Committee: (1) Reports to the Secretary of Commerce on barriers to sales of U.S.-made automotive parts and accessories in Japanese and other Asian markets; (2) reviews and considers data collected on

sales of U.S.-made auto parts and accessories in Japanese and other Asian markets; (3) advises the Secretary of Commerce during consultations with other Governments on issues concerning sales of U.S.-made automotive parts in Japanese and other Asian markets; and (4) assists in establishing priorities for the initiative to increase sales of U.S.-made auto parts and accessories to Japanese markets, and otherwise provide assistance and direction to the Secretary of Commerce in carrying out the intent of that section; and (5) assists the Secretary of Commerce in reporting to Congress by submitting an annual written report to the Secretary on the sale of U.S.-made automotive parts in Japanese and other Asian markets, as well as any other issues with respect to which the Committee provides advice pursuant to its authorizing legislation. At the meeting, committee members will discuss specific trade and sales expansion programs related to automotive parts trade policy between the United States and Japan and other Asian markets.

The Acting Assistant Secretary for Administration, with the concurrence of the General Counsel formally determined on November 21, 2001, pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, that the December 13 meeting of the Committee and of any subcommittee thereof, dealing with privileged or confidential commercial information may be exempt from the provisions of the Act relating to open meeting and public participation therein because these items are concerned with matters that are within the purview of 5 U.S.C. 552b (c)(4) and (9)(B). A copy of the Notice of Determination is available for public inspection and copying in the Department of Commerce Records Inspection Facility, Room 6020, Main Commerce.

Dated: November 23, 2001.

Al Warner,

Acting Director, Office of Automotive Affairs.

BILLING CODE 3510-DR-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Notice of Government owned inventions available for licensing

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice of Government owned inventions available for licensing.

SUMMARY: The inventions listed below are owned in whole or in part by the U.S. Government, as represented by the Department of Commerce. The Department of Commerce's interest in the inventions is available for exclusive or non-exclusive licensing in accordance with 35 U.S.C. 207 and 37 CFR part 404 to achieve expeditious commercialization of results of federally funded research and development.

FOR FURTHER INFORMATION CONTACT:

Technical and licensing information on these inventions may be obtained by writing to: National Institute of Standards and Technology, Office of Technology Partnerships, Building 820, Room 213, Gaithersburg, MD 20899; Fax 301-869-2751. Any request for information should include the NIST Docket number and title for the relevant invention as indicated below.

SUPPLEMENTARY INFORMATION: NIST may enter into a Cooperative Research and Development Agreement ("CRADA") with the license to perform further research on the inventions for purposes of commercialization. The inventions available for licensing are:

NIST Docket Number: 99-013US.

Title: Efficient Microwave Magnetic Recording System.

Abstract: A microwave magnetic recording system can enable magnetic recording heads for computer disk drives to record efficiently at data rates in excess of 500×10^{-6} bits per second. The microwave magnetic recording system permits a recording head to operate a bandwidths which are limited only by the fundamental physical limits of electron spin precession rates. The system includes a microwave waveguide as the source of the energizing field, shaped write pulses to reduce overshoot due to ferromagnetic resonance, an rf ac bias signal to thermally excite the recording medium and thereby reduce the necessary recording field, higher moment magnetic head materials to increase the spin precession rate in a thin-film geometry, and hard-axis biased magnetic head materials to increase the flux conduction efficiency of thin pole tip materials. All of these features complement thin-film head designs or may be used with exotic planarized head structure.

NIST Docket Number: 00-010US.

Title: Reagents For Water Determination In Samples Containing Iodine-Reacting Interfering Substances.

Abstract: The present invention relates to reagents for water determination in materials containing iodine-reacting interfering substances. The reagents are use for correction of
