Interested persons are invited to submit written data, views, or arguments regarding the information collection requirements as they may desire. Substantive comments should be accompanied by cost estimates. Comments must identify the regulatory docket or notice number and be submitted in duplicate to the DOT Rules Docket address specified above.

All comments received, as well as a report summarizing each substantive public contact with FAA personnel concerning this rulemaking, will be filed in the docket. The docket is available for public inspection before and after the comment closing date.

All comments received on or before the closing date will be considered by the FAA before the effective date of the final rule. Comments filed late will be considered as far as possible without incurring expense or delay.

Commenters wishing the FAA to acknowledge receipt of their comments

submitted in response to this document must include a pre-addressed, stamped postcard with those comments on which the following statement is made:

“Comments to Docket No. FAA-1999-5836.” The postcard will date stamped and mailed to the commenter.

Background

On July 30, 2001, the Federal Aviation Administration (FAA) issued Repair Stations; Final Rule with request for comments and direct final rule with request for comments (66 FR 41088, August 6, 2001). Comments to that document were to be received on or before October 5, 2001.

Several organizations have requested an extension of the comment period. By letter dated September 28, 2001, the Aeronautical Repair Station Association, Aircraft Electronics Association, Helicopter Association International, National Air Transportation Association, and National Air Carrier Association jointly requested that FAA extend the comment period until December 31, 2001. The petitioners cited the national security events that occurred on September 11, 2001, to support their requests for an extension. The petitioners indicated that the recent events devastated its member companies. In some cases, the personnel needed to collect, compile, evaluate, and respond to the request for cost estimates have been laid off. In other cases these personnel have been assigned to other responsibilities, making it difficult to respond to the request for comments by the October 5, 2001, deadline. Goodrich Aerostructures Group, also requested that FAA extend the comment period.

The FAA acknowledges that the tragic events of September 11 have required the nation's attention and concurs with the petitioner's request to extend the comment period on the information collection requirements of the final rule. Therefore, the FAA believes an additional 60 days is sufficient to allow interest parties to provide comment.

Extension of Comment Period

In accordance with § 11.47 of Title 14, Code of Federal Regulations, the FAA has reviewed the requests for extension of the comment period to the repair stations final rule. These petitioners have shown a substantive interest in the final rule and good cause for the extension. The FAA also has determined that an extension of the comment period is consistent with the public interest, and that good cause exists for taking this action.

Accordingly, the comment period for Repair Stations; Final Rule request for

comments on the paperwork burden is extended until January 29, 2002.

Issued in Washington, DC, November 19, 2001.

Louis C. Cusimano,

Acting Director, Flight Standards Service.

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4011 and 4022

Disclosure to Participants; Benefits Payable in Terminated Single-Employer Plans

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: This rule amends Appendix D to the Pension Benefit Guaranty Corporation's regulation on Benefits Payable in Terminated Single-Employer Plans by adding the maximum guaranteeable pension benefit that may be paid by the PBGC with respect to a plan participant in a single-employer pension plan that terminates in 2002. This rule also amends the PBGC's regulation on Disclosure to Participants by adding information on 2002 maximum guaranteed benefit amounts to Appendix B. The amendment is necessary because the maximum guarantee amount changes each year, based on changes in the contribution and benefit base under section 230 of the Social Security Act. The effect of the amendment is to advise plan participants and beneficiaries of the increased maximum guarantee amount for 2002.

EFFECTIVE DATE: January 1, 2002.

FOR FURTHER INFORMATION CONTACT: Harold J. Ashner, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005-4026; 202-326-4024. (For TTY/TDD users, call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: Section 4022(b) of the Employee Retirement Income Security Act of 1974 provides for certain limitations on benefits guaranteed by the PBGC in terminating

single-employer pension plans covered under Title IV of ERISA. One of the limitations, set forth in section 4022(b)(3)(B), is a dollar ceiling on the amount of the monthly benefit that may be paid to a plan participant (in the form of a life annuity beginning at age 65) by the PBGC. The ceiling is equal to "\$750 multiplied by a fraction, the numerator of which is the contribution and benefit base (determined under section 230 of the Social Security Act) in effect at the time the plan terminates and the denominator of which is such contribution and benefit base in effect in calendar year 1974 [\$13,200]." This formula is also set forth in § 4022.22(b) of the PBGC's regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR Part 4022). Appendix D to Part 4022 lists, for each year beginning with 1974, the maximum guaranteeable benefit payable by the PBGC to participants in single-employer plans that have terminated in that year.

Section 230(d) of the Social Security Act (42 U.S.C. 430(d)) provides special rules for determining the contribution and benefit base for purposes of ERISA section 4022(b)(3)(B). Each year the Social Security Administration determines, and notifies the PBGC of, the contribution and benefit base to be used by the PBGC under these provisions, and the PBGC publishes an amendment to Appendix D to Part 4022 to add the guarantee limit for the coming year.

The PBGC has been notified by the Social Security Administration that, under section 230 of the Social Security Act, \$63,000 is the contribution and benefit base that is to be used to calculate the PBGC maximum guaranteeable benefit for 2001. Accordingly, the formula under section 4022(b)(3)(B) of ERISA and 29 CFR 4022.22(b) is: \$750 multiplied by \$63,000/\$13,200. Thus, the maximum monthly benefit guaranteeable by the PBGC in 2002 is \$3,579.55 per month in the form of a life annuity beginning at age 65. This amendment updates Appendix D to Part 4022 to add this maximum guaranteeable amount for plans that terminate in 2002. (If a benefit is payable in a different form or begins at a different age, the maximum guaranteeable amount is the actuarial equivalent of \$3,579.55 per month.)

Section 4011 of ERISA requires plan administrators of certain underfunded plans to provide notice to plan participants and beneficiaries of the plan's funding status and the limits of the PBGC's guarantee. The PBGC's regulation on Disclosure to Participants (29 CFR part 4011) implements the statutory notice requirement. This rule amends Appendix B to the regulation on Disclosure to Participants by adding information on 2002 maximum guaranteed benefit amounts. Plan administrators may, subject to the requirements of that regulation, include this information in participant notices.

General notice of proposed rulemaking is unnecessary. The maximum guaranteeable benefit is determined according to the formula in section 4022(b)(3)(B) of ERISA, and these amendments make no change in its method of calculation but simply list 2002 maximum guaranteeable benefit amounts for the information of the public.

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this regulation, the Regulatory Flexibility Act of 1980 does not apply (5 U.S.C. 601(2)).
