ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Approval and Promulgation of Implementation Plans; State of Missouri

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve a State Implementation Plan (SIP) revision submitted by the state of Missouri. This approval pertains to the state’s SIP revision submitted by the state of Missouri. This approval pertains to the state’s rule which restricts emissions of particulate matter from industrial processes. In the final rules section of the Federal Register, EPA is approving the state’s SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action.

Please note that if EPA receives adverse comments, the direct final rule may be severed from the remainder or section of this rule and if that provision is severed from the remainder of the rule, EPA may adopt as final or section of this rule and if that provision is severed from the remainder of the rule, EPA may adopt as final

Alternatively, if EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action.

Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision is severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

DATES: Comments on this proposed action must be received in writing by December 31, 2001.

ADDRESSES: Comments may be mailed to Wayne Kaiser, Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101.

FOR FURTHER INFORMATION CONTACT: Wayne Kaiser at (913) 551–7603.

SUPPLEMENTARY INFORMATION: See the information provided in the direct final rule which is located in the rules section of the Federal Register.

William W. Rice, Acting Regional Administrator, Region 5.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Approval and Promulgation of Implementation Plans; Indiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve revisions to Indiana’s opacity rules. The Indiana Department of Environmental Management (IDEM) submitted revised opacity rules on October 21, 1999, as a requested revision to its State Implementation Plan (SIP). The revisions address the provisions of Indiana’s opacity rule concerning the startup and shutdown of operations, the terminology used in discussing averaging periods, time periods for temporary exemptions, alternative opacity limits, and conflicts between visible emission readings and COM data.

A major new component of this rule is a provision that allows the State to incorporate source-specific startup and shutdown provisions into federal operating permits for certain utility boilers, as long as those provisions fall within a range established in the rule. All of the revisions satisfy EPA guidelines.

DATES: The EPA must receive written comments by December 31, 2001.

ADDRESSES: You should mail written comments to: J. Elmer Borter, Chief, Regulation Development Section, Air Programs Branch (AR–18), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

You may inspect copies of Indiana’s submittal at: Regulation Development Section, Air Programs Branch (AR–18), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Matt Rau, Environmental Engineer, Regulation Development Section, Air Programs Branch (AR–18), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 62

Approval and Promulgation of Implementation Plans; Illinois

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve, through direct final procedure, a negative declaration submitted by Illinois which indicates there is no need for regulations covering existing Small Municipal Waste Combustors (MWC) in the State. The negative declaration was submitted in a letter dated June 25, 2001, to satisfy a Federal requirement to
