

following number, P-10455-021, on any comments or motions filed.

k. *Description of proposal:* The licensee requests that article 412 of the project license be deleted from the license. License article 412 requires the licensee to file with the Commission, for approval, the proposed terms and conditions of an agreement between the licensee and the Pine Bluff Sand & Gravel Company for lost mineral resources as a result of the project. The licensee asserts that this article imposes additional and unnecessary procedures with respect to the licensee's acquisition of project property.

l. *Locations of the application:* Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance).

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", OR "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

p. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an

agency's comments must also be sent to the Applicant's representatives.

David P. Boergers,
Secretary.

Underground Injection Control Program Hazardous Waste Injection; Restrictions; Petition for Exemption—Class I Hazardous Waste Injection; E. I. du Pont de Nemours & Company, Inc.

AGENCY: Environmental Protection Agency.

ACTION: Notice of final decision on a no migration petition reissuance.

SUMMARY: Notice is hereby given that a reissuance of an exemption to the land disposal restrictions under the 1984 Hazardous and Solid Waste Amendments to the Resource Conservation and Recovery Act has been granted to E. I. du Pont de Nemours & Company, Inc. (DuPont) for three Class I injection wells located at Beaumont, Texas. As required by 40 CFR part 148, the company has adequately demonstrated to the satisfaction of the Environmental Protection Agency by the petition and supporting documentation that, to a reasonable degree of certainty, there will be no migration of hazardous constituents from the injection zone for as long as the waste remains hazardous. This final decision allows the continued underground injection by DuPont, of the specific restricted hazardous wastes identified in the exemption, into Class I hazardous waste injection wells No. WDW-100, WDW-101, and WDW-188 at the Beaumont, Texas facility, until December 31, 2020, for the Frio Sand and until December 31, 2010, for the Oakville Sand, unless EPA moves to terminate the exemption under provisions of 40 CFR 148.24. As required by 40 CFR 148.22(b) and 124.10, a public notice was issued November 27, 2000, and a comment period extension notice was issued December 28, 2000, notifying the public of the opportunity to comment on this action. The initial public comment period opened on November 27, 2000, and closed on January 31, 2001. There was a public hearing held January 4, 2001. The second comment period opened on July 19, 2001, and closed on September 4, 2001. A responsiveness

summary was prepared to address all of the extensive comments received. This decision constitutes final Agency action.

DATES: This action is effective as of November 21, 2001.

ADDRESSES: Copies of the petition and all pertinent information relating thereto are on file at the following location: Environmental Protection Agency, Region 6, Water Quality Protection Division, Source Water Protection Branch (6WQ-S), 1445 Ross Avenue, Dallas, Texas 75202-2733.

FOR FURTHER INFORMATION CONTACT: Philip Dellinger, Chief Ground Water/UIC Section, EPA—Region 6, telephone (214) 665-7165.

Sam Becker,

Acting Division Director, Water Quality Protection Division (6WQ).

Notice of Proposed Prospective Purchaser Agreement Pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as Amended by the Superfund Amendments and Reauthorization Act, the Resource Conservation Recovery Act, and the Missouri Hazardous Waste Law, Sentinel Wood Treating Site, Ava Douglas County, MO

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposal of prospective purchaser agreement for the Sentinel Wood Treating Site.

SUMMARY: Notice is hereby given that a proposed prospective purchaser agreement associated with the Sentinel Wood Treating Site, located in Ava, Douglas County, Missouri, was executed by the Agency on October 25, 2001, the Missouri Department of Natural Resources on November 7, 2001, the Missouri Attorney General's Office on October 22, 2001, the City of Ava on October 19, 2001, and concurred upon by the United States Department of Justice on October 22, 2001. The Site is an inactive woodtreating facility. The agreement, between the City of Ava, Missouri ("the purchaser"), the United States Environmental Protection Agency ("EPA"), and the Missouri Department of Natural Resources ("MDNR") is subject to final approval after the comment period. The Prospective Purchaser Agreement would resolve

certain potential EPA claims under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended by the Superfund Amendments and Reauthorization Act of 1986 ("CERCLA"), and potential MDNR claims under the Missouri Hazardous Waste Law.

Under this proposed agreement, the purchaser would be required to sample, if necessary, and dispose of contaminated materials that are excavated during road construction and related construction activities, restrict access to two ponds located north of the Site, and refrain from any activity which disturbs the former lagoon area of the Site and the ground water drainage diversion system at the Site. The purchaser must also provide to EPA copies of all construction plans at least thirty (30) days in advance of construction activities. Further, the settlement also requires the purchaser to restrict the use of ground water and ensure non-interference with the performance, operation, and maintenance of any selected response action.

The purchaser is required to grant access to the property to EPA, its authorized officers, employees, representatives, and all other persons performing response actions under EPA oversight. If the purchaser fails to comply with the terms of the Agreement and Covenant Not to Sue, the purchaser would be liable for all litigation and other enforcement costs incurred by the United States to enforce this Agreement.

This notice is also hereby given in accordance with section 7003(d) of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6973(d). The proposed settlement includes an EPA covenant not to sue the purchaser pursuant to section 7003 of RCRA, 42 U.S.C. 6973. Commenters may request an opportunity for a public meeting in the affected area in accordance with section 7003(d) of RCRA, 42 U.S.C. 6973(d).

For thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed settlement. The Agency's response to any comments received will be available for public inspection at the U.S. Environmental Protection Agency, Region VII, 901 North 5th Street, Kansas City, Kansas 66101, and the information repository for the Sentinel Wood Treating site located at the Douglas County Public Library, Ava, Missouri.

DATES: Comments must be submitted on or before January 2, 2002.

Availability: The proposed settlement is available for public inspection at the U.S. Environmental Protection Agency, Region VII, 901 North 5th Street, Kansas City, Kansas 66101, and the information repository for the Sentinel Wood Treating Site located at the Douglas County Public Library, Ava, Missouri. A copy of the proposed agreement may be obtained from Alyse Stoy, Assistant Regional Counsel, U.S. Environmental Protection Agency, Region VII, 901 North 5th Street, Kansas City, Kansas 66101. Comments should reference "The Sentinel Wood Treating Site Prospective Purchaser Agreement" and should be forwarded to Alyse Stoy, at the above address.

FOR FURTHER INFORMATION CONTACT:

Alyse Stoy, Assistant Regional Counsel, Office of Regional Counsel, United States Environmental Protection Agency, Region VII, 901 North 5th Street, Kansas City, Kansas 66101, (913) 551-7826.

Dated: November 16, 2001.

James B. Gulliford,

Regional Administrator, Region VII.

Notice of Extension of Comment Period on Draft Aquatic Life Criteria Document for Atrazine

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of extension of comment period on draft aquatic life criteria document for atrazine.

SUMMARY: Section 304(a)(1) of the Clean Water Act (CWA) requires the Environmental Protection Agency (EPA) to develop and publish, and from time to time revise, criteria for water accurately reflecting the latest scientific knowledge. These criteria provide EPA's recommendations to states and authorized tribes as guidance in establishing their water quality standards as state or tribal law or regulation. On September 26, 2001, at 66 FR 49186, EPA published a notice of availability for a draft aquatic life criteria document for atrazine. Today, in response to an official request, EPA is notifying the public that the comment period on this draft aquatic life criteria document has been extended for an additional sixty days, until January 25, 2002.

As discussed in the original **Federal Register** notice, EPA's Office of Pesticide Programs (OPP) released its preliminary ecological fate and effects risk assessment of atrazine for a sixty day comment period (66 FR 49180) concurrent with the EPA's Office of Water (OW) draft aquatic life criteria document. However, the 60-day time extension announced today is only for comments on OW's draft aquatic life criteria document. OPP's ecological fate and effects risk assessment will be revised after public comments have been considered and incorporated, and OPP will be soliciting public comment on risk mitigation ideas for 60 days. Both offices continue to ask that comments be submitted to both the OW (W-01-10) and OPP (OPP-34237A) dockets, as discussed in the original **Federal Register** notices.

EPA is notifying the public about the availability of this draft document in accordance with the Agency's process for developing or revising criteria (63 FR 68354, December 10, 1998). As indicated in the December 10, 1998 FR notice, the Agency believes it is important to provide the public with an opportunity to submit scientific information on draft criteria.

DATES: All significant scientific information must be submitted to the Agency under docket number W-01-10. All significant scientific information submissions are requested to be submitted by January 25, 2002. The Administrative Record supporting this draft guidance document is available at the Water Docket, Room EB 57, Environmental Protection Agency, 401 M Street SW., Washington, DC 20460 on Monday through Friday, excluding Federal holidays, between 9 a.m. and 4 p.m. For access to docket materials call (202) 260-3027 for an appointment. A reasonable fee will be charged for photocopies.

ADDRESSES: Send an original and three copies of any written significant scientific information to W-01-10 Comment Clerk, Water Docket (MC4101), USEPA, 1200 Pennsylvania Ave., NW., Washington, DC 20460. Information may be hand-delivered to the Water Docket, USEPA, Room EB 57, 401 M Street, SW., Washington, DC 20460. Information may also be submitted electronically to *OW-Docket@epa.gov*. Information should be submitted as a WP5.1, 6.1 and/or 8.0 or an ASCII file with no form of encryption.

Copies of the criteria document entitled, *Ambient Aquatic Life Water Quality Criteria for Atrazine* may be obtained from EPA's Water Resource
