JPS Converter and Industrial Corp., a Subsidiary of JPS Textile, Inc., Borden Plant, Now Known as Chiquola Fabrics, LLC, Kingsport, Tennessee; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on October 28, 1999, applicable to workers of JPS Converter and Industrial Corp., a Subsidiary of JPS Textile Group, Inc., Borden Plant, Kingsport, Tennessee.

The notice was published in the **Federal Register** on December 2, 1999 (64 FR 67594).

At the request of the petitioners, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of cotton and some cotton/polyester blend fabrics, primarily for book bindings.

The company reports that in August, 1999, Chiquola Fabrics, LLC purchased the Borden Plant, Kingsport, Tennessee of JPS Converter and Industrial Corp. and is now known as Chiquola Fabrics, LLC.

Information also shows that workers separated from employment at the subject firm, had their wages reported under a separate unemployment insurance (UI) tax account for Chiquola Fabrics, LLC.

Accordingly, the Department is amending the certification determination to properly reflect this matter.

The intent of the Department's certification is to include all workers of JPS Converter and Industrial Corp., a Subsidiary of JPS Textile Group, Inc., Borden Plant, now known as Chiquola Fabrics, LLC who were adversely affected by increased imports.

The amended notice applicable to TA-W-36,891 is hereby issued as follows:

All workers of JPS Converter and Industrial Corp., a Subsidiary of JPS Textile Group, Inc., Borden Plant, now known as Chiquola Fabrics, LLC, Kingsport, Tennessee who become totally or partially separated from employment on or after September 22, 1998, through October 28, 2001, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 26th day of November, 2001.

Northwestern Steel and Wire Company Sterling, Illinois; Notice of Revised Determination on Reconsideration

On September 26, 2001, the Department issued an Affirmative Determination Regarding Application on Reconsideration applicable to workers and former workers of the

subject firm. The notice was published in the **Federal Register** on November 9, 2001 (66 FR 56713).

The Department initially denied TAA to workers of Northwestern Steel and Wire Company, Sterling, Illinois, producing structural steel and steel rod because the "contributes importantly" group eligibility requirement of section 222(3) of the Trade Act of 1974, as amended, was not met.

On reconsideration, the Department conducted further survey analysis of major customers of Northwestern Steel and Wire Company, Sterling, Illinois. The survey revealed that various customers increased their reliance on imported structural steel and wire rod during the relevant period.

All workers at Northwestern Steel were previously certified eligible to apply for TAA, TA-W-35, 174, which expired December 1, 2000.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with structural steel and wire rod, contributed importantly to the declines in sales or production and to the total or partial separation of workers of Northwestern Steel and Wire Company, Sterling, Illinois. In accordance with the provisions of the Act, I make the following certification:

All workers of Northwestern Steel and Wire Company, Sterling, Illinois, who became totally or partially separated from employment on or after December 2, 2000, through two years from date of certification are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC this 26th day of November 2001.

Edward A. Tomchick,

Director, Division of Trade Adjustment Assistance.
