

Abstract

a. VA Form 26-6705 is used by the private sector sales broker to submit an offer to the VA on behalf of a prospective purchaser of a VA-acquired property. The form will be prepared for each proposed contract submitted to the VA. If the VA accepts the offer to purchase, it then becomes a contract of sale. The form defines the terms of sale, provides the prospective purchaser with a receipt for his/her earnest money deposit, eliminates the need for separate transmittal of a purchase offer and develops the contract without such intermediate processing steps and furnishes evidence of the station decision with respect to the acceptance of the contract as tendered. Without this information, a determination of the best offer for a property cannot be made.

b. VA Form 26-6705b is used as a credit application to determine the creditworthiness of a prospective purchaser in those instances when the prospective purchaser seeks VA vendee financing, along with VA Form 26-6705. In such sales, the offer to purchase will not be accepted until the purchaser's income and credit history have been verified and a loan analysis has been completed, indicating loan approval. Without this information, the creditworthiness of a prospective purchaser cannot be determined and the offer to purchase cannot be accepted.

c. VA Form 26-6705d is an addendum to VA Form 26-6705 for use in Virginia. It includes requirements of State law, which must be acknowledged by the purchaser at or prior to closing.

Title: Generic Clearance for the Veterans Health Administration Customer Satisfaction Surveys.

OMB Control Number: 2900-0570.

Type of Review: Revision of a currently approved collection.

Abstract: Executive Order 12862, Setting Customer Service Standards, requires Federal agencies and departments to identify and survey its customers to determine the kind and quality of services they want and their level of satisfaction with existing services. VHA uses customer satisfaction surveys to gauge customer perceptions of VA services as well as customer expectations and desires. The results of these information collections lead to improvements in the quality of VHA service delivery by helping to shape the direction and focus of specific programs and services.

Affected Public: Individuals or households.

Listing of Survey Activities

I. Special Emphasis Programs

The following list of activities is a compendium of customer satisfaction survey plans by VHA. Different special emphasis programs will be surveyed annually; however, program selections have not been made for FYs 2002-2004. Burden hours for the out-years are based on FY 2001 estimates (Burden hours per respondent: 15 minutes).

Year	Number of respondents	Estimated annual burden (in hours)	Frequency
2002	50,000	12,500	Annually.
2003	50,000	12,500	Annually.
2004	50,000	12,500	Annually.

II. Local Facilities Surveys

Year	Number of respondents	Estimated annual burden (in hours)	Frequency
2002	288,780	62,569	One-time.
2003	288,780	62,569	One-time.
2004	288,780	62,569	One-time.

Most customer satisfaction surveys will be recurring so that VHA can create ongoing measures of performance and to determine how well the Agency meets customer service standards. Each collection of information will consist of the minimum amount of information

necessary to determine customer needs and to evaluate VHA's performance. VHA expects to distribute written surveys with a total annual burden of approximately 75,069 hours in FYs 2002, 2003, and 2004 (Burden hours per respondent: 13 minutes).

Dated: November 27, 2001.
