Public Participation and Site Visit

You can make a difference by providing us with your specific comments or concerns about the project. By becoming a commentator, your concerns will be addressed in the EA and considered by the Commission. You should focus on the potential environmental effects of the proposal, alternatives to the proposal (including alternative locations or routes), and measures to avoid or lessen environmental impact. The more specific your comments, the more useful they will be. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

- Send an original and two copies of your letter to: Linwood A. Watson, Jr., Acting Secretary, Federal Energy Regulatory Commission, 888 First St., N.E., Room 1A, Washington, DC 20426;
- Label one copy of the comments for the attention of Gas 1, PJ-11.1;
- Reference Docket No. CP01-439-000; and
- Mail your comments so that they will be received in Washington, DC on or before January 7, 2002.

Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.gov> under the "e-Filing" link and link to the User's Guide. Before you can file comments you will need to create an account which can be created by clicking on "Login to File" and then "New User Account".

If you do not want to send comments at this time but still want to remain on our mailing list, please return the Information Request (appendix 2).⁴ If

you do not return the Information Request, you will be removed from the environmental mailing list.

On December 18 and 19, 2001, the Office of Energy Projects staff will conduct a precertification site visit of the project route and possible reroutes. All parties may attend. Those planning to attend must provide their own transportation. On December 18, 2001, we will be meeting at the Columbia Gas Office at 525 Highlands Blvd., Suite 100, Coatesville, PA at 8:00 am. On December 19, 2001, we will be meeting at the Logan Generating Station entrance on U.S. Route 130 about 1.5 miles south of U.S. Route 322 at 8:00 am.

For further information on attending the site visit, please contact the Commission's Office of External Affairs at (202) 208-0004.

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding known as an "intervenor." Intervenor play a more formal role in the process. Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise, each intervenor must provide 14 copies of its filings to the Secretary of the Commission and must send a copy of its filings to all other parties on the Commission's service list for this proceeding. If you want to become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) (see appendix 1). Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your environmental comments considered.

Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance).

Similarly, the "CIPS" link on the FERC Internet website provides access to the texts of formal documents issued by the Commission, such as orders,

notices, and rulemakings. From the FERC Internet website, click on the "CIPS" link, select "Docket#" from the CIPS menu, and follow the instructions. For assistance with access to CIPS, the CIPS helpline can be reached at (202) 208-2474.

4. Minimize the burden of the collections of information on those who are to respond, including through the use of appropriate automated or electronic collection technologies or other forms of information technology, e.g., permitting electronic submission of responses.

IV. What Information Collection Activity or ICR Does this Action Apply to?

EPA is seeking comments on the following ICR:

Title: Section 29 Annual Report on Conditional Registrations.

ICR numbers: EPA ICR No. 0601.07, OMB No. 2070-0026.

ICR status: This ICR is a renewal of an existing ICR that is currently approved by OMB and is due to expire August 31, 2002.

Abstract: Section 29 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) requires the EPA Administrator to submit an annual report to Congress before February 16 of each year. This report includes the total number of applications for conditional registration filed under sections 3(c)(7)(B) and 3(c)(7)(C) of FIFRA during the previous fiscal year. Of those applications approved, the report must also identify the Administrator's findings in each case, the conditions imposed and any modification of such conditions in each case, and the quantities produced of such pesticides. All of this information, except production volume data, is obtained

from Agency files. EPA must rely on outside sources for production volume data. Therefore, EPA requires registrants with conditionally registered pesticides to provide production volume data from the preceding fiscal year. There are no forms or third-party disclosure requirements associated with this information collection activity.

V. What are EPA's Burden and Cost Estimates for this ICR?

Under the PRA, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal Agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized in this notice. The annual public burden for this ICR is estimated to be 84 hours. The following is a summary of the estimates taken from the ICR:

Respondents/affected entities: Applicants for conditional pesticide registration whose applications are approved during a given fiscal year.

Estimated total number of potential respondents: 30.

Frequency of response: Annual.

Estimated total/average number of responses for each respondent: 1-2.

Estimated total annual burden hours: 84.

Estimated total annual burden costs: \$6,612.00.

VI. Are There Changes in the Estimates from the Last Approval?

The registrant burden estimate for this information collection has remained at 84 hours per year, with the number of respondents reporting and the number of conditional registrations each remaining the same. The individual burden per chemical for reporting has remained constant at 1.4 hours, while the burden per registrant has remained constant at 2.8 hours, with an average of two chemicals per registrant.

VII. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.
