Proposed CERCLA 122(h) Administrative Agreement for Collection of Past Costs

AGENCY: U.S. Environmental Protection Agency (USEPA).

ACTION: Notice.

SUMMARY: USEPA is proposing to execute an Administrative Agreement (Agreement) under section 122 of CERCLA for collection of a percentage of past response costs at the SCD Chemical Superfund Site. The Settling Party, the Bankruptcy Trustee for the bankruptcy estate of the owner of the property upon which the Superfund Site is located, has agreed, to pay 50% of the net proceeds of sale of the Site property (after payment of the real estate broker's commission, transfer taxes, and closing costs, and liens, such as real property taxes). The property was sold for \$150,000 and the proposed distribution to EPA from the sale has been determined by the parties to be

39,768.63. The Settling Party would receive an agreement to make no further claim against the Debtor's estate for its response costs, except for the proposed distribution from the proceeds of the sale of the Subject Property. The property was sold for \$150,000 and the proposed distribution to EPA from the sale has been determined by the parties to be \$39,768.63. The Site is not on the National Priorities List. The Agreement has been executed by the Settling Party. The Settling Party would receive an
