**RAILROAD RETIREMENT BOARD**

**Proposed Data Collection Available for Public Comment and Recommendations**

**SUMMARY:** In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collection, the Railroad Retirement Board will publish periodic summaries of proposed data collections.

*Comments are invited on:* (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

*Title and Purpose of information collection:* Representative Payee Parental Custody Monitoring.

Under Section 12(a) of the Railroad Retirement Act (RRA), the Railroad Retirement Board (RRB) is authorized to select, make payments to, and to conduct transactions with, a beneficiary's relative or some other

person willing to act on behalf of the beneficiary as a representative payee. The RRB is responsible for determining if direct payment of the beneficiary or payment to a representative payee would best serve the beneficiary's interest. Inherent in the RRB's authorization to select a representative payee is the responsibility to monitor the payee to assure that the beneficiary's interests are protected. Triennially, the RRB utilizes Form G-99d, Parental Custody Report, to obtain information needed to verify that a parent-for-child representative payee still has custody of the child. One response is required from each respondent. The RRB proposes minor non-burden impacting editorial changes to Form G-99d.

*Estimate of Annual Respondent Burden*

The estimated annual respondent burden is as follows:

Form/Nos.	Annual responses	Time (min)	Burden (hrs)
G-99d .....	1,850	5	154

**FOR FURTHER INFORMATION CONTACT:** To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 N. Rush Street, Chicago, Illinois 60611-2092. Written comments should be received within 60 days of this notice.

**RAILROAD RETIREMENT BOARD**

**Proposed Collection; Comment Request**

**SUMMARY:** In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

*Comments are invited on:* (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection

of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

*Title and purpose of information collection:* Employee Non-Covered Service Pension Questionnaire; OMB 3220-0154.

Section 215(a)(7) of the Social Security Act provides for a reduction in social security benefits based on employment not covered under the Social Security Act or the Railroad Retirement Act (RRA). This provision applies a different social security benefit formula to most workers who are first eligible after 1985 to both a pension based in whole or in part on non-covered employment and a social security retirement or disability benefit. There is a guarantee provision that limits the reduction in the social security benefit to one-half of the portion of the pension based on non-covered employment after 1956. Section 8011 of P.L. 100-647 changed the effective date of the onset from the first month of eligibility to the first month of concurrent entitlement to the non-covered service benefit and the RRA benefit.

Section 3(a)(1) of the RRA provides that the Tier I benefit of an employee annuity will be equal to the amount

(before any reduction for age or deduction for work) the employee would receive if he or she would have been entitled to a like benefit under the Social Security Act. The reduction for a non-covered service pension also applies to a Tier I portion of employees under the RRA where the annuity or non-covered service pension begins after 1985. Since the amount of a Tier I benefit of a spouse is one-half of the employee's Tier I, the spouse annuity is also affected by the employee's non-covered service pension reduction of his or her Tier I benefit.

The RRB utilizes Form G-209, Employee Non-covered Service Pension Questionnaire, to obtain needed information from railroad retirement employee applicants or annuitants about the receipt of a pension based on employment not covered under the Railroad Retirement Act or the Social Security Act. It is used as both a supplement to the employee annuity application, and as an independent questionnaire to be completed when an individual who is already receiving an employee annuity, becomes entitled to a pension. One response is requested of each respondent. Completion is required to obtain or retain benefits. The RRB proposes no changes to Form G-209.

*Estimate of Annual Respondent Burden*

The estimated annual respondent burden is as follows:
