

reducing the burden, should direct them to the Immigration and Naturalization Service, Policy Directives and Instructions Branch, Immigration and Naturalization Service, Room 4034, 425 I Street, NW., Washington, DC 20536; Attention: Richard A. Sloan, Director, (202)–514–3291.

If additional information is required contact: Mr. Robert B. Briggs, Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, 601 D Street, NW., Patrick Henry Building, Suite 1600, Washington, DC 20530.

Dated: December 14, 2001.

Richard A. Sloan,

Department Clearance Officer, United States Department of Justice, Immigration and Naturalization Service.

[FR Doc. 01–31539 Filed 12–20–01; 8:45 am]

BILLING CODE 4410–10–M

DEPARTMENT OF JUSTICE

Office of Juvenile Justice and Delinquency Prevention

[OJP (OJJDP)–1337C]

Publication of Final Program Plan for Fiscal Year 2002

AGENCY: Office of Juvenile Justice and Delinquency Prevention, Office of Justice Programs, Justice.

ACTION: Notice regarding publication of the Office of Juvenile Justice and Delinquency Prevention's Final Program Plan for fiscal year (FY) 2002.

SUMMARY: The Office of Juvenile Justice and Delinquency Prevention (OJJDP) is publishing this notice to inform the public that it will postpone publication of its FY 2002 Final Program Plan to accommodate any written comments sent through the U.S. mail which may not yet have reached OJJDP due to precautions taken in response to the anthrax attacks.

FOR FURTHER INFORMATION CONTACT: OJJDP at 202–307–5911. [This is not a toll-free number.]

SUPPLEMENTARY INFORMATION: OJJDP's Proposed Program Plan for fiscal year 2002 was published in the **Federal Register** on October 23, 2001 (66 FR 53692–710). The October 23 Notice requested that comments on the Proposed Plan be received by December 7, 2001.

During that time period, however, mail delivery to OJJDP was severely disrupted as a result of the extraordinary circumstances arising from the September 11 terrorist acts and

subsequent anthrax attacks involving the U.S. mail.

OJJDP expects to receive its backlogged mail within the next few weeks. Consequently, in order to properly review, consider, and respond to any comments submitted by the public on its Proposed Plan, OJJDP will delay publication of the FY 2002 Final Program Plan. OJJDP will make every effort to respond to comments in a timely manner and to publish its Final Program Plan in the **Federal Register** in early 2002.

Dated: December 18, 2001.

Terrence S. Donahue,

Acting Administrator, Office of Juvenile Justice and Delinquency Prevention.

BILLING CODE 4410–18–P

DEPARTMENT OF LABOR

Office of the Secretary

Submission for OMB Review; Comment Request

December 13, 2001.

The Department of Labor (DOL) has submitted the following public information collection requests (ICRs) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. chapter 35). A copy of this ICR, with applicable supporting documentation, may be obtained by calling the Department of Labor. To obtain documentation contact Darrin King on (202) 693–4129 or E-mail: *King-Darrin@dol.gov*.

Comments should be sent to Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for OSHA, Office of Management and Budget, Room 10235, Washington, DC 20503 ((202) 395–7316), within 30 days from the date of this publication in the **Federal Register**.

The OMB is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * Enhance the quality, utility, and clarity of the information to be collected; and

- * Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Type of Review: Extension of a currently approved collection.

Agency: Occupational Safety and Health Administration (OSHA).

Title: OSHA Data Initiative (ODI).

OMB Number: 1218–0209.

Affected Public: Business or other for-profit; Farms; and State, Local, or Tribal Government.

Frequency: Annually.

Type of Response: Reporting.

Number of Respondents: 100,175.

Number of Annual Responses:

100,175.

Estimated Time Per Response: 30 minutes.

Total Burden Hours: 48,088.

Total Annualized Capital/Startup Costs: \$0.

Total Annual Costs (operating/maintaining systems or purchasing services): \$0.

Description: In accordance with 29 CFR 1904.41, OSHA is proposing to continue its data initiative to collect occupational injury and illness data and information on the number of workers employed and the number of hours worked from establishments in portions of the private sector and from some state and local government agencies. These data will allow OSHA to calculate occupational injury and illness rates and to focus its efforts on individual workplaces with ongoing series safety and health problems. Successful implementation of the data collection initiative is critical to OSHA's outreach and enforcement efforts and the data requirements tied to the Government Performance and Results Act.

Ira L. Mills,

Departmental Clearance Officer.

BILLING CODE 4510–26–M

DEPARTMENT OF LABOR

Employment and Training Administration

Preliminary Finding of No Significant Impact (FONSI) for the Proposed Relocation of the Cleveland Job Corps Center to be Located at 498 East 140th Street in Cleveland, OH

AGENCY: Employment and Training Administration, Labor.

ACTION: Preliminary Finding of No Significant Impact (FONSI) for the proposed relocation of the Cleveland Job Corps Center to be located at 498 East 140th Street in Cleveland, Ohio.

SUMMARY: Pursuant to the Council on Environmental Quality Regulations (CEQ) (40 CFR part 1500-08) implementing procedural provisions of the National Environmental Policy Act (NEPA), the Employment and Training Administration (ETA) of the Department of Labor (DOL), Office of Job Corps, in accordance with 29 CFR 11.11(d), gives notice that an Environmental Assessment (EA) has been prepared and the proposed plans for the new Cleveland Job Corps Center will have no significant environmental impact, and this Preliminary Finding of No Significant Impact (FONSI) will be made available for public review and comment for a period of 30 days.

DATES: Written comments must be received by January 22, 2002.

ADDRESSES: Any comments are to be submitted to Eric Luetkenhaus, Office of Job Corps, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Ave., NW, Room N4460, Washington, DC 20210, (202) 693-3109 (this is not a toll-free number).

FOR FURTHER INFORMATION CONTACT: Copies of the EA and additional information are available to interested parties by contacting Mr. Stephen Garlington, Regional Director, Region V (Five), U.S. Department of Labor, ETA Office of Youth and Job Corps, Federal Building Room 676, 230 South Dearborn Street, Chicago, IL 60604, (312) 353-2524 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: The proposed Job Corps Center site is located at 498 East 140th Street in Cleveland, Cuyahoga County, Ohio. The 22.5-acre site, situated on the northwest corner of East 140th Street and Coit Road and is currently part of the overall 46.7-acre Water Tower Park Development. The 22.5 acre site consists of an open, nearly level plain. It is located 8 miles east of downtown Cleveland in a multizoned area. The vicinity surrounding the Center consists primarily of single and multi-family residential dwellings, interspersed with commercial/industrial establishments. In addition, the culverted Nine-Mile Creek runs through the center of the site.

The EA indicates that the only structure on the site is a water tower, which was used to maintain water pressure in the former General Motors' facility water system. The water tower

currently is not in use. A structural inspection in 1993 determined that the tower was in good condition. The foundation of the former manufacturing and administrative buildings are located along the south boundary of the site. Fill material was laid down at various depths, on the western quarter of the site. The remaining portion of the site consists of asphalt-paved parking lots, which is in deteriorating condition. The underlying soil is described as Urban Land, which is a soil unit, which has been extensively remodeled with much of it covered with paved surfaces. A large amount of fill material consisting of clay, clay shale and concrete demolition debris has been used to regrade the site. Underlying the Urban Land soil unit is Wisconsin-age Lake Plain material consisting of a fine layering of silt and clay deposits. Underlying the Lake Plain material in this area is a bedrock formation consisting of the Euclid Member of the Devonian-age Ohio shale at a depth of approximately 40 feet. The EA indicates that the area is a poor source for ground water. There are no wetland areas located within the 22.5-acre site.

The proposed new Cleveland Job Corps Center will consist of new buildings in a campus setting. The campus will provide facilities for 350 resident students and 80 nonresident students. Plans include dormitories, academic and vocational classrooms and workshops, administrative offices, dining and food preparation facilities, recreation facilities, storage and support facilities, and medical/dental facilities. Separate male and female dormitory areas will also be provided. The proposed project will be designed and constructed in accordance with the local fire, building, and zoning code requirements.

The construction of Job Corps Center on this parcel would be a positive asset to the area in terms of environmental and socioeconomic improvements and long-term productivity. The proposed Job Corps Center will provide a new source of employment training for the youth in Cleveland, Ohio and the South Collinwood neighborhood. In addition, the Job Corps Program is designed to graduate students to prepare for today's job market and by providing basic education, vocational skills training, work experience, counseling, health care, and related support.

The construction of the Job Corps Center will also have a positive impact on the redevelopment of the Water Tower Park Development and the surrounding neighborhood. It is also expected to result in an increase of area jobs, since personnel will be needed to

provide educational, vocational, custodial, food preparation, and security services.

The proposed project will not have any significant adverse impact on any natural system or resource. There are no "historically significant" buildings nor areas of archaeological significance within the boundaries of the site. There is no documentation of threatened or endangered species on the property. There are a number of public parks and the Lake Erie shoreline within 2.5 miles of the property.

The proposal project will not have any significant adverse impact upon air quality and noise levels. The proposed project would not result in degradation of air quality since no new stationary air pollution sources will be constructed. The proposed facility is not expected to result in a significant increase in vehicular traffic since many of the students will either live at the Center or use public transportation. Noise levels in the area are consistent with residential areas. With the exception of the construction period, the noise from the proposed project will be consistent with residential areas as well.

A medical and dental facility will be part of the on-site Job Corps complex to accommodate students. Therefore, there will be no significant adverse effects upon local medical facilities. The Center will have its own security service and meet the latest in applicable fire code requirements. As a result, no significant impact on emergency, fire, and/or police facilities is expected. No significant impact is expected on city utilities such as water, electric, gas, and sanitary since the occupancy rate of the Cleveland Job Corps Center will be significantly less than that of the former General Motors facility.

The proposed project will not have any significant adverse impacts upon the existing surrounding infrastructure represented by water, sewer, and storm water systems. Adequate water is available through the City of Cleveland. The new facility construction is not expected to increase the storm water discharge since the proposed construction would actually reduce the amount of paved surfaces currently on the site. The new facility will result in an increase in sanitary discharge as compared to current conditions. However, the amount of discharge from the new facility will be much less than that of the former General Motors facility, for which the current sanitary sewer system was originally designed. Overall, the increase in sanitary discharges will not have a negative impact on the existing sanitary sewer

system due to its former use design capability.

Based on the information gathered during the preparation of the EA, the location of the Job Corps Center on the property located at 498 East 140th Street, in Cleveland, Cuyahoga County, Ohio will not create any significant adverse impact on the environment and, therefore, it is recommended that the project continue as proposed. It should be noted that no sampling of the soil, water, air or any man-made material was conducted during the preparation of the EA.

Dated this 17th day of December, 2001.

Brian V. Kennedy,

Deputy National Director, Job Corps.

BILLING CODE 4510-30-M

DEPARTMENT OF LABOR

Employment Standards Administration

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly

understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment Standards Administration is soliciting comments concerning the following forms: Miner's Claim for Benefits Under the Black Lung Benefits Act (CM-911), Employment History (CM-911a); and Miner Medical Reimbursement Form (CM-915).

DATES: Written comments must be submitted to the office listed in the addressee section below within February 19, 2002.

ADDRESSES: Ms. Patricia A. Forkel, U.S. Department of Labor, 200 Constitution Ave., NW., Room S-3201, Washington, DC 20210, telephone (202) 693-0339 (this is not a toll-free number), fax (202) 693-1451, EMail *pforkel@fenix2.dol-esa.gov*.

SUPPLEMENTARY INFORMATION:

I. Background

The Black Lung Benefits Act of 1977, as amended, 30 U.S.C. 901 et. seq., provides for the payment of benefits to coal miners who are totally disabled by black lung disease, and to certain of their survivors. The CM-911 is the application form for benefits. The CM-911a, which is completed along with the CM-911, renders a complete history of employment and is used to establish employment criteria for benefit eligibility. Under the program, miners are eligible for reimbursement of out-of-pocket medical expenses for treatment and for medical expenses incurred in the development of a claim. The CM-915 is used to request such reimbursement.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The Department of Labor seeks the approval of the extension of this information collection in order to carry out its responsibility to determine eligibility for black lung benefits.

Type of Review: Extension.

Agency: Employment Standards Administration.

Titles: Miner's Claim for Benefits Under the Black Lung Benefits Act; Employment History; Miner Medical Reimbursement Form.

OMB Number: 1215-0052.

Agency Numbers: CM-911, CM-911a, CM-915.

Affected Public: Individuals or households; Businesses or other for-profit.

Frequency: On occasion.

Total Respondents/Responses: 20,200.

Estimated Total Burden Hours: 9,116.

| Form Hours | Respondents/Responses | Time per response | Burden hours |
|---------------|-----------------------|-------------------|--------------|
| CM-911 | 4,800 | 45 min | 3,600 |
| CM-911a | 5,900 | 40 min | 3,933 |
| CM-915 | 9,500 | 10 min | 1,583 |

Total Burden Cost (capital/startup): \$0.

Total Burden Cost (operating/maintenance): \$4,171.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: December 14, 2001.

Margaret J. Sherrill,

Chief, Branch of Management Review and Internal Control, Division of Financial Management, Office of Management, Administration and Planning, Employment Standards Administration.
