SUPPLEMENTARY INFORMATION:

I. Background

The Black Lung Benefits Act of 1977, as amended, 30 U.S.C. 901 et. seq., provides for the payment of benefits to coal miners who are totally disabled by black lung disease, and to certain of their survivors. The CM-911 is the application form for benefits. The CM-911a, which is completed along with the CM-911, renders a complete history of employment and is used to establish employment criteria for benefit eligibility. Under the program, miners are eligible for reimbursement of out-of-pocket medical expenses for treatment and for medical expenses incurred in the development of a claim. The CM-915 is used to request such reimbursement.
