SUPPLEMENTARY INFORMATION:

Affected entities: Entities potentially affected by this action are those which are authorized to manage the federal Hazardous waste program.

Title: Final Authorization for Hazardous Waste Management Programs, (OMB Control No. 2050-0041, ICR No. 969.) expiring May 31, 2002.

Abstract: In order for a State to obtain final authorization for a State hazardous waste program or to revise its previously authorized program, it must submit an official application to the EPA Regional office for approval. The purpose of the application is to enable EPA to properly determine whether the State's program meets the requirements of section 3006 of RCRA.

A State with an approved program may voluntarily transfer program responsibilities to EPA by notifying EPA of the proposed transfer, as required by section 271.23. Further, EPA may withdraw a State's authorized program under section 271.23.

State program revision may be necessary when the controlling Federal or State statutory or regulatory authority is modified or supplemented. In the event that the State is revising its program by adopting new Federal requirements, the State shall prepare and submit modified revisions of the program description, Attorney General's statement, Memorandum of Agreement, or such other documents as EPA determines to be necessary. The State shall inform EPA of any proposed modifications to its basic statutory or regulatory authority in accordance with section 271.21. If a State is proposing to transfer all or any part of any program

from the approved State agency to any other agency, it must notify EPA in accordance with section 271.21 and submit revised organizational charts as required under section 271.6, in accordance with section 271.21. These paperwork requirements are mandatory under § 3006(a). EPA will use the information submitted by the State in order to determine whether the State's program meets the statutory and regulatory requirements for authorization. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automatic electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 632 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Estimated Number of Respondents: 50.

Frequency of Response: 18.

Estimated Total Annual Burden

Hours: 11,376 hours.

Estimated Total Annualized Cost Burden: \$619,541.

Dated: December 17, 2001.

Technical Briefing on the Preliminary Organophosphate Pesticide Cumulative Risk Assessment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is announcing a public technical briefing on January 15, 2002, to discuss the exposure methodologies proposed for use in the organophosphate (OP) cumulative risk assessment for food, drinking water, and residential exposures. The briefing will provide the public with an explanation in non-technical terms of the proposed exposure methodologies. In addition, the briefing will cover how the computer software model calculates and combines these exposure estimates. This briefing follows the August 22, 2001, briefing on the hazard portion of the assessment, the October 3, 2001, briefing on the water exposure methodology, and the November 15, 2001, briefing on the food and residential methodologies. This technical briefing will complete the background briefings on the proposed OP cumulative risk assessment methodology.

DATES: The technical briefing will be held on Tuesday, January 15, 2002, from 9 a.m. to 5 p.m. On Wednesday, January 16, 2002, from 9 a.m. to 4 p.m., EPA and the U.S. Department of Agriculture will hold a public meeting of the CARAT Workgroup on Cumulative Risk Assessment/Public Participation Process.

ADDRESSES: The technical briefing and the CARAT Workgroup Meeting will be held at the Hilton Alexandria Old Town, 1767 King Street, Alexandria, VA. The telephone number for the hotel is (703) 837-0440. The hotel is located across from the King Street Metro Station.

FOR FURTHER INFORMATION CONTACT: By mail: Karen Angulo, Special Review and Registration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (703) 308-8004; e-mail address: angulo.karen@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action applies to the public in general. As such, the Agency has not attempted to specifically describe all the entities potentially affected by this action. The Agency believes that a wide range of stakeholders will be interested in technical briefings on organophosphate pesticides, including environmental, human health, and agricultural advocates, the chemical industry, pesticide users, and members of the public interested in the use of pesticides on food. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

1. *Electronically.* You may obtain electronic copies of this document, and certain other related documents that might be available electronically, from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations," "Regulations and Proposed Rules," and then look up the entry for this document under the "**Federal Register—Environmental Documents.**" You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

To access information about organophosphate pesticides, you can also go directly to the Home Page for the Office of Pesticide Programs (OPP) at <http://www.epa.gov/pesticides/op/>. In addition, information about the cumulative process and the preliminary organophosphate cumulative risk assessment documents are found at <http://www.epa.gov/pesticides/cumulative>.

2. *In person.* The Agency has established an official record under docket control number OPP-34251. The official record consists of the documents specifically referenced in this action, and other information related to this action, including any information claimed as Confidential Business Information (CBI). This official record

includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period is available for inspection in the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA, from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The PIRIB telephone number is (703) 305-5805.

II. How Can I Request to Participate in this Meeting?

This meeting is open to the public. Outside statements by observers are welcome. Oral statements will be limited to 3 to 5 minutes, and it is preferred that only one person per organization present the statement. Any person who wishes to file a written statement may do so immediately before or after the meeting. These statements will become part of the permanent record and will be available for public inspection at the address listed in Unit I. of this document.

EPA Science Advisory Board; Notification of Public Advisory Committee Meetings

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Environmental Engineering Committee (EEC) of the US EPA Science Advisory Board (SAB) will meet via public teleconference on the dates and times noted below. All times noted are Eastern Time. All meetings are open to the public, however, seating is limited and available on a first come basis.

Important Notice: Documents that are the subject of SAB reviews are normally available from the originating EPA office

and are not available from the SAB Office—information concerning availability of documents from the relevant Program Office (if any) is included below. Subsequent teleconference meetings of the EEC are planned for March 13, 2002, May 1, 2002, July 3, 2002, September 4, 2002 and November 6, 2002. Information concerning these meetings will appear in future **Federal Register** notices.

1. Environmental Engineering Committee (EEC)—January 30, 2002

The Environmental Engineering Committee of the US EPA Science Advisory Board (SAB), will conduct a public teleconference meeting on January 30, 2002 in Room 6450C location, USEPA, Ariel Rios Building North, 1200 Pennsylvania Avenue, NW, Washington, DC 20004. The meeting will begin at 12:00 pm and adjourn no later than 2:00 pm. The meeting will be coordinated through a conference call connection in Room 6450C, USEPA, Ariel Rios Building North, 1200 Pennsylvania Avenue, NW, Washington, DC 20004. The public is encouraged to attend the meeting in the conference room noted above, however, the public may also attend through a telephonic link if lines are available. Additional instructions about how to participate in the conference call can be obtained by calling Mary Winston (see contact information below).

Purpose of the Meeting

The primary purpose of this meeting will be to review for approval the reports of the EEC's Surface Impoundments Study Subcommittee and the Risk Reduction Options Selection Subcommittee, if available. If the reports are not available, the time will be used to update the EEC on other activities of the SAB and for planning the committee's FY2002 activities. The Surface Impoundments Study Subcommittee reviewed Industrial Surface Impoundments in the United States for the Office of Solid Waste as announced in **Federal Register** notices 66 FR 30917-30920 June 8, 2001 and 66 FR 9671-49672 September 28, 2001. At the request of the Committee, the Risk Reduction Options Selection Subcommittee has prepared an update of the risk reduction options selection methodology first proposed in the SAB's Toward Integrated Environmental Decision-Making (EPA-SAB-EC-00-011—Please see <http://www.epa.gov/sab/ecirp011.pdf>).
