SUPPLEMENTARY INFORMATION: Before FTA may award a Federal grant or cooperative agreement, the Applicant must provide to FTA all certifications and assurances pertaining to itself or its project as required by Federal laws and regulations. The requisite certifications and assurances must be submitted to FTA irrespective of whether the project is financed under the authority of 49 U.S.C. chapter 53, or title 23, United States Code, or another Federal statute.

The Applicant's Annual Certifications and Assurances for Federal Fiscal Year 2002 cover all projects for which the Applicant seeks funding during that fiscal year. An Applicant's Annual Certifications and Assurances applicable to a specific grant or cooperative agreement generally remain in effect either for the life of the grant or cooperative agreement to closeout, or for the life of the project or project property when a useful life or industry standard life is in effect, whichever occurs later; except, however, if in a later year, the Applicant provides certifications and assurances that differ from the certifications and assurances previously made, the later certifications and assurances will apply to the grant, cooperative agreement, project, or project property, except as FTA otherwise permits.

Background

Since Federal Fiscal Year 1995, FTA has been consolidating the various certifications and assurances that may be required into a single document. FTA intends to continue publishing this document annually in conjunction with its publication of the FTA annual apportionment Notice, which allocates funds made available by the latest U.S. Department of Transportation (U.S. DOT) annual appropriations act.

Federal Fiscal Year 2002 Changes

The following changes have been made:

(1) In Certification 1.J(18), a reference to the latest OMB A-133 Compliance

Supplement provisions for the Department of Transportation, dated March 2001 has been substituted for the previous compliance supplement.

(2) In Certification 10, new FTA regulations, "Prevention of Alcohol Misuse and Prohibited Drug Use in Transit Operations," 49 CFR part 655, replace FTA's former separate drug and alcohol regulations.

(3) A new Intelligent Transportation Systems Program Assurance, (Number 12) has been added to cover the provisions of Section VII of FTA Notice, "FTA National ITS Architecture Policy on Transit Projects" 66 FR 1455 *et seq.*, January 8, 2001. Accordingly, former Certifications 12, 13, 14, and 15 have been renumbered 13, 14, 15, and 16.

(4) In Certification 16, a reference to Federal guidance was substituted for the reference to FTA guidelines because it is unlikely that FTA will issue State Infrastructure Bank guidelines.

Text of Federal Fiscal Year 2002 Certifications and Assurances

A detailed compilation of the provisions of the Certifications and Assurances and the Signature Page as set forth in Appendix A of this Notice, also appears in the "Cert's & Assurances" tab page of FTA's electronic award and management system. It is important that each Applicant be familiar with all sixteen (16) certification and assurance categories contained in this Notice, as they may be a prerequisite for receiving FTA financial assistance. Provisions of this Notice supersede conflicting statements in any circular containing a previous version of the Annual Certifications and Assurances. The certifications and assurances contained in those circulars are merely examples, and are not acceptable or valid for Federal Fiscal Year 2002; do not rely on the statements within certifications and assurances appearing in circulars.

Significance of Certifications and Assurances

Selecting and submitting certifications and assurances to FTA, either through FTA's electronic award and management system or submission of the Signature Page of Appendix A, signifies the Applicant's intent to comply with the requirements of those certifications and assurances to the extent they apply to a program for which the Applicant submits an application for assistance in Federal Fiscal Year 2002.

Requirement for Attorney's Signature

FTA requires a current (Federal Fiscal Year 2002) attorney's affirmation of the

Applicant's legal authority to certify compliance with the funding obligations in this document. Irrespective of whether the Applicant chooses to make a single selection for all 16 categories or select individual options from the 16 categories, the attorney's signature from a previous year is not acceptable.

Deadline for Submission

All Applicants for FTA capital investment program or formula program assistance, and current grantees with an active project financed with FTA capital investment program or formula program assistance, are expected to provide Federal Fiscal Year 2002 Certifications and Assurances within 90 days from the date of this publication or with its first grant application in Fiscal Year 2002, whichever is first. Other Applicants are encouraged to submit their certifications and assurances as soon as possible.

Preference for Electronic Submission

FTA has expanded the use of the electronic programs for Applicants, first introduced in 1995. FTA expects Applicants registered in FTA's electronic award and management system to submit their applications as well as certifications and assurances electronically through FTA's electronic award and management system. Only if an Applicant is unable to submit its certifications and assurances through FTA's electronic award and management system should the Applicant use the Signature Page form in Appendix A of this Notice.

Procedures for Electronic Submission

The "Cert's & Assurances" tab page of FTA's electronic award and management system contain fields for selecting the certifications and assurances to be submitted. Within that tab page are fields for the Applicant's authorized representative and its attorney to enter their personal identification numbers (PINs), and thus "sign" the certifications and assurances for electronic transmission to FTA. In certain circumstances, the Applicant may enter its PIN number in lieu of an electronic signature provided by its Attorney, provided the Applicant has on file the Affirmation of its Attorney in writing dated this Federal fiscal year as set forth in Appendix A of this Notice. Applicants may contact the appropriate Regional Office listed in this Notice or the Helpdesk for FTA's electronic award and management system for more information.

Procedures for Paper Submission

The following procedures apply to an Applicant that is unable to submit its

certifications electronically. The Applicant must mark the certifications and assurances it is making on the Signature Page form in Appendix A of this Notice and submit it to FTA. The Applicant may signify compliance with all Categories by placing a single mark in the appropriate space at the top of the Signature Selection Page in Appendix A. In certain circumstances, the Applicant may certify in lieu of the signature of its Attorney, provided the Applicant has on file the Affirmation of its Attorney in writing dated this Federal fiscal year as set forth in Appendix A of this Notice. Applicants may contact the appropriate Regional Office listed in this Notice for more information.

Federal Fiscal Year 2002 Certifications and Assurances for Federal Transit Administration Assistance Programs

In accordance with 49 U.S.C. 5323(n), the following certifications and assurances have been compiled for Federal Transit Administration (FTA) programs. FTA requests each Applicant to provide as many certifications and assurances as needed to cover all programs for which it will seek FTA assistance in Federal Year 2002. FTA strongly encourages the Applicant to submit its certifications and assurances through FTA's electronic award and management system.

The 16 Categories of certifications and assurances are listed by numbers 1 through 16 on the Cert's & Assurances tab page of the FTA electronic award and management system and on the opposite side of the Signature Page at the end of this document. Categories 2 through 16 will apply to some, but not all, applicants. The designation of the 16 categories corresponds to the circumstances mandating submission of specific certifications, assurances, or agreements.

1. Certifications and Assurances Required of Each Applicant

Each Applicant for FTA assistance awarded must provide all certifications and assurances in this Category "1." FTA may not award any Federal assistance until the Applicant provides these certifications and assurances by selecting Category "1."

A. Authority of Applicant and Its Representative

The authorized representative of the Applicant and attorney who sign these certifications, assurances, and agreements affirm that both the Applicant and its authorized representative have adequate authority under state and local law and the by-laws or internal rules of the Applicant organization to:

- (1) Execute and file the application for Federal assistance on behalf of the Applicant;
- (2) Execute and file the required certifications, assurances, and agreements on behalf of the Applicant binding the Applicant; and
- (3) Execute grant agreements and cooperative agreements with FTA on behalf of the Applicant.

B. Standard Assurances

The Applicant assures that it will comply with all applicable Federal statutes, regulations, executive orders, FTA circulars, and other Federal administrative requirements in carrying out any project supported by the FTA grant or cooperative agreement. The Applicant agrees that it is under a continuing obligation to comply with the terms and conditions of the grant agreement or cooperative agreement issued for its project with FTA. The Applicant recognizes that Federal laws, regulations, policies, and administrative practices might be modified from time to time and they may affect the implementation of the project. The Applicant agrees that the most recent Federal requirements will apply to the project, unless FTA issues a written determination otherwise.

C. Debarment, Suspension, and Other Responsibility Matters for Primary Covered Transactions

As required by U.S. DOT regulations on Governmentwide Debarment and Suspension (Nonprocurement) at 49 CFR 29.510:

- (1) The Applicant (Primary Participant) certifies, to the best of its knowledge and belief, that it and its principals:
 - (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - (b) Have not, within a three (3) year period preceding this certification, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) transaction or contract under a public transaction, violation of Federal or state antitrust statutes, or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

 - (d) Have not within a three-year period preceding this certification had one or more

public transactions (Federal, state, or local) terminated for cause or default.

(2) The Applicant also certifies that, if it later becomes aware of any information contradicting the statements of paragraph (1) above, it will promptly provide that to FTA.

(3) If the Applicant (Primary Participant) is unable to certify to all statements in paragraphs (1) and (2) of this certification, it shall indicate so in its applications, or in the transmittal letter or message accompanying its annual certifications and assurances, and provide a written explanation to FTA.

D. Drug-Free Workplace Agreement

As required by U.S. DOT regulations, "Drug-Free Workplace Requirements (Grants)," 49 CFR part 29, Subpart F, and as modified by 41 U.S.C. 702, the Applicant agrees that it will provide a drug-free workplace by:

(1) Publishing a statement notifying its employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in its workplace and specifying the actions that will be taken against its employees for violation of that prohibition;

(2) Establishing an ongoing drug-free awareness program to inform its employee about:

(a) The dangers of drug abuse in the workplace;

(d) The penalties that may be imposed upon its employees for drug abuse violations occurring in the workplace;

(3) Making it a requirement that each of its employees to be engaged in the performance of the grant or cooperative agreement be given a copy of the statement required by paragraph (1) of this certification;

(4) Notifying each of its employees in the statement required by paragraph (1) of this certification that, as a condition of employment financed with Federal assistance provided by the grant or cooperative agreement, the employee will be required to:

The Applicant, as employer of any convicted employee, must provide notice, including position title, to every project officer or other designee on whose project activity the convicted employee was working. Notice shall include the identification number(s) of each affected grant or cooperative agreement;

(6) Taking one of the following actions within thirty (30) calendar days of receiving notice under paragraph (4)(b) of this agreement with respect to any employee who is so convicted:

(b) Requiring that employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, state, or local health, law enforcement, or other appropriate agency; and

(7) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (1), (2), (3), (4), (5), and (6) of this agreement. The Applicant agrees to maintain a list identifying its headquarters location and each workplace it maintains in which project activities supported by FTA are conducted, and make that list readily accessible to FTA.

E. Intergovernmental Review Assurance

The Applicant assures that each application for Federal assistance it submits to FTA has been or will be submitted for intergovernmental review to the appropriate state and local agencies in accordance with applicable state requirements. The Applicant also assures that it has fulfilled or will fulfill the obligations imposed on FTA by U.S. DOT regulations, "Intergovernmental Review of Department of Transportation Programs and Activities," 49 CFR part 17.

(1) The Applicant assures that each project will be conducted, property acquisitions will be undertaken, and project facilities will be operated in accordance with all applicable requirements of 49 U.S.C. 5332 and 49 CFR part 21, and understands that this assurance extends to its entire facility and to facilities operated in connection with the project.

(3) The Applicant assures that it will promptly take the necessary actions to effectuate this assurance, including notifying the public that complaints of discrimination in the provision of transportation-related services or benefits may be filed with U.S. DOT or FTA. Upon request by U.S. DOT or FTA, the Applicant assures that it will submit the required information pertaining to its compliance with these requirements.

(4) The Applicant assures that it will make any changes in its 49 U.S.C. 5332 and Title VI implementing procedures as U.S. DOT or FTA may request.

(16) Complied with or will comply with all assurances FTA requires for projects involving real property;

(17) Complied with, or to the extent required by FTA, will comply with, applicable FTA Intelligent Transportation System (ITS) architecture requirements; and

(18) Complied with, or to the extent required by FTA will comply with, applicable anti-drug and alcohol program requirements.

F. Unless otherwise noted, each of the subrecipient's projects qualifies for a categorical exclusion and does not require further environmental approvals, as described in the joint FHWA/FTA regulations, "Environmental Impact and Related Procedures," at 23 CFR 771.117(c). The state certifies that financial assistance will not be provided for any project that does not qualify for a categorical exclusion described in 23 CFR 771.117(c) until FTA has made the required environmental finding. The state further certifies that no financial assistance will be provided for a project requiring a conformity finding in accordance with the Environmental Protection Agency's Clean Air Conformity regulations at 40 CFR parts 51 and 93, until FTA makes the required conformity finding.

G. The state will enter into a written agreement with each subrecipient stating the terms and conditions of assistance by which the project will be undertaken and completed.

H. The state recognizes the authority of FTA, U.S. DOT, and the Comptroller General of the United States to conduct audits and reviews to verify compliance with the foregoing requirements and stipulations, and assures that, upon request, the State and its subrecipients will make the necessary records available to FTA, U.S. DOT and the Comptroller General of the United States. The state also acknowledges its obligation under 49 CFR 18.40(a) to monitor project activities carried out by its subrecipient to assure compliance with applicable Federal requirements.

I. As required by 49 U.S.C. 5311(f), the state will expend not less than fifteen (15) percent of the Federal assistance authorized for 49 U.S.C. 5311(f) and apportioned during this fiscal year to carry out a program to develop and support intercity bus transportation, unless the chief executive officer of the state or his or her duly authorized designee certifies that the intercity bus service needs of the state are being adequately met.

16. Certifications and Assurances for the State Infrastructure Bank Program

An Applicant for a grant of Federal assistance for deposit in the State Infrastructure Bank (SIB) must provide the following certifications and assurances. In providing certifications and assurances on behalf of its prospective subrecipients, the Applicant is expected to obtain sufficient documentation from those subrecipients to assure the validity of its certifications and assurances. FTA may not award assistance for the State Infrastructure Bank program to the Applicant until the Applicant provides these certifications and assurances by selecting Categories "1" through 11," and "16."

The state serving as the Applicant for Federal assistance for the Transit Account of its State Infrastructure Bank (SIB) program authorized by either section 350 of the National Highway System Designation Act of 1995, as amended, 23 U.S.C. 101 note, or the State Infrastructure Bank Pilot Program, 23 U.S.C. 181 note, certifies and assures that the following requirements and conditions will be fulfilled pertaining to any project financed with Federal assistance derived from the Transit Account of the SIB:

A. The state organization serving as the Applicant (state) agrees and assures the agreement of the SIB and each recipient of Federal assistance derived from the Transit Account of the SIB within the state (subrecipient) that each Project financed with Federal assistance derived from the Transit Account will be administered in accordance with the:

(1) Applicable provisions of section 350 of the National Highway System Designation Act of 1995, as amended, 23 U.S.C. 101 note, or of the State Infrastructure Bank Pilot Program, 23 U.S.C. 181 note, and any further amendments thereto;

(2) Provisions of any applicable Federal guidance that may be issued;

(3) Terms and conditions of Department of Labor Certification(s) of Transit Employee Protective Arrangements that are required by Federal law or regulations;

(4) Provisions of FHWA and FTA cooperative agreement with the state to establish the state's SIB program; and

(5) Provisions of the FTA grant agreement with the state that obligating Federal assistance for the SIB, except that any provision of the Federal Transit Administration Master Agreement incorporated by reference into that grant agreement will not apply if it conflicts with any provision of National Highway System Designation Act of 1995, as amended, 23 U.S.C. 101 note, or section 1511 of TEA-21, as amended, 23 U.S.C. 181 note, and Federal guidance on SIBs, the provisions of the cooperative agreement establishing the SIB program within the state, or the text within the FTA grant agreement.

B. The state agrees to comply with and assures the compliance of the SIB and each subrecipient of assistance under the SIB with all applicable requirements for the SIB program, as those requirements may be amended from time and time. Pursuant to the requirements of subsection 1511(h)(2) of TEA-21, 23 U.S.C. 181 note, applicants for

assistance authorized by the state Infrastructure Bank Pilot Program agree that previous cooperative agreements entered into with states under section 350 of the National Highway System Designation Act of 1995, as amended, 23 U.S.C. 101 note, will be revised to comply with new requirements.

C. The state assures that the SIB will provide Federal assistance from its Transit Account only for transit capital projects eligible under section 350 of the National Highway System Designation Act of 1995, as amended, 23 U.S.C. 101 note or under section 1511 of TEA-21, 23 U.S.C. 181 note, and that those projects will fulfill all requirements imposed on comparable capital transit projects financed by FTA.

D. The state understands that the total amount of funds to be awarded for a grant agreement will not be immediately available for draw down. Consequently, the state assures that it will limit the amount of Federal assistance it draws down for deposit in the SIB to amounts that do not exceed the limitations specified in the underlying grant agreement or the approved project budget for that grant agreement.

E. The state assures that each subrecipient has or will have the necessary legal, financial, and managerial capability to apply for, receive, and disburse Federal assistance authorized by Federal statute for use in the SIB, and to implement, manage, operate, and maintain the project and project property for which such assistance will support.

F. The state recognizes that the SIB, rather than the state itself, will be ultimately responsible for implementing many Federal requirements covered by the certifications the state has signed. Having taken appropriate measures to secure the necessary compliance by the SIB, the state assures, on behalf of the SIB, that:

(1) The SIB has complied or will comply with all applicable civil rights requirements;

(2) The SIB has complied or will comply with applicable requirements of U.S. DOT regulations on participation of disadvantaged business enterprise in U.S. DOT programs;

(3) The SIB will provide Federal assistance only to a subrecipient that is either a public or private entity recognized under state law as having the legal capability to contract with the state to carry out its proposed project;

(4) Before the SIB enters into an agreement with a subrecipient under which Federal assistance will be disbursed to the subrecipient, the subrecipient's project is included in the Statewide Transportation Improvement Program; all projects in urbanized areas recommended for approval are included in the annual element of the metropolitan Transportation Improvement Program in which the subrecipient is located;

a certification that an opportunity for a public hearing has been provided;

(5) The SIB will not provide Federal financial assistance for any project that does not qualify for a categorical exclusion described in 23 CFR 771.117(c) until the required Federal environmental finding has been made. Moreover, the SIB will provide no financial assistance for a project requiring a conformity finding in accordance with the Environmental Protection Agency's Clean Air Conformity regulations at 40 CFR parts 51 and 93, until the required Federal conformity finding has been made;

(6) Before the SIB provides Federal assistance for a transit project, each subrecipient will have complied with the applicable transit employee protective provisions of 49 U.S.C. 5333(b) as required for that subrecipient and its project; and

(7) The SIB will enter into a written agreement with each subrecipient stating the terms and conditions of assistance by which the project will be undertaken and completed, including specific provisions that any security or debt financing instrument the SIB may issue will contain an express statement that the security or instrument does not constitute a commitment, guarantee, or obligation of the United States.

H. The state recognizes that the subrecipient, rather than the state itself, will be ultimately responsible for implementing many Federal requirements covered by the certifications the state has signed. Having taken appropriate measures to secure the necessary compliance by the SIB and each subrecipient, the state assures, on behalf of each subrecipient, that each subrecipient has:

(1) Complied or will comply with all applicable civil rights requirements;

(2) Complied or will comply with applicable requirements of U.S. DOT regulations on participation of disadvantaged business enterprise in U.S. DOT programs;

(3) Complied or will comply with Federal requirements regarding transportation of elderly persons and persons with disabilities;

(4) Complied or will comply with the applicable transit employee protective provisions of 49 U.S.C. 5333(b) as required for that subrecipient and its project;

(8) Established or will establish a procurement system and conducted or will conduct its procurements in compliance with all applicable requirements imposed by Federal laws, executive orders, or regulations and the requirements of FTA Circular 4220.1D, "Third Party Contracting Requirements," and other implementing requirements FTA may issue;

(9) Complied or will comply with the requirement that its project provides for the participation of private mass transportation companies to the maximum extent feasible;

(10) Paid or will pay just compensation under state or local law to each private mass transportation company for its franchise or property acquired under the project;

(11) Complied or will comply with all applicable lobbying requirements for each application exceeding \$100,000;

(12) Complied or will comply with all nonprocurement suspension and debarment requirements;

(13) Complied with or will comply with all applicable bus testing requirements for new bus models;

(14) Complied with or will comply with all applicable pre-award and post-delivery review requirements;

(15) Complied with or will comply with all assurances FTA requires for projects involving real property;

(16) Complied with, or to the extent required by FTA, will comply with, applicable FTA Intelligent Transportation System (ITS) architecture requirements; and

(17) Complied with, or to the extent required by FTA will comply with, applicable anti-drug and alcohol program requirements.

I. The state recognizes the authority of FTA, U.S. DOT, and the Comptroller General of the United States to conduct audits and reviews to verify compliance with the foregoing requirements and stipulations, and assures that, upon request, the SIB and its subrecipients, as well as the states, will make the necessary records available to FTA, U.S. DOT and the Comptroller General of the United States. The state also acknowledges its obligation under 49 CFR 18.40(a) to monitor project activities carried out by the SIB and its subrecipients to assure compliance with applicable Federal requirements.
